# THE BRIDGE

STUDENT NEWS FROM TOOLEYBUC CENTRAL SCHOOL

9<sup>th</sup> May 2014 Term 2 Week 2

## Thoughts

Melanie Wait  
Principal

### Parent Teacher Interviews

Thank you to all those parents who attended Parent Teacher Interviews this Wednesday. These interviews are a wonderful opportunity to develop an understanding of your child's strengths and weaknesses and a chance to create a shared goal for future progress. If you were unable to attend these meetings but would still like to meet with your child's teacher, then please contact the school to make an appointment.

### Athletics

Congratulations to all our students who competed at our Athletics Carnival on Friday and Tuesday and thank you to the parents who came (on both days) to support this event. It was excellent to see the levels of participation across the school. The carnival results are located in this edition of 'The Bridge'.

### Cross Country

The Cross Country was also another example of the great participation rates and involvement our students have in school events. This was another great afternoon with students pushing themselves to achieve their personal best.

### Bus Issues

Just a reminder that parents/carers and other adults should not be boarding the school bus without the permission of the bus driver and under no circumstances are parents/carers permitted to discipline another child regarding any issue. If you have any concerns with bus behaviour please speak with the bus driver or contact myself or the bus operator.

### Publishing of Photos on Social Media

Just a reminder that it is inappropriate to publish photos of children, other than your own, at school events on social media. It is a parent's right to decide whether their child is published in these forum. Thank you for your cooperation on this issue.

*Leighton clears the high jump.*

**New Bell**

If you have attended our school this term you may have noticed that we have had a new bell system installed. This has been an asset to our school with a cordless microphone that goes over the speaker system as well as a range of tones and signals.

We also have changed the bell that alerts students to go to class to a song. The song is a signal to the students that they need to move off to class and be at their rooms ready to learn before the song ends. So far we have had extremely positive results with our bell with nearly all of our students getting to classes on time.

**Too sick for school?**

As the cold weather hits, so do the winter bugs. It's often hard to know whether to send your child to school or let them stay home to recover, especially when that means an adult cancelling work. For safety's sake, if your child seems unwell you should always keep them home from school and seek medical advice.

School A to Z and the NSW Health have created an at-a-glance chart to help answer your questions about common childhood illness and how long sick kids need to miss school. Find it by typing this link into your web browser [www.bit.ly/1hytn2E](http://www.bit.ly/1hytn2E)

**Merit Scheme**

To reward our students' positive behaviour Tooleybuc Central School runs a strong Merit Scheme. Students are awarded 'Merit Awards' during the school year and an accumulation of these merits equates to levels.

Bronze Level	10 Merits
Silver Level	Bronze plus and extra 20 Merits
Gold Level	Silver plus an extra 30 Merits.

Primary students are given a 'Lucky Dip' at the achievement of each level, secondary students are given a \$2.00 voucher to spend at the canteen, then primary and secondary are presented with a certificate at our Whole School Assembly. Those students who achieve Gold Level are invited to attend our End of Year Merit Excursion.

## Sub-junior Athletics Carnival

### Leeta Rutherford (Sub-junior Athletics Carnival)

Yesterday Mrs Hazlett and myself ran the Sub-junior Athletics Carnival. All the students were active participants in the five events (50m sprint, accuracy throw, vortex throw, long jump and hurdles). I would like to send a special thank you to Mrs Kelli Edlesten and Janina Mammone as these two lovely mothers helped Mrs Hazlett and I run the events.

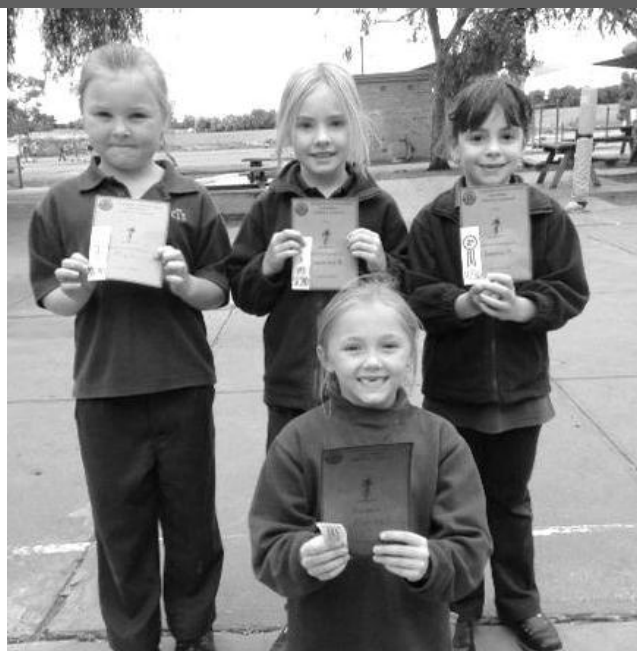

The Age Champions and runner-ups are:

