Melanie's Thoughts

Melanie Wait
Principal

Thank You

I would like to take this opportunity to congratulate each and every one of our students on their efforts this year. I can honestly say that each child has grown and matured during the year. To have the opportunity to watch that and see the genuine improvements in our students is a great privilege and a wonderful part of my role as Principal. Congratulations to all of you.

I must also thank all our parents, in my opinion we are very lucky to have such a supportive parent body. The initiatives and activities that parents support and help out with continues to amaze me. We continue to offer a vast range of wonderful opportunities and activities for our students and your support makes sure that these activities are a success. I would like to take this opportunity to wish all members of our school community a

safe and happy holiday. I look forward to working with you again in 2013.

Dr Bill Rogers

On Wednesday the 12th of December, Dr Bill Rogers, classroom management expert, will be working with all the teaching staff from Tooleybuc Central School. This is a fantastic opportunity for our teachers to have access to a 'guru' in the classroom management field and will continue to enhance the already strong behaviour management skills of our teachers. As all of our teachers will be involved in this day, there will be minimal supervision at school and alternative activities have been organised.

Swim School

Next week our annual Swim School Program will take place. Learning to swim is an important skill for all of our students and we encourage everyone to participate in this program.

Presentation Day and Night

Our Presentation Day and Night will be held on Monday the 10th of December. All parents and community members are invited and encouraged to attend both of these events. They will be a wonderful opportunity to showcase the achievements of our students.

Emma with her Gold Medal from the State Games.
Emma came 6th at the National.

Well done Emma we are all very proud of your achievements.

Congratulations to Emma

This week Emma represented our school at the National Athletics Championship in Adelaide and she received a 6th place. This is a wonderful achievement. Emma we are all very proud of you!

Orientation and Transition Days

Over the last fortnight we have held our last Orientation and Transitions for our Kindergarten students and our Year 6 students' transitioning to Secondary School. Thank you to all the parents who attended these parent information sessions. If you still have questions or need any further information please don't hesitate to contact me at the school.

2013 Organisation

Currently planning is underway for the 2013 school year. For Primary to be funded by the DEC for 4 teachers the cut off is 78 students. Our anticipated primary enrolments are currently very close to that cut off. As a result we have decided that we will fund a 4th class for 2013 from school funds if we don't reach the cut off. This is at a significant cost to the school. This will ensure that all students have small class size and are in 'staged' classes. The class structure will be: Kindergarten, Year One/Two, Year Three/Four and Year Five/Six.

End of Term Organisation

As the end of the school year draws to a close there are a number of alternate activities that are occurring in our school. Please remember that all Stage 6 students who have begun the Focused HSC for 2013 will be participating in normal lessons up to Friday the 14th of December. During Week 10 there will be a range of celebrations including Presentation Day and Night, Reward Excursions, 200 Nights Reading Morning Tea and several other things. Keep an eye on the calendar and a look out for notes explaining variations to normal routines. The 2013 school year ends for students on Wednesday the 19th of December.

Xmas Party

Once again we have been successful in receiving funding for the Wilcannia Forbes Diocese to fund our annual Christmas Party. On Monday the 10th of December following our Whole School Assembly, all students will have a lunch at the Tooleybuc Sporting Club. This is a wonderful culmination of the school year. We thank the Dioceses for their generous donation.

Water Wanted to Buy

The school needs to purchase 50 megs permanent general security water for the School Agriculture Plot. Please contact the school if you are able to help.

Syzygy

The 2012 School magazine, The Syzygy, is being prepared for printing at the present moment. The magazine is a collection of student's work and photographs of events throughout the year. It is a wonderful record of the 2012 school year for students to keep as a memento.

Copies of the Syzygy must be pre-ordered. The cost is \$15.00. There will not be any spare copies available for purchase.

Magazines will be available to be picked up on Presentation Night, 10th December 2012.

Please return the order form and money to the front office no later than Monday 3rd December, 2012.

Merit Scheme

To reward our students' positive behaviour Tooleybus Central School runs a strong Merit Scheme. Students are awarded 'Merit Awards' during the school year and an accumulation of these merits equates to levels.

Bronze Level	10 Merits
Silver Level	Bronze plus and extra 20 Merits
Gold Level	Silver plus an extra 30 Merits.

Primary students are given a 'Lucky Dip' at the achievement of each level, secondary students are given a \$2.00 voucher to spend at the canteen, then primary and secondary are presented with a certificate at our Whole School Assembly. Those students who achieve Gold Level are invited to attend our End of Year Merit Excursion.

