THE BRIDGE

STUDENT NEWS FROM TOOLEYBUC CENTRAL SCHOOL

19th June 2015 Term 2 Week 9

Melanie's Thoughts

Melanie Wait
Principal

End of Term

As the term draws to a close it is important to recognise what a successful first half of the year for students and staff at Tooleybuc Central School have had. Each and every individual student has showed progress and improvement against their prior achievement and that is something to be proud of. Students from Foundation to Year 10 will receive their report on the last day of term after the Whole School Assembly.

The Learning Pit

Our teaching staff are continuing with our HOW2Learn professional learning journey. We are focusing on what happens to the learner as they begin learning a new skill. A theory by James Nottingham is 'The Learning Pit'. Learning doesn't just happen and The Learning Pit describes the process the learner goes through when acquiring a new skill or knowledge.

When we start learning we start off in the 'concept' stage with an idea. Generally the learner starts off their learning quite excited about the idea and the fact that they are finding out about something new.

They then shift into the next stage which is the 'Challenge'. This is where the learner actually has to do something or engage with the new concepts that they are unfamiliar with, and this is a challenge, it is something that we have to learn. The learner often finds this part hard, they start to

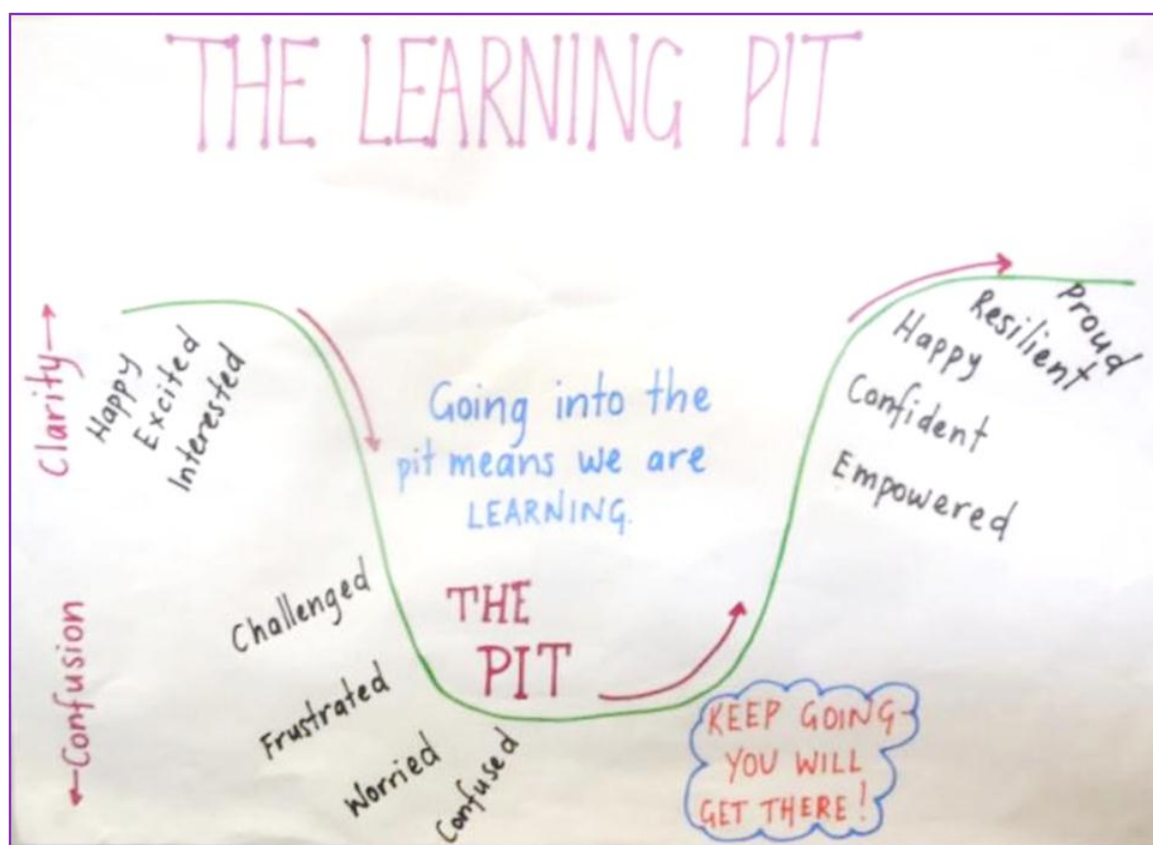

Tooleybuc Students competed at the Riverina Cross Country in Gundagai.

feel uncomfortable and uneasy and sometimes display other emotions such as nervousness or annoyance, while this might seem unfavourable, it actually means they are learning.