5 & 6 years Girls Champion: Montana  
Runner-up: Sienna

5 & 6 years Boys Champion: Jude. Runner-up: Joel

7 years Girls Champion: Elektra  
Runner-ups: Ally, Jessika and Alesha

6 years Boys Champion: Kusi and Elijah

5 & 6 years Boys Runner-up: Murdoch and Ashby.

## Primary News

**Simon Dunn (Assistant Principal)**

Welcome back to Term 2. It has been great to see all of the students back and settling back down into class routines.

### Parent Teacher Interviews

It was great to see so many parents attending for the interviews. Please remember that if you were not able to make it on the day but you would still like to see your child's teacher please call the school so that a suitable time can be arranged.

### Athletics Carnival

It was split over 2 days but we have finished off all of the events for this year's carnival. It was fantastic to see everyone getting involved and having a go at all of their events. Thank you to all of the parents that helped out on the day, without your assistance these days become much more difficult to run.

### Cross Country

There was certainly a lot of close competition in the running of this year's cross country. There will be a note coming out shortly regarding the district cross country event, which will be held at Wakool.

### Swan Hill Football Clinic

Last Monday the students in Years 3 to 6 had the opportunity to participate in an AFL skills clinic where players from the Collingwood Football Club were present. It was great to see all of students joining in with students from other schools and having a great time.

### Foundation/Year One

**Andrea Hazlett (Foundation/Year One Teacher)**

Foundation and Year One students had a big day on Tuesday completing both the Athletics Carnival and the Cross Country in one day! All students competed with excellent sportsmanship and put in a great effort.

The children have shared some thoughts of the day.

I liked during the Sports Carnival because we did throwing, running and jumping. By Abbey.

I liked jumping with my feet out in the sand and running over the hurdles. It was a fun day. By Skye.

I wanted to win so my Dad would be proud of me. By Starr.

I liked the Cross Country because I liked running around the club. By Nancy.

I just like running and the little jumps. I won the hurdles. By Jude.

I liked running with everyone else. By Sienna.

I liked going around Australia. I nearly beat everyone. By Joel

I liked watching the relays. It was exciting when they passed the battons. I like throwing the vortex. By Elijah.

I liked the hurdles. I didn't knock them over. By Alex.

I liked it when I was running, it was really fun. I got stamps. It was a really long way. By Jordan.

I liked the races. By Imogen.

I enjoyed the long jump and when we jumped over the hurdles. By Montana.

### Foundation/Year One Computers/Science/Health Leeta Rutherford (Foundation/Year One Teacher)

In computers we have been learning how to turn on and log into them. We have begun learning how to type on and use the keyboard.

For Science we have looked at moving, how objects and people move. This term we are going to look at what plants and animals need to survive.

For Health we are currently looking at our bodies, in particular our organs.

### Mental maths strategies

We teach children a range of different strategies to add and subtract numbers. By showing them several methods for solving maths questions, we're helping them to look for patterns. All this builds a good sense of "number" which means they understand the relationships between different numbers and why different ways to add and subtract work well. The goal is that your child will understand many ways to approach a maths problem and will be able to choose a way that makes the most sense to them. School A to Z has a lot of resources, including help sheets on mental maths strategies, here : [www.bit.ly/JkiUsY](http://www.bit.ly/JkiUsY)

## Secondary News

**Bruce Nield (Head Teacher)**

### Fairfax

We have had many students express an interest in the Fairfax event this year and are looking forward to students becoming engaged in mixing drama, filming and enhancing performance with digital elements in the Festival this year. Specialist trainers will be in the school over next few months on selected days to assist with the preparation for the week long festival at the end of Term 3.

