Melanie’s Thoughts

Melanie Wait
Principal

Amazing Attendance
I would like to congratulate our students on their wonderful attendance so far this year. As of the 14th March 2017 over 98 students in our school had attendance of 95%. This is wonderful and means that our students are giving themselves the best chance to succeed in their learning.

If you child is away, please contact the school Front Office on 03 50305422, use the SkoolBag App or email tooleybuc-c.school@det.nsw.edu.au be mindful that contacting personal phones may create issues if they are not in the office at the time.

Dealing with Issues
Just a reminder that if you have any concerns at school, please make sure that you do contact the school as a first point of contact so we can work towards a resolution. While I understand that there are some grey areas, for example the buses, the school should be made aware of the problems so we can support our students. It is inappropriate for a parent to speak to another child regarding their behaviour.

Sporting Stars
We have had students representing our school in a range of capacities over the last few weeks, including swimming, tennis, cricket, football and netball. I have only had extremely positive reports regarding the behaviour and conduct of our students.

We must congratulate Murdoch McKenzie who has qualified to compete in the PSSA State Swimming Carnival later this term.

Thank you to Mr Tallon and Mr Miller for their efforts organising these events and to the parents for transporting and supporting our students.

Photos
Thank you to all those people who send through photos of their children at sporting events. To make it easier with downloading and saving etc can you please email them to tooleybuc-c.school@det.nsw.edu.au .

Just a reminder to ensure that you have parental permission from other children's parents prior to taking photos and most certainly before they are posted on any form of social media.
Reading at Home

Purpose
To build fluency, comprehension, word-solving and a love for reading in a supportive, loving environment using tact at an independent level.

Guidelines
1. Sit next to your child while s/he reads so you can see the words & illustrations.
2. Expect it to be on the easy side.
3. Make it your child’s responsibility to return it to school every single day.

Parents, please make a point to...

Support & Compliment

Word-Solving
When an error is made, W R A T to give your child a chance to work on it independently.
When you return, they are going to keep going, stop them saying something like, “Try that again,” or “You make a mistake.”

Comprehension
Ask questions that invite recall and thinking, such as: “Why do you think... happened?” or “What do you think... means?” “Help your child to build comprehension as needed.

Fluency
Model expressive reading & have your child echo read. Encourage just-right pacing; too fast, too slow. Demonstrate how to attend to the punctuation (pausing at the end of sentences, adding expression based on the punctuation marks).

No Hat No Play

Students should be bringing a hat from home to wear outside. If they do not have a hat they must stay in the shade.

Hats are no longer available from the Front Office to borrow.

Merit Scheme

To reward our students’ positive behaviour, Tooleymbc Central School runs a strong Merit Scheme. Students are awarded ‘Merit Awards’ during the school year and an accumulation of these merits equates to levels.

Bronze Level 10 Merits
Silver Level Bronze plus an extra 20 Merits
Gold Level Silver plus an extra 30 Merits.

Primary students are given a ‘Lucky Dip’ at the achievement of each level. Then they are presented with a certificate at our Whole School Assembly. Secondary students with the highest GEM score in each class receive the Student Of The Fortnight on Assembly. Those students who achieve Gold Level or the correct GEM average are invited to attend our End of Year Merit Excursion.

**Year One/Two**

**Emma Gentle (Year One/Two Teacher)**

Over the last two weeks Year 1/2 have been reading and completing tasks on the text ‘Shhh! Little Mouse’ by Pamela Allen. We have re-written the ending to the book and recreated a page of the text. Students completed an art activity that required them to stick all the food that the mouse had eaten on his tail.

‘I like the book because it’s funny when the mouse eats everything’ - Bec

‘The book is great to read because the cat chases the mouse’ - Campbell

‘The mouse tries to be as quiet as he can and sneak past the cat’ - Billy

Secondary News
John Hocking (Head Teacher)

Over the course of a secondary teacher’s career (or perhaps even over the course of his or her day), he or she will hear the question, “When am I ever going to need to know this?” As a Maths teacher, it’s one I hear often – typically during the introduction of the abstract theory underpinning a mathematical concept like algebra or trigonometry. However, teachers of all subject hear questions like:
- “When will I ever need to know that red and yellow make orange?”
- “When will I ever need to know the atomic structure of hydrogen?”
- “When will I ever need to know how to analyse a character in a book?”