Once they have grappled with the idea and persisted with the learning, they start to learn, then they become more comfortable, they move to the 'construct' stage, where we are making meaning of our learning. Once we get to this stage the learner once again starts to enjoy the process and feel good

about themselves.

Think about learning required to hit a tennis ball, initially you are excited about the being able to play tennis, but once you get started and realise it wasn't as easy as you expected, you start to get frustrated and perhaps consider giving up, you are 'in the pit'. With repeated effort and feedback you start master the skill and it gets easier. As a result you become more confident and begin to enjoy playing tennis.

Thank you

Thank you to everyone who has contributed to making this term successful. Thank you to our teachers who provide outstanding educational opportunities for our students and make Tooleybuc Central School a place which develops quality people. Thank you to our parents for supporting your children and our school. It is working together with you which will allow us to do great things. We must also of course thank our students for their contribution to our school. Without you Tooleybuc Central School would not be the place that it is. Have a safe and happy holiday.

NO HEAT UP LUNCHES

Due to the kitchen upgrade, there will be no lunches heated up until further notice.

Up Coming Events Term 2 2015

Week 10

Timetable Week 2

Mon 22 Jun	PI Lamb Marking
Wed 24 Jun	Breakfast Club
Thur 25 June	Stripey the Emu – Excursion Swan Hill
Jeanie boy –	Netball Day
	Hot Dog Fundraiser – Senior Formal
Fri 26 Jun	Leanne Bibby – Classroom Session
	Whole School Assembly
	Last Day Term 2

TERM 3

Week 1

Timetable Week 1

Mon 13 Jul	School Development Day
Tue 14 Jul	First Day Term 3 for Students
Wed 15 Jul	Breakfast Club
Thu 16 Jul	Police Talk
Fri 17 Jul	PSSA/CHS Cross Country – Eastern Creek

Primary News

David Tallon (Assistant Principal)

It is hard to believe that we are half way through the year! Well done to our students who participated in the Regional Cross Country last Thursday. I hear everyone had fun and that it was a more challenging course than at Wakool. Congratulations to Sara Berg on her efforts. She finished 3rd on the day and is now off to Sydney to participate in the State Cross Country Event.

With the term drawing to a close I wish everyone a safe and happy holiday.

Coming Events

- 26 Jun – Whole School Assembly
- Reports go home/End of Term
- 14 Jul – School resumes for Term 3

Foundation

Andrea Hazlett (Class Teacher)

Foundation Class 2015 has made wonderful progress over the first two terms of the school year. This week I asked them to tell me what they have liked learning best at school. I have recorded their responses to share with you all:

“I like learning in the “Engine Room” I like reading. I’m a good reader”. Jakson

“I like learning how to read. I like number readers, the ones about Maths. I like going up the levels.” Makenna

“I like writing, you have to learn letters.” Kayla

“I like reading in the ‘Engine Room’ because I like reading. I like reading about a girl named Sam.” Rebekah

“I like doing writing. I like to do letters. I like to read the Little Chimp books.” Isabel

“I like learning. I like counting by twos and running around when we do a game on sports day.” Billy

“I like writing best. When I do a story I can draw and colour in straight. I have fun in maths. I can play hopscotch.” Campbell

“I like to learn writing. I like to do sentences. I am good at writing. I like to write about a story like the ‘Magic Hat’.” Alister

“I like to write about horses and I like writing about friends.” Riley

“I like working hard and playing sports outside.” Sebastian

“I like writing about stories we have listened to. Stories like ‘Me and My Cat’. I like doing Art.” Alyssa

“I like doing Art because I like using the paint. I like counting by threes. I can go up to fifteen.” Lucy

As you can see Foundation students enjoy many different aspects of the curriculum and see themselves as successful learners and are willing to embrace challenging skills.