### Debating

The draw for 5/6 Debating has been released with Tooleybuc going up against Barham with the topic of 'Education' in the first round. This debate will be held at the school at the end of Week 4. The squad will be rotating through team members this year due to a larger than expected interest in this activity.

### Human Society and It's Environment

**Brett Ramsay (HSIE Teacher)**

Students have been trying hard in History this year where students in Years 9/10 have recently completed a unit on 'Rights and Freedoms'.

Year 7/8 students have been investigating the past and have studied the early inhabitants of Australia and the role of archaeology in understanding the early civilisations of the world.

Students in Year 7/8 geography have been actively developing their geographical skills with many practical tasks. All students have shown a strong interest in HSIE but must make sure all their tasks are completed in preparation for their Half Yearly Examinations.

### Geography

**Leeta Rutherford (Geography Teacher)**

The students in Geography 9/10 have been exploring issues that affect the Australian people and environment (air quality, spatial inequity, urban growth and decline, land and water management, coastal management and waste management). They have created presentations and a lesson for Year 5/6 students based one of these issues. They have just begun undertaking an action research project again linked to one of these issues that affects this area.

*Ethan, Year 8 soldering.*

*Aaron, John, Courtney and Kelsey inspect Aaron's computerised ordering system for the TBuc's Café.*

### Teenager's seeking more independence

Knowing how much freedom and responsibility to give your teenager is difficult, especially if they're your eldest or only child. To become capable adults, teenagers need to learn to make good decisions on their own and have opportunities to show you they can. The Raising Children Network website has a wealth of expert information and guidance for parents of teens and younger children. If your child is testing the boundaries and pushing for more independence, you may find the article '*Shifting responsibility to your child*' worth reading. Go to [www. bit.ly/1jCxKhe](http://www.bit.ly/1jCxKhe)

### Study help for high school

It's often quite difficult parents to assist their children with their high school homework and study. Even if we have professional experience in the subject area, children tend to find it difficult to take parental advice when it comes to school. (Don't feel bad, teachers' own children do exactly the same thing.)

[www.khanacademy.org](http://www.khanacademy.org) is an excellent, not-for-profit website which may help your child study and revise tricky concepts in science, maths and the humanities.

# Adobe Creative Suite 6 - Student Download

Content creation tools for students

## What is the Adobe Creative Suite 6 (CS6)?

Adobe Creative Suite 6 (CS6) is a set of software applications that empower students to work with digital media such as photos, movies and websites. These are professional tools used widely in industry.

## Details of the offering

As part of the DEC's Enterprise agreement with Adobe, students can download and install CS6 for free on one personally owned device.

Staff can continue to get access to Adobe software on school computers. In addition staff can choose to purchase the software for use on their home computer under 'Work At Home' rights. Information on how to do this can be found here  
<https://detwww.det.nsw.edu.au/it/software/softwareinfo/workathome.htm>

## Software available to download as part of CS6

As part of CS6, the following software will be available to download:

- Presenter
- Captivate
- Photoshop Elements
- Premier Elements
- InDesign

## Students can download and use the Adobe Creative Suite 6 (CS6) for free on their personally owned device.

To learn more about the software, visit the Department's intranet site:  
[https://detwww.det.nsw.edu.au/it/software/catalogue/adobe/adobe\\_ea.htm](https://detwww.det.nsw.edu.au/it/software/catalogue/adobe/adobe_ea.htm)

Information about the software is also available from Adobe  
<http://www.adobe.com/au/products/cs6.html>

## Downloading the software

Access to download CS6 is available through a link in the student portal.

An Information Sheet outlining the student download process can be provided to students and parents/caregivers. Schools are encouraged to notify parents/caregivers about this free software download for students.

An alternative is for students to download the software at school. The Adobe CS6 software downloads vary in size from approximately 1GB up to 5GB for the full Adobe Creative Suite and could have a significant impact on the schools Internet connection. Schools can use the Principal

Network Information (PNI) tool to monitor the impact of student downloads on the schools network, if needed.

## Benefits of the software

With this offering, students will have access to professional software applications to work with digital media such as photos, movies and websites.

This initiative aligns with the new Student Bring Your Own Device Policy allowing those with access to the CS6 on their personal devices to continue school work at home.

**GEM**

This year in secondary we have added another layer to our student monitoring. Gauging Educational Merit (GEM) is a program where students are ranked in every subject each fortnight according to their application and behaviour during class. These rankings from each class are averaged to provide each student with a GEM average.

