STUDENT NEWS FROM TOOLEYBUC CENTRAL SCHOOL

24th April 2015 Term 2 Week 1

Melanie's Thoughts

Melanie Wait
Principal

Head Teacher

Mr Sean Connell has been appointed as the new Head Teacher, Teaching and Learning in our Secondary department. Mr Connell will begin on Monday the 4th of May and comes to us from Brisbane Waters High School. Mr Connell's teaching area is Science. I am sure you will all make him very welcome.

Timetable

There will be a new timetable created for secondary students which will start at the beginning of Week 3.

Focused HSC

Our Stage 6 students have begun their HSC studies. I am sure they are up to the challenge and prepared to put in

the necessary effort to be successful. We wish them all the best.

NAPLAN

This term students in Year 3, 5, 7, 9 will participate in the NAPLAN tests. These tests assess students in the areas of Reading, Writing, Grammar and Punctuation, Spelling and Numeracy. Just a reminder, if you would like to withdraw your child from NAPLAN, please contact the school prior to the 1st May.

Thank you

We must thank Kristy and Bart Scalora donated grapes to our school each week last term. Our students really appreciated them and looked forward to lunch time each day!

Parent Teacher Interviews

Thank you to all the parents who participated in Parent Teacher Interviews last night. These interviews are a valuable opportunity for you to receive quality feedback on your child's progress and ways to support their learning. The connections made during these interviews reinforce the importance of school at home and promote learning.

Year 8 have been studying tones/tints and shading during Visual Art.

Primary News

David Tallon (Assistant Principal)

Welcome back to Term 2! I trust everyone enjoyed their Easter Break and is refreshed for this term. The Easter Hat parade was a big success and a big thank you to our Year 6 students for organising the afternoon activities. Well done to everyone who made an effort to create an Easter Hat, they looked wonderful. It was such a great day.

Please keep an eye out for notes coming home regarding more events happening in Term 2.

Upcoming events

- Thursday 30th April – Athletics Carnival
- Thursday 7th May – Cross Country Carnival

Foundation

Andrea Hazlett (Class Teacher)

As part of their Science lessons, Foundation students have been learning about plants and seeds. Students planted seed into moist paper towel which is enclosed in a ziplock plastic bag. Every student has been eagerly watching and waiting to observe and record changes the seed has made. Today's photographs show students making careful observations of the changes they have seen in their own sprouting pea seed which is growing inside the bag, making both the roots and the stem clearly visible.

Students are learning about using words and illustrations to convey information to others and to keep a record of their own experiences.

Lucy has drawn how she thinks her seed will develop.

Isabel shows how her seed is growing.

Campbell has drawn how his seed has grown.

Makenna has drawn a lifelike drawing of her seedling.

Rebekah puts the finishing touches to her seedling drawing.

Assignment starters A-Z

What projects or essays does your child have that are due by the end of term? One of them could be among the School A-Z website's assignment starters – resources designed to point you in the right direction.

Reading tips for home

Asking questions:

- helps children understand what the story is about
- helps children to talk about their insights
- enables us to share ideas with children
- helps children to clarify their thoughts.

Don't ask too many questions, two to three will be sufficient, and remember that it is important to accept all responses.

Tough teeth

Protect your child's teeth by encouraging them to eat well:

- Enjoy a wide variety of nutritious foods
- Enjoy healthy snacks
- Avoid snacking on sugary and sticky foods and sweets between meals
- Milk foods help protect your teeth
- Chew sugar-free gum to help protect your teeth.

Looking for a dental health clinic? The NSW Centre for Oral Health recommends calling (02) 8821 4300 during business hours and quoting your suburb. From there, parents will be given the contact details for their local oral health service.

Label everything!

Your child's belongings can get easily misplaced at school. Please label all of your child's belongings with their name. Don't forget books, pencil cases, clothing and school bags.

Fresh Tastes Tip

Water is the best drink and also the cheapest

Make an example of drinking water- children copy parents

Secondary News

Leeta Rutherford (Head Teacher)

Welcome Back! We have hit the ground running in Term 2, students are already getting into new units of learning. Towards the end of Term 1 we had a number of students competing in various sports - well done to everyone for having ago and trying their best. It was wonderful to see so many parents on Wednesday at the Parent-Teacher Interviews. If you ever wish to discuss anything with your child's teachers please feel free to contact the school.

A couple of reminders - We are having our Athletics Carnival on Thursday, it would be great to see parents, guardians, family and friends turn out to support the students. There is also a BBQ being held for lunch. In a couple of weeks the students in Years 7 and 9 will be sitting NAPLAN (along with students from Primary in Years 3 & 5).