Foundation in a time telling race

Foundation in a time telling race

Merit Scheme

To reward our students' positive behaviour Tooleybuc Central School runs a strong Merit Scheme. Students are awarded 'Merit Awards' during the school year and an accumulation of these merits equates to levels.

Bronze Level	10 Merits
Silver Level	Bronze plus and extra 20 Merits
Gold Level	Silver plus an extra 30 Merits.

Primary students are given a 'Lucky Dip' at the achievement of each level. Then they are presented with a certificate at our Whole School Assembly. Secondary students with the highest GEM score in each class receive the Student Of The Fortnight on Assembly. Those students who achieve Gold Level or the correct GEM average are invited to attend our End of Year Merit Excursion.

Silver Merit Awards

Foundation	Year one	Year Two	Year Three
Alister	Sienna	Jayla	
Alyssa		Emily T	
Billy			
Lucy

	Taylen		

Dietetics, Swan Hill District Hospital

Winter Warmers...

Chilli Bean Soup with Multi-grain Bread – Serves 4

You will need:

- 1 tablespoon olive oil 1 onion, chopped
- 1 X 420g can creamed corn 1 teaspoon crushed garlic
- 1 – 2 teaspoons sweet chilli sauce 2 cups water
- 1 X 810g can salt-reduced crushed tomatoes
- 1 X 420g can red kidney beans, drained
- Multi-grain toast fingers

Heat oil in a large saucepan and stir-fry the onions over a high heat for one minute. Reduce the heat, cover and cook over a low to medium heat for five minutes. Stir in all the remaining ingredients except for the corn chips, then bring to the boil over a medium heat, stirring to prevent the soup from sticking to the bottom of the pan. Serve straight away in cups and saucers or in small bowls. Toast the bread and cut into fingers, children will love dipping them into this soup.

Winter Warmers...

Creamy Broccoli Soup – Serves 4

You will need:

- 1 tablespoon olive oil 1 onion, chopped
- 600g broccoli, trimmed and chopped 2 cups vegetable or chicken stock
- 1 teaspoon dried basil leaves 3 - 4 cups milk
- Coarsely ground black pepper (optional)

Heat oil in a medium-large saucepan and stir-fry the onion over medium-high heat 2 minutes. Add the broccoli and stir-fry a further two minutes. Reduce the heat, cover and cook over low heat for 10 minutes, stirring occasionally. Add the stock and bring to boil. Cover and cook over low-medium heat 10 minutes. Allow to cool slightly. Using a blender, blend the soup in batches with the milk until smooth (add enough milk to reach desired consistency). Return the soup to the saucepan and heat through, stirring. Serve at once, sprinkled with a little pepper if liked.

Other ideas: Adding plenty of veges to soups make nutritious light meals when served with bread, bread rolls or toast. Experiment with different seasonal veges. Try replacing broccoli with finely chopped pumpkin or carrot.

Secondary News

Sean Connell (Head Teacher)

I was pleased to meeting the parents and students of our upcoming Year 7 during the Year 6 transition day on the 18th of June. It was an excellent opportunity for all students in Year 6 to experience the diversity of classes and topics available to them in High School and to compare the difference to Primary School in having multiple teachers every lesson. This was also an ideal time for parents to voice any questions they may have about the expectations of staff and academic content.

Stage 6 students are reaching the halfway point of their HSC subjects and need to ensure they are on top of the plethora of upcoming assessment tasks. This can be a particularly challenging and stressful particularly if the tasks are left to the last minute. Students need to maintain communication with their teacher and voice any concerns or difficulty they may have with tasks and time management well before the due date to ensure they don't feel snowed under. Coming toward the end of the semester, it's time to remind students, your teachers are currently writing reports and these will be distributed on Friday the 26th of June. I would like to thank all teachers for their dedication during this very hectic time of year.