**Gauging Educational Merit (GEM)**

Class score	Description	GEM Average	Result
10	Outstanding effort		
9 +	High level of effort	9-10	Maintain average for a term to receive canteen voucher and certificate
8	Sound effort	8-9	Maintain average for a term to attend reward BBQ
7	Satisfactory effort		
6	Limited effort (causing some concern)		Monitoring in the subjects where your score is below 7, reporting to class teacher
5	Poor effort (unsatisfactory)	5-6	Monitoring in all classes, reporting to Mr. Nield daily. Extra curricula privileges may be removed
1	Poor effort & behaviour, non submission of tasks	1-5	Monitoring in all classes, reporting to Ms Wait daily. Not allowed to attend excursion and extra curricula activities

## VOLUNTARY CONTRIBUTIONS 2014

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year.

These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Technology Fee	All Years K to 12	\$10.00
Current voluntary contributions	Infants and Primary	\$40.00
	Years 7 + 8	\$85.00
	Years 9 + 10	\$45.00
	Years 11 + 12	\$45.00
Industrial Technology	Year 9 + 10	\$50.00 plus materials
	Stage 6	\$80.00 plus materials
Design and Technology Food:	Year 9 + 10 elective	\$60.00
Hospitality	Year 11 & 12	\$150.00 or \$60.00 plus \$7.00 per practical lesson

### ACTIVITY: Planning homework

This big-picture approach to a history task can easily be adapted for other homework.

Suppose your child has to read a passage from a book about Australian Aboriginals, then answer questions and draw an annotated cross-section of an eel trap. Before reading for information, they need to get the 'big picture' by following the four steps below.

- ① Read the task to check they have everything they need:  
the textbook opened at the right pages, a workbook or some paper, coloured pens and pencils
- ② Make sure they understand the task.  
Use a dictionary or get them to ask a family member if they don't know what 'annotated' or 'cross-section' means
- ③ Read the questions quickly.  
This will help them to focus on what is important when they come to check the text for detail.
- ④ 'Scan' the text to get the general meaning: to scan the text look at titles, subheadings and the first few sentences of each paragraph.

### Goal-setting

When your child has finished planning, help them to set targets and think about what success will feel like. In the activity above, their goals might be: 'I'll take 15 minutes to read the passage, then answer the first five questions, then take a break. I'll try and write at least three sentences for each answer. I'll finish this by 7.00 p.m. and then do another 40 minutes tomorrow.'

## 2 Encourage planning and goal-setting

Start with the big picture. Before diving into any activity – a maths problem or finding out about something in history, for example – take time to get the overview. With young children, show how this helps by, for example, looking at the lid of a jigsaw puzzle or the instructions that go with a game.

Picture what success will be like before starting a task. How will children know they have achieved it? Take time to talk about this with your child.

### Tips for looking ahead and setting goals

- Encourage your child to close their eyes and picture the task in their head. You may also want to suggest they think of people they know who can do whatever it is they are planning.
- Ask questions that encourage looking ahead, such as: 'How long do you think this will take you?' and 'How will you know if you have learned these spellings?'
- Make a simple chart with your child that shows when they will do their homework and put it on their bedroom wall.

## ENGRAVING DETAILS

PLEASE FOLLOW THESE SIMPLE STEPS WHEN CREATING YOUR IMAGE.

1. ONE NAME PER PAVER.
2. Draw your image using a good quality medium thickness black marker pen (about 2mm thick).  
eg Artline 70 'High Performance' marker.  
**Do not use a ballpoint pen, coloured texta or pencils!**
3. Make sure you rub out any pencil lines as these will show up on the finished paver.
4. Do not include computer-generated or pasted pictures.  
The hand drawn image engraving process is set up to engrave hand drawn images only.