Primary News

Simon Dunn (Assistant Principal)

Kindergarten/Year One

Andrea Hazlett (Class Teacher)

Kindergarten and Year One have been busy during this term. We have been enjoying the science unit 'Mini Beasts' in Science. They have enjoyed collecting small creatures such as lady beetles and snails. Students then studied the bodies of these small creatures drawing and labelling.

Quin's diagram of a worm 'Mini Beast'.

Year 2-3-4

Michelle Jenvey (Class Teacher)

After 'raising' plume moths over a period of 6 weeks students have come to the realisation that some things in nature are not there for a long time. Students watered the horehound plants regularly so that they could provide food for the plume moth caterpillars in their isolation chamber. Many moths hatched, laid eggs and died during the 6 week period. The Wakool Shire Council Weed Control Officer, Mr Battenally, came back on Monday 19th November to help with the release of the remaining moths and caterpillars which appeared to be very successful.

Students gathered around the release site.

Year 4-5-6

Simon Dunn (Class Teacher)

It seems like only 2 months ago I met a group of excited students for the first time and we are now nearly at the end of the year.

This term has been a very busy one with not one but two excursions, visits from the travelling art gallery, all year 5 student nominating themselves for the Young Leader position, the Aspire Me Camp in Sydney, the National PSSA Athletics Carnival, Moulamein District PSSA Tennis Trials, orientation for the current Year 6 and future Kindergarten classes. We still have swim school, the gold excursion, Presentation Night, Whole School Assembly and Christmas lunch as well as the Outback Theatre For Young People running some drama workshops with all of the primary students to come.

It has been a very busy year and everyone in the class has shown some significant improvements throughout the year.

I would like to thank all of the parents for their support throughout the year whether you have been classroom helpers, professional taxi drivers or encouraging your children with home reading and learning activities. Without your support this year would not have been as successful as it was. I look forward to seeing everyone back next year and wish the current Year 6 all the best for the start of their high school education.

Ben, Jack, Murray and Brett working on their Mural designs.

Secondary News

Bruce Neild (Head Teacher)

Directions for 2013

Continuing with our new model for the delivery of the HSC will see us provide additional support to students through the introduction of a mentoring program for students who choose to seek additional one-to-one support with planning for study and managing their time.

For all students there will be a renewed focus on the application of the How 2 Learn strategy in our school. We will do more student surveys and the improvement of feedback mechanisms should help students continue with their improvement. We will also implement a cross-curricular assessment model for Stage 4 students to reduce the number of assessments for Years 7 and 8 while helping students to make connections between areas of their learning.

English Year 7

The year began with a study of John Marsden's novel 'Tomorrow When The War Began' and writing diary entries. This progressed to reading a range of poetry from different cultures and times. In second semester we completed a close study of film and examined how meaning is constructed in different ways using film and its moral ideas. This led on to students' producing their own film with the winner being aired on Performance Night. Students completed a study of a post-modern picture book using questioning techniques and then went on to produce their own picture book with their own message.

English 9 and 10

In English students started with a media unit focusing on improving their arguing skills, followed by a close study of Steinbeck's classic novella, *Of Mice and Men*. In second semester students performed a critical study of Alfred Hitchcock's *Psycho*, creating some excellent posters to demonstrate both their knowledge of film technique and critical literacy concepts. This was followed by an examination of some science fiction concepts in literature.

History 7 and 8

Students in Years 7 and 8 enjoyed studying the Aztecs in particular this year, which was part of a unit of Colonisation and Contact History, where the colonisation of Central America was compared to the colonisation of Australia. Students also studied some of the core concepts of history, did some archaeology and studied Ancient Egypt. Next year, History for Years 7 and 8 will focus on the period between ancient and modern civilisations.

History 9 and 10

Australian History of the 20th century is the focus for students in Years 9 and 10, but this year in this class we also devoted a significant amount of time to developing research and independent learning skills. Students studied summarising and making connections in particular as well as the Whitlam Dismissal, The 1950s in Australia, Changing rights and freedoms in the 1960s and the Vietnam War.

Geography 9 and 10

In Stage 5 Geography, students explored issues from an Australian context and this year looked at how Australia fits in to its regional and global context. Human rights issues, including e-rights, were discussed by students. Students also examined issues closer to home including rural decline and spatial inequality, and how these affect our lives. This was the foundation for students to complete their own Research Action Plan.