SCIENCE

Sean Connell (Science Teacher)

Year 7 Science

Year 7 are currently completing a topic on Forces. Students are looking at the distinction between contact and non-contact forces and applying this information to group practical challenges. In one such challenge, the students were tasked with applying their knowledge of buoyancy to create a boat from nothing but two sheets of paper designed to hold an increasing number of weights over time. The winning team of Kiara, Grace, Sam and Thomas created a paper water craft capable of holding over 200g of brass weights and remaining afloat for over 3 minutes! A remarkable achievement.

Grace, Sam and Kiara with their winning paper boat model.

The students recently examined the properties of static electricity and can be seen here attempting to bend the flow of water.

Phoebe attempting to bend the flow of water.

Jake and Brees applying non-contact forces to a piece of paper.

Year 8 Science

The students of Year 8 have recently commenced a new topic on Body Systems. Having just completed their major Student Research Report, the students are eager to apply their analytical skills to a new area of Science. This past week has seen the students follow a camera through the digestive system of a person, witnessing each of the major organs from the inside and their importance in the functioning of the human body from the Oesophagus to the Colon. This week the students will get up close and personal with the circulatory system as they dissect a heart to view the four chambers and major blood vessels that lead into and out of the heart. Squeamish students need not apply.

Year 9/10 Science

The students of Year 9/10 have been attempting to conduct scientific investigations to solve problems centred on their areas of interest as part of their Student Research Reports. For some this was an analysis of the growth rate of wheat in different soil types, for others it was to measure the level of implosion by aluminium cans with varying volumes of water or a measure of oxygen production from the breakdown of Hydrogen Peroxide by yeast cells. Despite being a lot of fun; the students have come to understand the challenges faced by scientists in completing scientific investigations and need to control variables to prevent unexplained results. Year 9/10 are now looking to the teachings of Sir Isaac Newton and his three laws of motion and applying this knowledge to the challenges of space and time travel.

Biology Stage 6

Leeta Rutherford (Biology Teacher)

The Biology class are now officially half-way through their HSC course with two units finished and two to go. As of this week they have started their third unit 'A Search for Better Health'. The two units they have already completed are 'Maintaining a Balance' and 'Blueprint of Life'.

As a part of the 'Blueprint of Life' unit and their fourth unit ('The Human Story') some of the students and staff are participating in the National Geographic Genographic Project. So far meant that those of us participating have done DNA cheek swabs and sent these off to be processed and in a few weeks we will find out our DNA results. The results will tell us the migration paths our ancient ancestors followed thousands of years ago and we will learn the details of our ancestral makeup. This also includes finding out if any of us have any Neanderthal and/or Denisovan DNA. We all cannot wait to see our results. Anyone of any age can participate in the Genographic Project as it is a world-wide research project, if you are interested please contact me at school and I can provide with the details and costs or go online to the National Geographic website.

GEM AWARDS

Andrew Year 7
Madi Davey Year 8
Jemma Thompson Year 8
Emma Gibson Year 8
Rachael Grace Year 8
Emma Berg Stage 5

Gauging Educational Merit (GEM)

Class score	Description	GEM Average	Result
10	Outstanding effort		
9 +	High level of effort	9-10	Maintain average for a term to receive canteen voucher and certificate
8	Sound effort	8-9	Maintain average for a term to attend reward BBQ
7	Satisfactory effort		
6	Limited effort (causing some concern)		Monitoring in the subjects where your score is below 7, reporting to class teacher
5	Poor effort (unsatisfactory)	5-6	Monitoring in all classes, reporting to Head Teacher daily. Extra curricula privileges may be removed
1	Poor effort & behaviour, non submission of tasks	1-5	Monitoring in all classes, reporting to Ms Wait daily Not allowed to attend excursion and extra curricula activities

Transition Year 6 into Year 7

Sara measuring water in the Science Lab

Joseph, Cooper, Zach and Ryan preparing for a Science Prac

Careers

Kim Morton (Careers Teacher)
Career News with Mrs Morton

STAGE 6 STUDENTS

Students are reminded to use the holidays to update their resumes and consider their career plans for the future.

