THE BRIDGE

STUDENT NEWS FROM TOOLEYBUC CENTRAL SCHOOL

27th February 2015 Term 1 Week 5

Melanie's Thoughts

Melanie Wait
Principal

Wonderful start

Congratulations to all of our students who have made a positive start to the school year. Students need to continue developing these learning routines and that all learning is supported at home. It is important that students complete home learning and that time is put aside every night for set tasks. Secondary students also need to revise what they have been studying in class. If this practice is part of an everyday routine then the effort required in senior years will not be as daunting. Study skills don't come naturally but are something that needs to be practised and learned. For success in senior schooling this is something that must be mastered.

Please support your child by assisting them with their study and home learning and encouraging them to prepare themselves for their future.

Sporting Stars

Congratulations to all those students who have been representing our school in sport over the last few weeks. These events are a wonderful opportunity for our students to put themselves outside their comfort zone and push themselves to achieve their personal best. We must also thank our teachers and parents who have taken the time to transport our students to these events.

Welcome little one

Congratulations to Mr John Hocking and his wife Karen as they welcomed a beautiful baby girl, Grace, to their family last week. We hope she settles in well to your family and gives you many peaceful nights.

Super Subscriptions

We have once again purchased a Mathletics subscription for students to use both at home and at school. Student usernames and passwords have been placed in the front of Home Reading Logs for Primary and Diaries for Secondary.

<http://www.mathletics.com.au>

We have also purchased a Sunshine Books Subscription, you can use the website or download the app from the app store. Sunshine books will read stories and have activities to match each story.

<http://www.sunshineonline.com.au>

Pizza Oven

If anyone has a small amount of redgum wood they could donate to the school, we will be able to fire up the Pizza Oven.

Hospice

We have a donation jar at the front office for the Swan Hill Hospice, if you have any small loose change it will go to a wonderful cause.

Primary News

David Tallon (Assistant Principal)

On Friday 20th February I had the privilege of attending the Moulamein PSSA swimming trials at Swan Hill Pool. I should congratulate all our students who represented Tooleybuc Central School last Friday. It was a great day. I was very proud of the students who participated for their effort in the pool and cheering for their peers.

Congratulations to Campbell, Mackinnon and Quinlan who were the age champions on the day. Also, congratulations to Murdoch, Quinlan, Mackinnon, Campbell, Cooper and Ryan for making the next stage of swimming to be held in Albury on the 9th of March.

Students that received a place at the Moulamein PSSA Swimming.

Resting between heats can be fun during the Twilight Swimming Carnival.

You could almost think we had synchronised swimming as these two students competed at the Twilight Swimming Carnival.

Rachael helping Kayla be sun smart.

Students cheered from the side during the races.

The barbecue was enjoyed by many.

Upcoming events

- Friday 6th March, Primary Assembly in the MPC
- Monday 9th March Riverina PSSA Swimming, Albury

Please keep an eye out for notes coming home regarding more events happening in Term 1.

Year One/Year Two

Michelle Jenvey (Year One/Year Two Teacher)

Students in Year 1-2 have settled into the new year and have been participating a variety of activities across all key learning areas.

In Science, students just beginning an investigation into the growth and development of mealworms as part of a unit called "Watch it grow!" On Monday they had to isolate 2 mealworms. One in the fridge and one in a dark cupboard. Over the next month students will make drawings to show the growth of the mealworms.

Mealworms!

Imogen and Connor preparing their mealworms.

Also on Monday, students began their training in the completion of literacy activities that they are expected to complete independently. The practise is necessary so that once L3 begins, students are able to select their activities and complete them with minimal assistance.

Alexander and Emily completing a comprehension task.

Art activities are also enjoyed by the students. This week students began creating a colourful picture by tracing, cutting out and pasting 2D shapes.

Nancy and Jayla concentrating on their artwork.

Secondary News

Leeta Rutherford (Head Teacher)

Welcome back to all – As appeared in the previous edition of 'The Bridge' Mrs Christine Connellan and myself are sharing the Head Teacher position until a new Head Teacher is appointed. So far students have been busy academically and in the sporting arena. Congratulations to all students who have been competing in swimming and just giving things ago. I have noticed that excitement is building for our Year 8-10 students as they will be going on Surf Camp soon (Week 7 of this term), they just need to remember to make sure all forms are back in time.