Geography 7 and 8

This year students explored a range of environments including the Great Barrier Reef and rainforests. There was a focus on the basic skills of map reading and interpreting and presenting information in graphical formats. Students choose a global issue to study and suggested improvements as part of learning to become active and informed citizens.

Drama 9 and 10

Drama was well enjoyed this year, with many classes collapsing in a fit of giggles, especially when learning different facial expressions and tones of voice in Term 3. Students also developed improved skills in stage craft through these and other experiences including:

- Country Areas Program Days at Deniliquin – Film
- Visit to Melbourne to see 'Boy Girl Wall'
- Performance of 'The Mad Hatter's Tea Party' at Performance night

Each student has shown an improvement in confidence and critical appreciation of performance this year and it is good to know that there is such a wealth of talent in our community.

English Year 8

Christine Connellan (Year 8 Teacher)

"At the Movies" - Term 4 with Year 8

Film is a powerful, narrative medium. Films have the power to transpose the viewer to another place & another time, to experience a range of emotions, and to reflect on life's important lessons. This Term, Year 8 studied the Gabor Csupo film, *'Bridge to*

'Terabithia', a Walden Media and Disney Pictures co-production.

'Bridge to Terabithia' exposed the students to a vast array of stunning visual effects and cinematography, elements of fantasy, as well as special effects created by robotics and digital techniques. The film entertained the students through its touching portrayal of belonging, the rigors of rural-family life, the impact of schoolyard bullies, the power of friendship and the sadness of death. The movie focused on many life lessons through the day-to-day experiences of the main characters, as well as their creation of a fantastical land, where they defeat giants, trolls and mythical creatures. Ultimately, the message grasped by the students was that even tragedy can be overcome with insight, understanding and determination.

The students discovered that friendship and saving graces can be found in the most unsuspecting places; that true friends make us better people for having known them and it's important to be prepared to "build bridges" with our family, our friends and our foes, because that's what will give us direction and the strength to overcome obstacles in life.

Their study of **'Bridge to Terabithia'** provided Year 8 students with great scope for thinking, clarification of values, writing, speaking, listening, questioning, presenting understandings and ideas and employing technology choices in their responses.

Food Tech and Visual Art

Belinda McKindlay (Food Tech and Visual Art Teacher)

Students in Year 8 have begun their course for Food Technology. Students have been working with Christmas cooking over the last 3 weeks cooking shortbread, Rudolph cakes and stained glass window cookies.

Josh, Rachael and Callum finely crush boiled lollies for their biscuits.

The final project for Year 7 and Year 8 Visual Arts has been creating busts. The students started with moulding newspaper, covering it with papier mache and finished off with plaster bandage. The sculpture

is influenced by portraits of Chinese artist Ah Xian and Australian artist Ron Mueck. Students had to decorate their bust with patterns and symbols reflective of their personality and self.

Prue and Zaria work on their paper mache busts.

PDHPE

Anna Martin (PDHPE Teacher)

It has been a such a great year in the PDHPE/PASS department with students getting involved in a huge variety of sports and activities.

2012 saw the first cohort of the Focused PDHPE students complete their HSC examinations. This class handled the transition smoothly and coped with having to see me eight times a week as well! I look forward to receiving the final results in December and I wish them the best of luck with their other subjects in the 2012/2013 Focused year although I'm sure they will miss this subject even if they don't feel that way right now!!

This year has been filled with representative sport. We had teams represent the school with pride in the following sports: 15's soccer, lawn bowls, tennis, 15's netball, swimming, athletics and AFL. The students enjoyed these opportunities so much I am looking to involve them in extra competitions such as basketball and touch football in 2013.

The senior PASS and PDHPE students were lucky enough to spend a whole week at the Thredbo Ski fields this year. This is a wonderful experience for students and staff and both gained many skills as a result of their participation. Next year we are venturing into the surf on the Victorian Surf Coast, I know the students are looking forward to this experience as much as I am!

PDHPE is such an important subject for the development of adolescent learners. It teaches them life long skills in healthy living which encompasses all facets. Students who are active and sporty are generally great in social situations, have a positive

sense of self, are organised and attentive learners and have good coping skills when things get tough. Students at Tooleybuc Central School are lucky they are in a school that values and promotes this important subject.

Have a safe and happy Christmas and New Year and I look forward to seeing you all in 2013.