Career planning involves:

- **Motivation and discipline**
Building resilience,
Setting goals,
- **Recognizing your learning styles and strengths and weaknesses.**

It should be remembered that choosing a career can be hard work. Use the holidays to develop some career goals (re-visit previous career goals) and recognize your strengths and weaknesses. This will ultimately help you gain a higher level of wellbeing. It will also help you focus on the final phase of your schooling before transitioning into the next phase of your life.

WORK PLACEMENT/WORK EXPERIENCE

These will occur in Term 3, Week 9 for Primary Industry students and Year 10 students. Stage 5 Metals and Auto students will be undertaking their first VET work placement in Week 2, Term 4 so it is important that students are discussing suitable options with their Tafe teachers. Please see Mrs Morton if you have any questions regarding these.

Reminders:

- **'At Monash' Seminars – Engineering** (Clayton), Thurs 15 July - **Business and economics** (Collins St Melbourne); **Information:** 1800 666 274; **Register:** www.monash.edu/seminars
- **Be You at VU** – find out about VU; 8 July; **Register/information:** www.vu.edu.au/be-you-at-vu.

- **Keeper/Vet for a Day** – Healesville & Werribee Park; **Info:** www.zoo.org.au/education/careers-programs; **Bookings:** 1300 966 784.
- **Discover Deakin** - get a taste of university life; **When/Where:** Tues 30 June at Burwood campus & Wed 1 July at Geelong Waterfront campus; **Register:** www.deakin.edu.au/discover-deakin.
- **Experience ACU** – get a taste of life at ACU; **When/Where:** Mon 29 June (Melbourne campus, Fitzroy) & Tues 30 June (Ballarat campus); **Register:** www.acu.edu.au/uni-experience; **Info:** 1300 275 228.
- **Experience La Trobe** – get to know the La Trobe community and be a uni student for a day. **When:** 9 July (Bundoora); **Register:** www.latrobe.edu.au/experience.
- **UniExperience at Melbourne** - Year 11 students (rural/border regions, first in their family for tertiary study, Indigenous Australian/Torres Strait Islander); 9-10 July; See <http://futurestudents.unimelb.edu.au>.
- **Science in the RMIT City Lab Tours** - see laboratories; Mon 29 June; **Info/registration:** www.rmit.edu.au/appliedsciences/discover.

INFORMATION TECHNOLOGY AND ENGINEERING SEMINAR FOR GIRLS – Monash University is again running ENGenUty, an event for girls interested in **information technology and engineering**. The aim is to inspire and encourage females to pursue a career in IT or engineering. Find out more about IT and engineering, connect with like-minded people, and discover the world of IT and engineering professionals. Be involved in hands-on activities that will expose you to the different fields of IT and engineering. **When:** 10am-4.30pm, Tues 30 June; **Where:** Monash Clayton; **Cost:** Free (incl morning tea and lunch); **Contact:** Melina Talanis ph. 9902 0108, melina.talanis@monash.edu.

YOU WANT TO BE AN OCCUPATIONAL THERAPIST? Austin Health is holding an **information and demonstration evening** for those interested in this career. Hear from OT's experienced in **spinal rehabilitation, hand therapy, mental health and neurology**. **When:** 5pm (registration), 5.30-8pm (sessions) Thurs 16 July; **Where:** Education Precinct, Level 4 Austin Tower, Austin Hospital, Studley Rd, Heidelberg; **RSVP:** to Lucinda.russell@austin.org.au by 9 July; limited seats available.

NEW FASHION FACILITIES AT RMIT – RMIT has just launched as **\$8 million fashion hub at the Brunswick campus**. It features new **design studios, specialist machine rooms, an interactive lecture theatre and lounge spaces**. RMIT

Brunswick offers an Associate Degree in **Fashion and Textiles Merchandising**, Certificate IV in **Fashion and Textiles Merchandising**, an Associate Degree in **Fashion Design and Technology**, and the **Bachelor of Fashion (Design Technology)**. Check out the Brunswick campus and courses at RMIT Open Day on Sunday 9 August, 10am – 4pm. The 4-year **B. Fashion Design** is taught partly at the City campus and partly at the Brunswick campus. **NOTE:** Some similar fashion courses are available at Holmesglen (City campus), Box Hill Institute and Kangan Institute (Richmond campus).