GEM

This year in Secondary there is a greater focus on GEM. As a part of this there will be a 'Student of the Fortnight' award for each year level. Well done to all the students that have achieved above a seven average in GEM for the last fortnight.

'Student of the Fortnight'

- Year 7 – Jake, Ryan, Phoebe N, Kate, Rhys, Phoebe S, Grace, Cody, Andrew
- Year 8 – Rachael G
- Year 9 – Thomas D
- Year 10 – Eden
- Year 11/12 – Sophie

Science

Leeta Rutherford (Science Teacher)

Welcome all to a new year for Science! I am really excited about teaching Science this year. Over the holidays I have been exploring the use of interactive notebooks in the Science classroom. I am currently undertaking these with the students in Year 8 and 9/10, if you would like to know have a look at your student's notebook and/or contact me at school.

Science Competitions

Every year there are a number of Science competitions that occur, normally students at this school only enter the ICAS Science competition. I am currently investigation other competitions for our students to participate in if they choose to.

Science Car Talk

From time to time throughout the year I will be placing science conversation starters for parents and students that you can share together. They will be linked to what the students are or have learned in the classroom.

Year Seven Science

The Year Sevens have spent the last few weeks being introduced to various aspects of Science including the laboratory and specific tools that they be using the future. They are currently undertaking an assessment task about safety in the laboratory and famous scientists.

Year Eight Science

The Year Eights are half way through their 'Earth and Space' unit. They have so far being exploring rocks, how they are formed and fossils. In the coming weeks they will be exploring Earth's natural resources and how they are used by humans.

Year Nine/Ten Science

The Year Nine/Tens are well into their 'Living World' unit. This unit is focusing on genetics and evolution. Over the following weeks the students will be focusing on Punnett Squares and pedigrees which help scientists figure out the chance of offspring inheriting a particular genotype and/or phenotype from the parents and to figure out who is carrying recessive and/or dominate genes.

Stage Six Biology

The Stage 6 Biology class are quickly moving through their Preliminary course and unbelievably will be completed this by the end of the term. Currently the students have just begun the third unit with one more to go and have just handed in their second assessment task about evolution and dichotomous keys.

Science Car Talk: Conversation Starters for Parents and Kids

Area of Science: Earth and Space

Millions of years ago, all the continents were together in one supercontinent named Pangaea (Which means "all earth")

How would life be different if all the continents were still one?

Area of Science: Living World

The oldest individual living thing on the planet (as far as we know) is a tree. It has a name: Methuselah. Methuselah is a Bristlecone Pine Tree. It lives in the state of Nevada, in the United States. It is 4,800 years old. When the Great Pyramid was built in Egypt, Methuselah was already 200 years old.

Would you want to live to be 4,800 years old?

Career News by Mrs Morton

YEAR 11/12 VET PLACEMENTS

Students undertaking Primary Industries, Automotive, Metals and Engineering and Electrotechnology are required to complete the mandatory work placement requirements of 70 hours.

Primary Industry, Automotive and Metals and Engineering students will be completing these in the weeks of 16th-20th and 23rd-27th March. It is important once notified where you will be going to get the paperwork signed and back to Mrs Morton ASAP.

TOOLEYBUC CENTRAL CAREERS WEBSITE

www.tooleybuccentralcareers.com

All students should be visiting this regularly and accessing the great information that's on it.

Career decisions are some of the most important ones of your life, so getting help in making those decisions is vital. **CareerNews** is one source of information available to you.

CareerNews will be published fortnightly in the Bridge throughout the year, providing information about how to **choose a career**, about **information sessions** being held on various courses and careers, **Open Days** at institutions where you might want to study, **career expos**, insights into a number of **careers**, and where you can get help. **Students who do their research during Year 10-12 usually find it easier to make some career decisions at the end of Year 12.**

HOW CAN I CHOOSE A CAREER?

Many people say that basically they would like a job they **enjoy**, with the possibility of earning a reasonable **income**. **So how do you choose that job?** Firstly, keep in mind that there isn't just one perfect job for you. There are several jobs that would suit you well, so you need to **explore the possibilities**.