Music and LOTE

Leeta Rutherford (Music and LOTE Teacher)

Music 2012

This year the Year 7 and 8 students have been exploring music and musical instruments from around the world. They have also been learning the recorder and learning to compose short, simple pieces of music for the recorder using the computer.

German 2012

The Year 7 and 8 students this year have been focusing on reading, writing and speaking German. The students have been learning to greet someone, introduce themselves, ask simple questions, say goodbye and describe the appearance of a family member. The students have also been using various computer programs to present their knowledge.

Student work

Das ist meine Mutter. Sie ist vierunddreißig Jahre alt und ihre Name ist Michelle. Ihre Haar ist kurz und braun und sein Augen sind braun. Höhe meine Mutter ist einhundertundsiebzig Zentimeter und sie wohne in Korleigh. By Jaide.

Das ist mein Hund und er ist drei Jahre alt. Sein Name ist Pluto und sein Pelz ist Weiss und glatt und sein Augen sind lila. Meine Hund Länge ist vierzig Zentimeter und er wohne in meine Haus in Miami. By Ola.

Science and Mathematics

David Giles (Science and Mathematics Teacher)

This Semester we have started Senior Science and Applied Mathematics in Focused HSC.

We are trying to get as much done as possible before the end of the year. I spent two days at UNSW this week learning about trends in Chemistry teaching for Years 7 – 10, now that the National Curriculum will be introduced in 2014 for Years 7 and 9. It will mean lots of practical work which I am sure the students will enjoy.

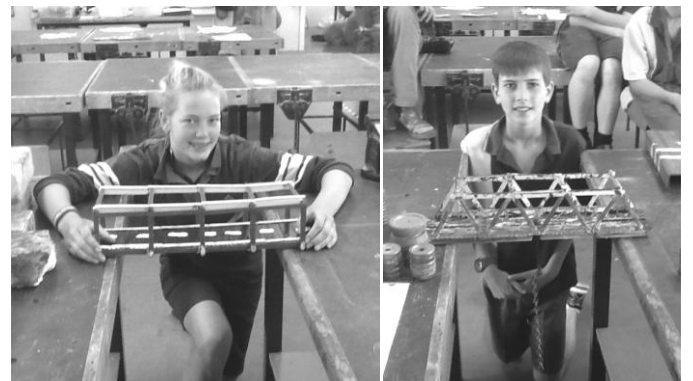

Agriculture and TAS Term 4

David McCarron (Agriculture and TAS Teacher)

Term 4 has continued to be a busy time in Agriculture. The Stage Six Focus students have commenced Primary Industries. They are currently learning how to construct a conventional fence. We are replacing and repairing all internal fences at the farm. We recently sold some excess sheep and topped the sales. Next year we will focus on growing out some merino lambs and breeding more stock. Year 9 students have been busy landscape gardening in an unused area in the main quadrangle and Year 7 have been busy tending their vegetable gardens in the hot weather. Year 7 TAS also made some terrific bridges out of paddle pop sticks. We have had a lot off testing them to see who had the strongest design. We had five students (Eden, Conner, Beau, Prue and Leighton) who designed a bridge that held in excess of 30 kg which is amazing.

Beau and Conner with their bridges

Eden and Leighton with their bridges

Prue with her bridge

VOLUNTARY CONTRIBUTIONS 2012

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year.

These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Technology Fee	All Years K to 12	\$10.00
Current voluntary contributions	Infants and Primary	\$40.00
	Years 7 + 8	\$85.00
	Years 9 + 10	\$45.00
	Years 11 + 12	\$45.00
Design and Technology/Technics:	Year 9 + 10	\$30.00 plus materials
	Year 11 + 12	\$30.00 plus materials
Design and Technology Food:	Year 9 + 10 elective	\$60.00
Hospitality	Year 11 & 12	\$7.00 per practical lesson

Wanted

Second hand uniforms in good condition. If your child has outgrown their uniform please consider donating it to the school.

LOST UNIFORMS

Please name your uniforms so we can return items that are misplaced.

Helping kids beat the blues

Did you know that one in four children over 12 has significant depressive symptoms? Sometimes it's hard to know if your child has a real mental problem or is just suffering from teenage 'moodiness'.

Listen to Professor Ian Hickie, from the Brain and Mind Institute at the University of Sydney, talking about depression in school age kids, how to recognise it and what you can do to help. Go to: www.schoolatoz.nsw.edu.au/wellbeing/health/managing-depression-in-children