EARLY OFFER ‘ASPIRE’ PROGRAM AT LA TROBE UNIVERSITY – The **Aspire** program, launched in 2014, saw **1,100 students** receive early offers for courses at La Trobe for 2015. Many students work hard to make **positive changes** in their **schools and communities through volunteering**, and La Trobe wants to **recognise these efforts**. La Trobe has announced a working partnership with the Country Fire Authority and the Duke of Edinburgh program. These partnerships reflect the desire of La Trobe to collaborate with people and organisations that share the vision of making a positive difference, and will help recognise the impact students are making in their communities. More information about the Aspire program can be found on the La Trobe website. Online **applications opened on Monday 1 June**. See: www.latrobe.edu.au and search **Aspire** program.

AUSTRALIAN CATHOLIC UNIVERSITY (ACU) has six campuses, two of which are in Victoria, in **Melbourne (Fitzroy)** and in **Ballarat**. It has over 33,000 students nationally, with over 10,000 in Melbourne. It offers higher education courses and VET courses (through ACUcom).

In 2016 some **new higher education degrees** will be on offer. From 2016 the **Bachelor of Biomedical Science** will be offered in double degrees with **B. Applied Public Health**, **B. Laws** and **B. Business Administration**. These will give students with broad interests the opportunity to study those interests, while potentially increasing career opportunities.

From 2016 the **B. Exercise and Sports Science** degree will be a pathway to the post graduate **Masters in Clinical Exercise Physiology** and **Masters in High Performance in Sport**. The former **B. Sport and Health Science** will be replaced with the **B. Physical Activity and Health Science**. This will be a pathway to the **Masters in Teaching**, or to the two **Masters programs** available from the B. Exercise and Sport Science (above).

As noted in a previous edition, **ACU will offer the B. Physiotherapy at the Ballarat campus in 2017**. **Prerequisites** are at least 30 in English (EAL) or 25

in any other English and a study score of at least 25 in one of biology, chemistry or physics (to be confirmed). **NOTE:** EAL refers to English as an Additional Language (this usually relates to international students).

ACU offers the **Early Achievers Program (EAP)**, recognising that students have **more to offer than academic results**. ACU will consider contributions made to the community through school or workplace, community organisations and cultural and/or religious groups. **Applications open:** Mon 19 August. See: www.acu.edu.au/early-achievers.

BOX HILL INSTITUTE’S CERTIFICATE IV IN DISABILITY – Box Hill has partnered with AMAZE Victoria to co-deliver the **Certificate IV in Disability**. It is the only course that offers the *Support individuals with Autism Spectrum Disorder* unit, an area which is growing in the industry. Negotiations are also in process to offer students the opportunity to undertake **Sign Language (Auslan) Level 1** as a part of this course. The course provides access to industry, guest speakers and targeted skills development sessions (e.g. The Road to Empowerment – drama therapy techniques). The course is offered 2 full days per week. Job placement in the industry is high for graduates.

OBTAINING AN APPRENTICESHIP – Well and truly gone are the days when a 15 year old could easily obtain an apprenticeship. The employer would assist with transport to the work site, would teach the apprentice from scratch, and the apprentice would often leave school with little idea of what the trade involved. Nowadays, employers generally prefer the new apprentice to have **completed Year 12**, be **at least 18 years old**, with a **driver’s licence and a vehicle**, and to have completed a **pre-apprenticeship** in the trade involved. Sometimes the apprentice will have completed the **pre-apprenticeship** while at school in a **VET program (e.g. Automotive)**, or alternatively they will have completed it at a VET provider after completing Year 12 (taking about four months). Pre-apprenticeship courses are available in many trades such as **automotive, carpentry, electro technology, furniture making and plumbing**.

Once these requirements have been met, the would-be apprentice must find an employer willing to take them on to complete the apprenticeship. These can sometimes be found among friends, relatives, sports associates and so on. Alternatively, **Group Training Companies** employ many apprentices. See: www.grouptraining.com.au. It is also interesting to note that many apprentices these days are well over 18 years; they are quite commonly well into their 20’s, after leaving another career.

VOLUNTARY CONTRIBUTIONS 2015

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year.