First, think about what you **enjoy doing**. For example, is it sport-related, scientific, reading/writing-related, helping people, information technology-related?

What do you enjoy **doing in your spare time**?

What **subjects** do you excel in at school?

How important is it that you earn a lot of **money**?

Answering questions such as these will set you on a path to making some decisions. If you like science, what type of science do you prefer – physics, chemistry, biology? If you are creative, what is your speciality – music, drama, art, design? If it is geography, perhaps you could be interested in urban planning, mapping or surveying. If it is health,

perhaps it is nursing, nutrition or public health. If it is physics and maths, perhaps engineering.

Don't look too far ahead – you are not deciding on a life-time career. You will have several careers.

WHERE CAN I STUDY IN VICTORIA? After completing Year 12, there are many options. If you are considering **university**, hoping to get a degree, these are the universities available in Victoria:

- **Australian Catholic University (ACU)** with campuses in Melbourne (Fitzroy) and Ballarat
- **Deakin University** with campuses in Burwood, Geelong and Warrnambool
- **Federation University** with campuses in Ballarat and Gippsland
- **La Trobe University** with campuses in Melbourne (Bundoora), Bendigo, Albury-Wodonga, Mildura and Shepparton
- **Monash University** with campuses in Melbourne (Clayton, Caulfield, Berwick, Parkville)
- **RMIT University** with campuses in Melbourne (City, Brunswick, Bundoora)
- **Swinburne University** has a campus in Melbourne (Hawthorn)
- **University of Melbourne** in Melbourne (Parkville, Burnley, Southbank, Werribee), Creswick, Dookie and Shepparton
- **Victoria University** is in Melbourne (City, Footscray, St Albans, Melton, Sunshine)

You can check out their facilities and courses by attending their **Open Days**, usually held in August.

If you plan a **VET course** (pre-apprenticeship, apprenticeship, certificate, diploma and a limited number of degrees), institutes offering courses in the Melbourne area are:

- **Box Hill Institute**
- **Chisholm** (Dandenong, Frankston, etc)
- **Holmesglen** (Moorabbin, Chadstone)
- **Kangan** (Broadmeadows, Richmond, etc)
- **Melbourne Polytechnic** (formerly NMIT) (Collingwood, Epping, Preston, Prahran, etc)
- **RMIT** (City, Brunswick)
- **Swinburne** (Hawthorn, Croydon, Wantirna)
- **Victoria** (Footscray, City)
- **William Angliss** (City) and several others.

There are also **independent institutions** offering degrees, diplomas and certificates. Examples are:

- **Academy of Design** (Port Melbourne)
- **Australian Institute of Fitness** (Bendigo, City, etc)
- **Footscray City Films**
- **JMC** (South Melbourne)

Independent colleges are full-fee paying institutions, whereas the government generally offers **financial assistance** to study at universities and VET providers like Box Hill Institute.

NOTE: The government will only fund courses of study that are **at a higher level** than what they have funded already. For example, if you have a bachelor's degree, the government will not fund you to complete a VET diploma as it is at a lower level than the degree.

WHAT KIND OF ENGINEER ARE YOU? Are you interested in engineering but not sure which type is the best fit for you? You can find out with the new RMIT online quiz at <http://trueengineer.com.au>.

AVALON AIRSHOW – Students interested in a career in the aviation industry might wish to attend the Avalon Airshow. Among other things, you will be able to find out about RMIT's flight training program, aerospace and mechanical engineering programs. **When:** 24 Feb – 1 Mar, 2015; **Where:** Avalon Airport; **Info:** www.airshow.com.au/airshow2015/.

VETERINARY NURSING ASSOCIATE DEGREE – Melbourne Polytechnic (formerly NMIT) (Epping campus) is offering a new 2-year associate degree, the first para-professional veterinary nursing qualification in Australia. It is designed to produce highly skilled clinicians with exceptional levels of practical skill, knowledge and in depth understanding gained through a stimulating exploration of the academic underpinnings of the field. Graduate employment will be in the private and public sectors, including veterinary practices as veterinary nurses and practice managers and in large organisations (veterinary pharmaceutical, veterinary nutrition companies and animal research facilities). **Prerequisites:** Successful completion of Year 12 VCE or recognised equivalent with a study score of at least 20 in any English and a study score of at least 20 in one of any Mathematics, Chemistry or Biology; OR successful completion of a Diploma course in Veterinary Nursing or a related area; OR at least two years of related industry experience.