HSIE

Janine Nelson (HSIE Teacher)

Year 8 History

Year 8 have been studying the lives of Vikings and their families. Students discovered Vikings used bowls and plates similar to modern day made from wood rather than pottery. They discovered that their diet consisted of various grains including rye, barley and wheat which would be ground by hand to make flour. A common dinner might include vegetables, meat and bread. Our students tried their hand recently at preparing bread baked using a wood fire oven on a flat stone just like the Vikings!

Students in Year 8 applied their knowledge gained whilst studying the lives of Egyptian people.

Riley, Madi and Rachael trying their wood fired meal.

Jemma, Madi, Luke and Rachael enjoy their cooking in the pizza oven.

Max checking the pizza oven.

Year 7 History

Year 7 History students started the year off looking at Archaeology and the development of historical skills. They applied their skills in a field trip around our school during Term One. Sieves, spades and even a metal detector were used on the day to allow students to experience the activities a field archaeologist may have to experience. Students began the day by contributing to a hypothesis as to what artefacts they might find. All sorts of items were recovered and students were required to draw conclusions on the history attached to each item. The experience gave all students insight into just how history can be pieced together through identifying historical evidence, assessing primary and secondary sources and interpreting their findings.

Kiara carefully sifts through the sand to find relics.

Cody, Tim, Phoebe, Kate, Phoebe & Andrew looking for artifacts.

Tim and Andrew carefully search for treasure.

to understand the hardships for children and the expectations of them to work at very young ages. Students applied their knowledge by preparing a typical wood fired meal including potatoes, pumpkin and bread baked in terracotta pots. Through practical application students have been able to understand the many challenges faced during this period.

Hay Required

Students will be doing archery and we require either round bales or squares we can stack behind the target. If anyone has any they can spare can they please contact Ben Miller at the school.

VOLUNTARY CONTRIBUTIONS 2015

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year.

These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Technology Fee	All Years F to 12	\$10.00

Tooleybuc Preschool News

Welcome back to Term 2. We hope that everyone had a great break over the Easter holidays and are looking forward to a successful Term 2.

Prior to Easter the 4yo preschool students enjoyed participating in the School's Easter Bonnet parade and then undertaking activities with the primary school students.

Thank you to everyone who bought Easter raffle tickets and congratulations to all the raffle winners. Gretta Benfield is currently in the process of taking individual and class photos.

The preschool also recently underwent assessment and received overall excellent results. Congrats to Larissa, Leah and Reet on a fantastic job. Keep up the good work

Looking forward to a great Term 2.

ACTIVITY: Planning homework

This big-picture approach to a history task can easily be adapted for other homework.

Suppose your child has to read a passage from a book about Australian Aboriginals, then answer questions and draw an annotated cross-section of an eel trap. Before reading for information, they need to get the 'big picture' by following the four steps below.

- ① **Read the task to check they have everything they need:**
the textbook opened at the right pages, a workbook or some paper, coloured pens and pencils
- ② **Make sure they understand the task.**
Use a dictionary or get them to ask a family member if they don't know what 'annotated' or 'cross-section' means
- ③ **Read the questions quickly.**
This will help them to focus on what is important when they come to check the text for detail.
- ④ **'Scan' the text**
to get the general meaning: to scan the text look at titles, subheadings and the first few sentences of each paragraph.

Goal-setting

When your child has finished planning, help them to set targets and think about what success will feel like. In the activity above, their goals might be: 'I'll take 15 minutes to read the passage, then answer the first five questions, then take a break. I'll try and write at least three sentences for each answer. I'll finish this by 7.00 p.m. and then do another 40 minutes tomorrow.'

2 Encourage planning and goal-setting

Start with the big picture. Before diving into any activity – a maths problem or finding out about something in history, for example – take time to get the overview. With young children, show how this helps by, for example, looking at the lid of a jigsaw puzzle or the instructions that go with a game.

Picture what success will be like before starting a task. How will children know they have achieved it? Take time to talk about this with your child.

Tips for looking ahead and setting goals

- Encourage your child to close their eyes and picture the task in their head. You may also want to suggest they think of people they know who can do whatever it is they are planning.
- Ask questions that encourage looking ahead, such as: 'How long do you think this will take you?' and 'How will you know if you have learned these spellings?'
- Make a simple chart with your child that shows when they will do their homework and put it on their bedroom wall.