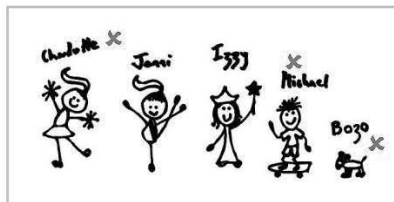

**SAMPLE 1**

THIS IS OK ✓

- Good clean writing
- Simple illustrations

**SAMPLE 2**

THIS IS NOT OK ✗

- Too many names
- Illustrations too detailed
- Information gets lost

**SAMPLE 3**

THIS IS NOT OK ✗

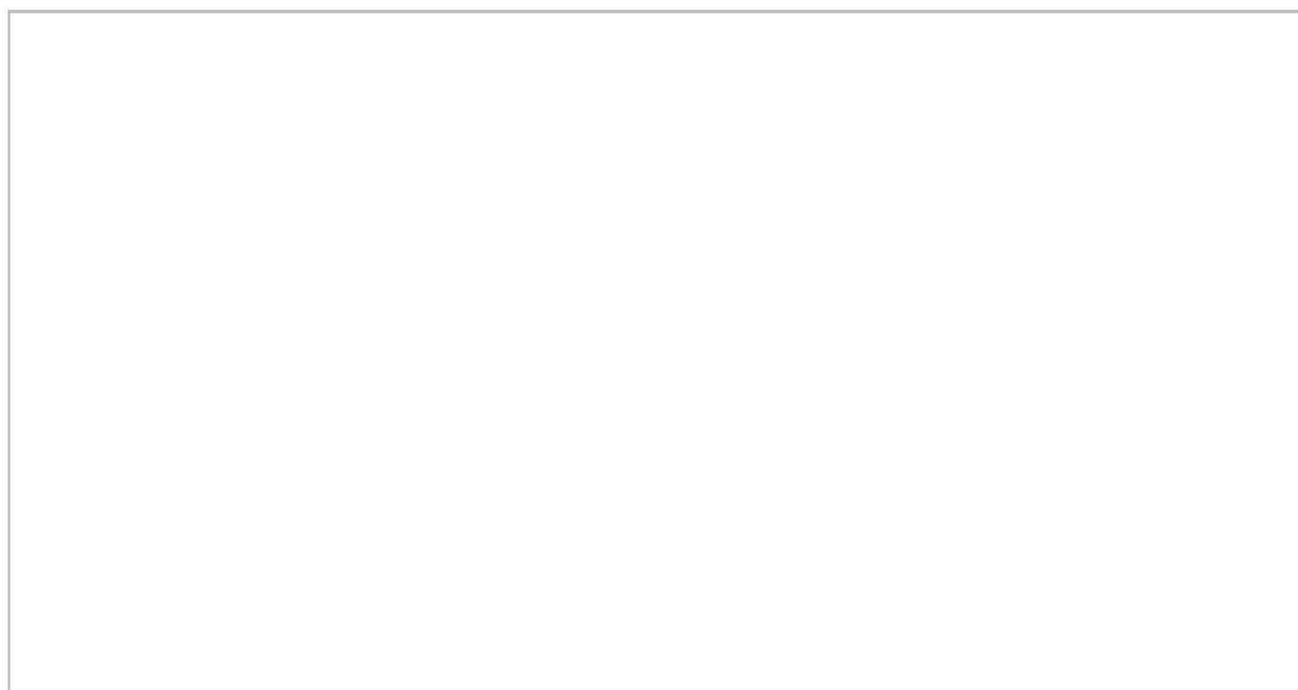

- Do not include computer-generated or pasted pictures
- The process is set up to engrave hand drawn images only

Administrator note: Please photocopy this page for your records, cut out the drawing below and send the ORIGINAL to Signature Engraving.

**PHOTOCOPY THIS PAGE FOR EACH HAND DRAWN PAVER.**

**PLEASE ENSURE THAT YOUR DRAWING DOES NOT TOUCH OR GO OUTSIDE OF THE BORDER**

## FLU SYMPTOMS OR CARBON MONOXIDE?

Breathing in high levels of carbon monoxide can cause loss of consciousness and death in a matter of minutes.

Carbon monoxide poisoning can be misdiagnosed as it mirrors flu like symptoms unless the cause is very obvious.

High risk groups include infants, the elderly, pregnant women, and anyone with a previous history of cardiac insufficiency or chronic obstructive lung disease.

### TO ENSURE YOU'RE SAFE:

- Have fuel burning appliances serviced at least once every two years by a registered licenced gasfitter
- Unblock all flues, vents and chimneys
- Fit an audible Carbon Monoxide Alarm

### EARLY SYMPTOMS OFTEN MIMIC THE FLU:

- Headache • Nausea • Confusion
- Shortness of breath • Weakness • Lethargy

Be aware of these symptoms and don't wait!