Useful Websites

When older kids struggle with reading

Should you let your reluctant teen reader choose magazines over books? If your child is still struggling to read and write, and they're heading into high school, there are ways to get them on the right page.

Find out more:

<http://www.schoolatoz.nsw.edu.au/homework-and-study/english/english-tips/when-older-kids-struggle-with-reading>

Solving equations

Struggling to remember what algebra was all about and need to help your kids with their homework?

Take a look at this study sheet for examples:

http://www.schoolatoz.nsw.edu.au/homework-and-study/maths/maths-a-to-z-/maths_glossary/RId5/44/algebra

Avoiding injuries

Have you ever wondered if your child may be suffering physically from using a computer for schoolwork? Or if carrying their school bag may be causing them pain? Experts discuss and give tips on what to watch out for.

Find out more:

<http://www.schoolatoz.nsw.edu.au/en/wellbeing/health/ways-to-keep-your-childs-back-and-posture-healthy>

Multiplication times tables

Does your child need encouragement? Explain to them that learning times tables = instant, painless recall in exams. Here's School A to Z's help sheet:

<https://www.det.nsw.edu.au/eppcontent/glossary/app/resource/factsheet/4024.pdf>

Sorting fact from fiction

Help your child develop their "dodgy website" antennae when doing homework. Here are ways your child can tell a good website – or any document – from a bad one.

Find out more:

<http://www.schoolatoz.nsw.edu.au/homework-and-study/homework-tips/sorting-fact-from-fiction>

VOLUNTARY CONTRIBUTIONS 2015

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year.

These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

| | | |
|--|----------------------|------------------------|
| Technology Fee | All Years F to 12 | \$10.00 |
| Current voluntary contributions including Technology Fee | Infants and Primary | \$52.00 |
| | Years 7 + 8 | \$98.00 |
| | Years 9 + 10 | \$57.00 |
| | Years 11 + 12 | \$57.00 |
| Industrial Technology | Year 9 + 10 | \$52.00 plus materials |
| Design and Technology Food: | Year 9 + 10 elective | \$62.00 |
| Primary Industries | Year 11 & 12 | \$75.00 |
| Business Studies | Year 11 & 12 | Excursions as required |
| Sport Lifestyle and Recreation Studies | Year 11 & 12 | Excursions as required |

Wanted

Second hand uniforms in good condition. If your child has outgrown their uniform please consider donating it to the school.

LOST UNIFORMS

Please name your uniforms so we can return items that are misplaced.

School Bags

Tooleybuc Central School has school bags which are available to purchase from the front office.

Large \$58.00

Tooleybuc Central School Uniforms

TCS dark green bucket school hats \$15, are available for purchase from the front office

Tops

| | |

| 29/05/15 | Kellie Edelsten – Annette Blachford |
| 05/05/15 | Sue Domaille – Theresa Wilkins |

School Holiday Netball Camp

School Holiday Netball Camp to be held at the Equex Centre, Wagga Wagga on the 14th-17th April 2015.

The camps are a valuable opportunity for children of all skill levels to receive top quality coaching. We are excited to announce that former NSW Swifts player, Jackie Murphy, will host our Junior Netball Camp this year and will be joined by a panel of experienced coaches including Southern Sports Academy Coaching staff, special guest coaches and Southern Sports Academy athletes.

This year players between the ages of 7 and 10 will be attending on Tuesday 14th and Wednesday 15th April, while the players aged between 11 and 14 will attend on Thursday 16th and Friday 17th.

As you may be aware, the age group for the Southern Sports Academy Netball Squad has been lowered to 14-16 years. This has required the Academy coaching staff to commence the talent identification process earlier than we have previously. As a consequence, the annual Junior Netball Camp has become a crucial event for the identification of the best young talent in the Southern part of the state.

Please contact Mr Miller for an application form.