These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Technology Fee	All Years F to 12	\$10.00
Current voluntary contributions including Technology Fee	Infants and Primary	\$52.00
	Years 7 + 8	\$98.00
	Years 9 + 10	\$57.00
	Years 11 + 12	\$57.00
Industrial Technology	Year 9 + 10	\$52.00 plus materials
Design and Technology Food:	Year 9 + 10 elective	\$62.00
Primary Industries	Year 11 & 12	\$75.00
Business Studies	Year 11 & 12	Excursions as required
Sport Lifestyle and Recreation Studies	Year 11 & 12	Excursions as required

Wanted

Second hand uniforms in good condition. If your child has outgrown their uniform please consider donating it to the school.

STUDENT ASSISTANCE SCHEME APPLICATION FOR SUPPORT

If you would like an application for support please contact the school.

Education & Training

Canteen Menu 2015

Term 2

Lunch (all hot food must be ordered)

Pie	\$3.00
Sausage Roll	\$2.00
Party Pie	\$1.00
Mini Pizza (Ham & Pineapple or Ham & Cheese)	\$2.00
Quiche	\$3.00
Dim Sims (soy sauce – no extra charge)	\$0.50
Chicken Nuggets	\$0.50
Tomato Sauce	\$0.20

Snacks (do not include in lunch order, students to purchase at lunch time)

Muffins (Double Choc)	\$1.60
Bulla Frozen Yogurt (Strawberry and Mango)	\$1.60
Billabong Triple Swirl	\$1.50
Chips (Honey Soy)	\$1.00
Raspberry Twists	\$0.20

Drinks

Big M (Chocolate, Strawberry & Iced Coffee)	\$2.00
Play water - 350ml (purple, lemonade, red, fruit tingle)	\$2.00
Prima (as drink or frozen) (apple/blackcurrant and tropical)	\$1.20

Lunch orders are to be written on a paper bag including students name and year (with money inside). Orders are then to be taken to front office by students or sent with the rolls.

Please remember to include only hot food and drinks on student's lunch orders. All snacks are to be purchased from the canteen at lunchtime.

Please note Raspberry Twists are now **.20c** each

CANTEEN ROSTER

Term 2

26/06/15 Peta Hickey & Roxy Chapman

Term 3

17/07/15 Sharon Rogers & Belinda Khoeler
 24/07/15 Peta Hickey & Paula Pyatt
 31/07/15 Tracey Domaille & Brenda McClelland
 07/08/15 Melissa Thompson & Sue Williams
 14/08/15 Kelli Edelsten & Roxy Chapman
 21/08/15 Annette Blachford & Janina Mammone
 28/08/15 Lauresa Grace & Mereeka Andrews

Hospice

We have a donation jar at the front office for the Swan Hill Hospice, if you have any small loose change it will go to a wonderful cause.

Our PJ Casual Day will be going towards the Hospice.

Label everything!

Your child's belongings can get easily misplaced at school. Please label all of your child's belongings with their name. Don't forget books, pencil cases, clothing and school bags.

Writing school notes

If your child is absent, you need to write a note within seven days:

1. It must explain why your child missed school
2. Include how many days your child was away
3. Remember to include the date or dates
4. Place this in your child's school bag
5. Remind your child to give the note to the teacher
6. If your child is going to be away for more than three days please call the school to let the teacher know. You will still need to write a note when your child returns to school.

Nyah Bridge Closures

Closures for maintenance work on Nyah Bridge on Speewa Road from Tuesday 30 June 2015.

Roads and Maritime Services will deliver this project to do maintenance work on the bridge and the bridge lifting system.

The bridge will be closed to ensure the safety of bridge users and workers from Tuesday 30 June to Thursday 2 July between 8am and 5pm, weather permitting.

Changed traffic conditions

Road users are asked to follow the direction of traffic controllers and follow traffic signs.

Detours will be in place via Swan Hill and Tooleybuc. This will add another 40 minutes to a motorist's journey.

Vehicles over 3.7 metres wide will need to detour via Swan Hill.

We apologise for any inconvenience this work may cause and appreciate the patience of residents and road users.

Up to date information, including any date changes and detours will be displayed on electronic message signs along the road.
