Melanie's Thoughts

Stymie Launch

On Wednesday we had Rach Downie from Stymie do our official launch of the online notification website. The Stymie website enables students to make anonymous notifications about peers they believe are being bullied or harmed. Once the notification is made, our school receives the information via email and then we are able to deal with the issue appropriately.

The focus of the presentation was the theme #saysomething. As adults we have tried tirelessly to stop bullying but what we need to help it stop is for our students to be courageous and to not be bystanders but to actually say something, hopefully in person but if not they are able, then they can use

the Stymie website to do this.

Sporting Success

What an amazing fortnight we have had on the sporting field. Last week we had the Under 16 Girls win the Southern Zone competition which means they have qualified to compete in the State Final in Dubbo next term. Our Cross Country runners also received some excellent results at the Riverina Carnival in Gundagai with Taylen placing 1st in the 15 year old girls, Jake placing 2nd in the 17 year old boys and Lucy placing 3rd in the 10 year old girls.

Learning Goals

Some of our students have currently been revising their progress on the learning goals they have set to see how they are progressing this year. Some students feel they have achieved their goals and have created new goals while others are still focusing on their goals from the beginning of the year. Spend some time talking to your child about what their learning goals are and how they feel they are working towards these.

Our netball team were undefeated at Leeton and will now compete at Dubbo.

Chaplin

Our Chaplin Liz Hindle is starting a Wellbeing section in our newsletter. There will be regular contributions focused on supporting our students.

Wellbeing 'More meaningful mealtimes' 14/6/19

A great way to support your child is through more meaningful mealtimes. Work, driving kids to sport, dance or other after-school activities, and getting chores done keeps us pretty busy and we easily forget to sit down as a family and enjoy some food together! Dinner time is a great chance for everyone to chat and stay up to date with each other's lives, which leaves us all feeling happier and healthier! ☺ If this is something your family isn't doing, try having more meaningful mealtimes!

Working With Children Check

At Tooleybuc Central School we are lucky to have a strong band of volunteers who work tirelessly for our school.

In 2017 the NSW Department of Education revised procedures regarding Working with Children Checks (WWCC).

If you wish to volunteer whether it is in our canteen or helping with activities etc please make sure you have completed Appendix 5 (attached).

Any parent attending an overnight excursion **MUST** have a NSW WWCC (not the volunteer declaration).

The Department of Education now requires all volunteers to:

- Complete Appendix 5 (Attached).
- Provide a copy of 100 points of identification for our records.

If you have a current **NSW** WWCC, please provide this as well as 100 points of identification. Please note: A Victorian Working with Children's Certificate is not accepted in place of a NSW WWCC.

Those of you who already have a current NSW WWCC please forward a copy clearly stating your expiry date to the school email: tooleybuc-c.school@det.nsw.edu.au

(Other *specified* volunteers who are involved in programs such as Scripture, will require a current NSW WWCC, and 100 points of identification. The closest centre for completing a NSW WWCC is at the Service NSW Balranald Agency).

Liam, Bill, Oliver, Lucy and Sophie competed in the Riverina Cross Country at Gundagai.

Primary News

Assistant Principal

Louisa Frost (Assistant Principal)

It was great to see so many parents attend the Primary Assembly this term. I hope you enjoyed hearing about all the things that have been happening around the school, from the students!

I also enjoyed the chance to talk to you afterwards, as the students shared some of the VCOP activities they have been completing in class.

This week we welcomed the preschool for their first transition morning, it was great to see them all here getting a taste of what school will be like. Next week our Year 6 students will have their first transition day, I am sure they will enjoy everything the secondary department of our school has to offer.

Congratulations to our Cross Country runners who competed at Gundagai. I hear you all represented the school with distinction.

As we approach the half way mark of the school year, it may be worth checking in with your students about whether they have enough glue sticks etc. Being organised in class certainly helps them to be efficient in completing their work. It is also a good time to check on their uniforms as we have a continually growing pile of lost property.

Their work can often be after hours and on weekends and involves a great deal of contact with the public and associated professionals such as; builders, valuers, solicitors, conveyancers, banking personal and local council representatives. Real Estate salespeople may specialise in areas such as residential, commercial or business sales. After gaining industry experience, some real estate professionals choose to pursue work in other related positions such as: Property Developer, Property Manager, Finance Broker, Property Broker, Valuer, Investor, Asset Manager or Property Market Analyst.

Real estate salespeople:

- Discuss the method of sale, presentation of the property, costs and inspection times with vendors (sellers)
- Estimate the current market price and suggest a reserve or minimum selling price by

Career Profile – Real Estate Salesperson
Name: Raymond Gregory **Current Position:** Self-employed

Can you tell us where you studied, how long your course duration was and where you undertook your work experience (if any) to become qualified as a Licensed Real Estate Agent? I studied at Chisholm Institute (Frankston campus) and studied the 'Agents Representative' course part-time for 6 months.

Whilst you were studying at secondary school, did you know that real estate is what you wanted to get into?

No, I actually completed an apprenticeship as a chef after school and worked in hospitality for a number of years before commencing work in real estate. I completed some work experience and really enjoyed it, so then enrolled in the agent's representative course.

What do you love about your job? I love meeting people and assisting them in one of, if not, the biggest purchases of their lives. I enjoy selling property for the best possible price. The scope of the industry is also really great. Initially, I started in new home sales and later took an interest in larger scale developments, so I now work with developers and builders in project management and property investment sales.

What personal requirements would you say are necessary in your position? A good work ethic is essential, a love for property and facilitating deals. Having good attention to detail through paperwork and computer literacy is also really helpful.

What are the challenges of your job and the best ways to overcome those challenges? The hours include evenings and weekend work as this is when clients are available for inspections and appointments. As a result, your working hours can be long so it is important to manage a healthy work/life balance. Other challenges include managing people's desires with real outcomes and working to deadlines.

VOLUNTARY CONTRIBUTIONS 2019

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Community Services – Community Transport

Expansion of services to the Tooleybuc and remote communities

Murray River Council, Community Services clients in remote communities will benefit from improvements and expansions to the current community transport service delivery.

From 1 July 2019, residents seeking transport to Swan Hill and other regional centres will have access to our community transport service 5 days a week, utilising our volunteer and spare seat capacity via a simple booking system.

Tooleybuc and remote residents can access this expanded service via a simple phone booking system.

The current Friday service will continue, however we will also offer you other days to best suit your needs and our car/driver availability.

Overall, our service is expanding to you, by offering you spare seat capacity in our existing community transport service.

Am I eligible?

People living in remote communities, living independently in their home, with no alternate means of transport, are eligible for this service.

Booking enquiries are most welcome, and can be directed to the local Community Services Officer on **0437 398 259**.

How do I book a seat?

This expanded service will operate using a simple pre-booking system:

1. Ring **0437 398 259** to book our car (at least 3 days notice)
2. Our local Co-Ordinator will confirm there is a seat available
3. If all seats are booked, you will be offered an alternate day

Murray River Council, Community Services is proud to continue to improve and expand our services to you.

Any queries related to this change can be directed to your local Co-Ordinator, or alternatively Manager Community Services, Jackie Ingwersen on **0427 806 398**.