On one level, these questions are reasonable – a particular student may never have a practical application for any individual piece of knowledge that they acquire. This is even true of university students – I have never had any practical application for knowing how to design a steel-reinforced concrete beam in my career. So on one level, that particular student may never need that knowledge.

The key word, here, though, is “may”. Nobody is clairvoyant. Nobody knows exactly what the future holds (and anyone who claims they do is not to be trusted). What current trends indicate, however, is that, in the future, people are more likely to change jobs and even industries much more frequently. That system will favour those students who have the most flexible and adaptable knowledge and skills.

Developing more knowledge about a wide variety of subjects takes effort in the immediate term. It might mean that a student can’t do everything he or she wants to do. The flip side of that, though, is that there will always be another party. There will always be another footy/ cricket/ netball/ tennis/ basketball training/game/season. Those opportunities will still exist for our students in the future. What won’t exist, though, is the time to learn the broad range of knowledge and skills that will serve as the foundation for students’ work lives, for their ability to understand the news and for their ability to appreciate both their own and other cultures.

Whereas we, as a society, once put children to work in factories or farms, we now invest in them the time to learn. It has undoubtedly enriched our society monetarily, but also culturally. Rather than wonder why we need to learn about mining or algebra or music or novels, students should embrace the opportunity to understand the world beyond their horizons. That is the where the profits of society’s investment are found.

PDHPE
Ben Miller (PDHPE Teacher)

In all PDHPE classes students have been working hard testing their fitness levels through a variety of different activities to test their cardiorespiratory, muscular strength, muscular endurance, flexibility coordination and agility fitness levels. They have worked very hard and we will use these results for retesting later in the year.

The school Cross Country carnival will be held on the last day of term. Students should be practising and training to ensure they are fighting fit for the run. The School Athletics Carnival is also coming up and will be held in Week 2 of Term 2. Over the next few weeks students will be practising the field events during PDHPE and Sport lessons to ensure everyone has correct technique and enjoys the day in safety.

Cricket
On Tuesday the 14th of March, twelve students from years 7-10 competed in the annual cricket match against Balranald. All students played extremely well and enjoyed the day immensely.

The bowling attack started very strong with the fall of a few Balranald wickets saw them 3-35 from 11 overs. However Kobie stuck a nice 62 to rescue Balranald from certain defeat. Mitchell bowled a
nice 4 overs taking 4 wickets and the scalps of the two Lloyd brothers.

Our batting started nicely with Cooper and Riley standing strong until the fall of Riley’s wicket. Cooper played some brilliant shots that had Balranald scrambling to regather the ball and slow him up until a bungle between Cooper and Sam saw Cooper run out for 13. Mitchell yet again starred with the bat scoring a very handy 17 runs.

Mitchell’s partnership with Jake was outstanding as they put on a clinic and demonstrated perfect batting technique creating a total of 38 runs. Cody W was next to bat and after he was settled he looked to finish out the innings before some tight bowling from Balranald saw Cody finish up with 10 runs to the teams total.

Unfortunately a few batting errors meant that we struggled to achieve Balranald’s total of 143. The stand out players were; Cooper, Mitchell, Jake and Cody W. Well done to everyone who assisted.

Thank you to Craig McNab for rolling the pitch and markings the lines. Thank you to Tooleybuc Cricket Club for the use of some equipment and to the green keepers at the Tooleybuc Sporting Club for preparing the pitch. Well done to everyone.

**Educational World Travel - G'day USA**

Following the successful trip in 2016 to the USA, Joanne from Educational World Travel will be speaking to Years 7-10 about the possibility of another trip in 2019. The students will be having an information session before sport on Monday the 27th of March to show them the possibility to experience another country, the way they live, study and play. The trip is open to anyone between the age of 14-18 years and will possibly be run in 2019. There will be a parental information session to be held in Term 2 which will give the parents the opportunity to ask questions and find out more information about the program. If you have any queries please contact me at school.

Ben Miller (G'day USA Co-ordinator)

**Career News**

*Mrs Morton (Careers Teacher)*

**WORK PLACEMENT and WORK EXPERIENCE**

Primary Industries students will be undertaking work placement in Week 10 of this term. Students are reminded to return the required paperwork to Mr McCarron ASAP.

Year 10 Work Experience shall occur in Term 3 and 4 of this year for all Year 10 students. All students have been given a note with the dates and the procedures involved. If you haven't received one please contact the school as this is important to note on the calendar.

If students are undertaking the Accountancy Work Experience Program they shall be out from 9th-12th May.

All Year 10 students are currently undertaking work in Careers to assist them with work experience preparation, in addition to completing the required WHS modules and gaining knowledge on creating a resume and writing a job application letter. Year 10 students also have the opportunity to undertake their White Card (Introduction to the Construction Industry) on May 8th at Balranald Central School. A note regarding this shall be sent out closer to the date.

**Accountancy Talk**

Last week all Year 9 and 10 students and interested senior students were given an opportunity to listen to Andrew Gilchrist from Logan and Hall talk about his pathway into accountancy and the opportunities available for those choosing this as a career pathway. Andrew delivered an engaging and interesting talk and we thank the MMLLEN for their organisation of this.
WHERE TO FOR JOBS? We all hear about loss of jobs, the changing employment scene, part time work, underemployment, jobs of the future. Obviously the future job situation is very hard to predict, but clearly, young people of today face tough decisions and an uncertain future regarding their study and career options. In this regard, you might be interested to read some of Jan Owen's thoughts in the publication The New Work Order: Ensuring young Australians have skills and experience for jobs of the future, not the past, at http://www.fya.org.au/2015/08/23/media-release-young-people-hardest-hit-by-new-work-order/. She believes that there will be three key economic drivers – automation, globalisation and collaboration. It makes for interesting, if concerning reading, with young people facing career/employment options entirely different from many of the older generations.

SOME OPEN DAY DATES FOR 2017 – These dates are supplied now for your diaries so you don’t double book activities on these days. Attendance at Open Days is vital for senior school students. They are especially important for courses which involve a folio presentation, an interview, an audition or completion of some type of information kit as part of the application process (e.g. many art, design, and drama and music courses). You need to see the facilities, go to an information session, talk to staff/students, and compare institutions.

- VICTORIA UNIVERSITY – Sun 20 August (Footscray)

SWINBURNE NEWS - Swinburne is both a university and a TAFE provider. Its main campus is in Hawthorn, right by Glenferrie station. It also has campuses in Croydon and Wantirna. It offers courses through from Certificates to Doctorates.

- GROWTH - Swinburne experienced a 15% increase in first preference applications for courses for 2017 over the previous year. There was also a 5% increase in offers of places at Swinburne. This was despite an overall fall in offers in Victoria of 6%. Health Sciences experienced the greatest increase of 117% over the last year. Design achieved an 18% increase, Computer Sciences/ICT increased by 16%, Business by 15% and Media and Communications by 13%.

- SCHOLARSHIPS - From 2017 onwards, scholarships of $5,000pa will be automatically offered to Swinburne applicants who receive an ATAR of 95 or more (no separate application required). Various grants are also available (apply direct to Swinburne). In addition, the High Achievers Program (HAP) will provide students receiving an ATAR of 95 or more with mentors, a personalised program, projects, and one-on-one assistance.

- NEW COURSES AT SWINBURNE IN 2017 will be the Bachelor of Nursing (with a technology focus) and the Bachelor of Engineering Practice. There will also be a Diploma of Advanced Technologies.

- Swinburne is commencing an EARLY LEADERS PROGRAM. The ELP provides secondary students with opportunities to build and document their individual strengths and interests. The program identifies students who show enthusiasm and achievement in areas outside their secondary studies, including volunteer work, club or society participation, school projects and career exploration. By documenting and reflecting on their skills and achievements, students will create a valuable resource with certified credentials from Swinburne for use in applications for employment, further study or other pursuits. Part of the reason for this program is that students are individuals with individual talents that may not be recognised
by the ATAR system. NOTE: It is not an early offer program. The program is aimed at students in Year 11. Register interest at: http://www.swinburne.edu.au/early-leaders.

- Swinburne is now offering a Master’s degree in OCCUPATIONAL THERAPY, and from 2018 – 2020 will introduce Masters Degrees in PHYSIOTHERAPY, DIETETICS and SPEECH PATHOLOGY.

LA TROBE UNIVERSITY NEWS – La Trobe’s main campus is located at Bundoora (Melbourne), and has campuses in Bendigo, Albury-Wodonga, Shepparton and Mildura. La Trobe turns 50 this year!

- ‘EXPERIENCE LA TROBE’ – How can you find out about studying at La Trobe University? Experience La Trobe provides an opportunity to attend workshops, lectures, and seminars whilst being exposed to areas of the university not usually available on Open Day. You’ll be able to talk to current academics and students to find out what their dream career is really like. Parents can attend the parents’ session if they wish covering topics like university costs, courses and admissions. When: Melbourne: 9.30am – 4.30pm, Fri 7 April & Thurs 6 July; country campuses have Experience Days later in the year. Registations and information: http://www.latrobe.edu.au/experience/events/experience-la-trobe-events

- ASPIRE – La Trobe has offered the ASPIRE program for three years now. ASPIRE students have shown a significant commitment to their community through volunteerism, service and leadership. As a result of this, ASPIRE students are able to access a place at La Trobe on a significantly lower ATAR than otherwise required. Many employers indicate that volunteer experience gives candidates an advantage, and ASPIRE students are leading the way in employability. More information on applications for 2018 later.

WILLIAM ANGLISS INSTITUTE – William Angliss Institute is a specialist centre for food, tourism, hospitality and events careers. Located in La Trobe St Melbourne, it offers modern training facilities, a training restaurant, demonstration kitchens and a wide range of courses from certificates to degrees.

- Applications are now open for CERT III in AVIATION (crew), starting in April. The course in for full-time study only and program runs from April to September. Ally direct to William Angliss at www.angliss.edu.au. NOTE: airlines provide their own training in addition to this.

- The William Angliss Skills and Jobs Centre will be holding an industry insight into the travel and tourism industry, designed for those interested in pursuing a tourism career who would like to gain knowledge of the industry. When: 4pm, Thurs 16 Mar; Where: William Angliss Institute, 555 La Trobe St, Melbourne. Register on the William Angliss website.

- The Institute is conducting School Holiday Programs in April, July and September. These will involve hands-on activities in one specialist area, a campus tour, catered lunch and course information session. The April session will be on Thurs 13 April. Book on-line.

A Quick Bite …

Make your food budget stretch further

Try these top tips:
- Write a list. You’ll be more likely to only buy essentials this way.
- Limit ‘extra’ foods like chips, chocolates, lollies and soft drinks. These foods are poor value for money.
- Try to stick to unpackaged foods – packaged foods are much more expensive.
- Buy fruit and vegetables in season; they are cheapest and freshest.
- Consider buying a whole box or bag of fruit or vegetables and split between 2-3 households.
- Buy staples like bread and meat in bulk. They’re cheaper and can be frozen.
- Shop at night. Supermarkets tend to reduce the prices of many perishable foods at this time. If you are not sure what time they reduce their prices, ask.

**VOLUNTARY CONTRIBUTIONS 2017**

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year. These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

## Canteen Roster

To be advised soon.

Thank you to all volunteers who helped in the Canteen this year. More volunteers are always welcome.

If you are unable to do duty on your rostered day please contact someone else on the roster and arrange a swap.

Canteen duty is from 10:30 am until 2.30pm.

Lunch orders are to be written on a paper bag including students name and year (with money inside). Orders are then to be taken to front office by students or sent with the rolls.

### Did you know that you can make payments to your child’s school online?

We have launched a new online payment portal linked to your school’s website to make it easier for you to pay for school related payments. This is a secure payment page hosted by Westpac.

**What expenses can be paid online?**

- Voluntary School Contributions
- Subject Contributions
- Excursions
- Sport
- Creative and Practical Arts
- Sales to Students
- Other

**When?**

This payment method will go live on 24/10/16.

**How?**

Log onto School site at [www.tooleybuc-c.schools.nsw.edu.au](http://www.tooleybuc-c.schools.nsw.edu.au/) Click on ‘Make a Payment’ and follow the prompts to make a payment via Visa or MasterCard.
