Melanie's Thoughts

Elephant Ed Workshops

Over the last two weeks we have had workshops for students from Year 5 - 10 hosted by Elephant Ed. The workshops focused on the physical, social and emotional changes involved in puberty. The feedback from these sessions has been extremely positive and well received by all of our students.

Thank you to all the parents who joined our Parent Session on

Monday evening. This session talked about the importance of parents following up these conversations and answering any questions children may have.

Youth Police Liaison Officer

On Thursday this week, Amy Epstein, Youth Police Liaison Officer, from Albury visited and talked with students from Year 5 - 10 about harassment and assault and cyber safety. These workshops provided important information to students about their rights and responsibilities and was a great follow up to the legal rights and responsibilities of some of the issues presented in the Elephant Ed workshops.

Year 7 and 8 gardens are growing.

Principal: Melanie Wait

School Fun

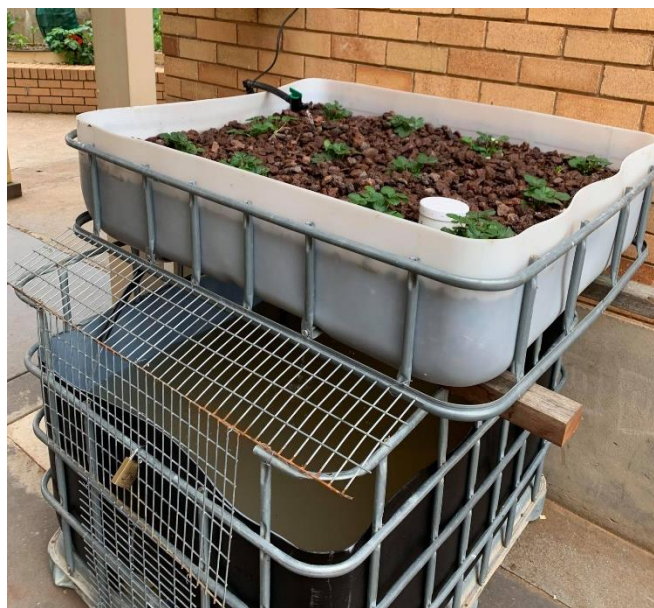

We are very excited about our School Fun Run that we are hosting next Friday. This will be a short course for students to complete. The most exciting part of this day is that it will also be a 'Colour Run'. We feel that this will be a wonderful activity for students to enjoy after the limited opportunities we have had to participate in activities this year.

Transition Day

Monday the 16th of November will be our Whole School Transition Day. This will be a wonderful opportunity for students to get a feel for what their class will look like next year. If you know of anyone considering Tooleybuc Central School, please get them to contact our school Front Office.

Miss Overall and students tending to plants in Gardening Club.

Aquaponics is up and running.

Yabbies set up in fish tanks.

Gardening club help watering the gardens.

Fuel the connection

Our own experience, neuroscience and human history all tell the same story - that is, as humans we are made for connection. Think of it like how a car can't run without fuel, humans are dependent on connection.

All sorts of problems can arise for cars, and for us, when tanks are getting low. If your car tank was getting low and you had no way of filling it up, you might be less motivated to go places. You might worry about things you wouldn't if your tank was full (will I make it, what can and can't I do, etc.). You might even find yourself stealing from someone else's tank who has got more fuel than you.

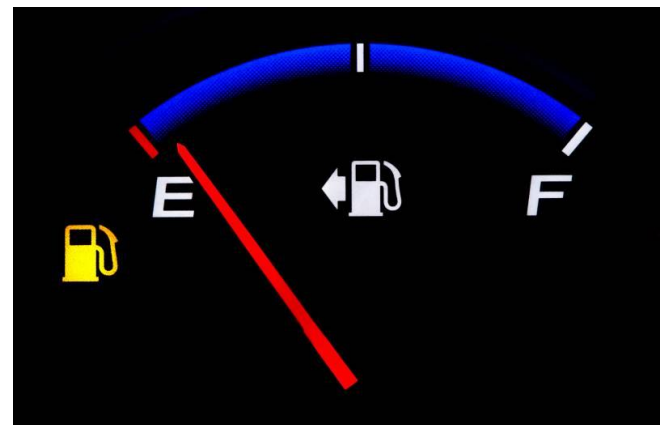

Here are some questions to think about:

- What's your fuel warning light? (How do you know when your tank is getting low, what thoughts, feelings and behaviours do you start to notice?)

- Where can you fill up? (Who are you go-to people to connect with, how can you connect with them?)
- How can you have a jerry can on standby to make sure the people around you always have fuel in their tank? (What kind things are you able to do for the people around you?)

These are great questions to ask yourself and your kids!

Liz Hindle
School Chaplain

Term 4 No Hat No Play

Please wear your School Uniform Hat. This is the only hat that is approved to wear at school. No caps.

Remember your water bottle

Water is very important for our health, at the moment because of Covid-19 the drink bubblers are turned off. It is important that students can access water so they are asked to bring their water bottles. Some students are forgetting.

Primary News

Louisa Frost (Assistant Principal)

Year 5/6

Louisa Frost (Year 5/6 Teacher)

Year 5/6 have been learning about poems. They have explored the use of words in poems and various styles of poems. Below are a sample of styles that they have incorporated into their own poems.

Stunning Murray River by Isabel & Makenna

Shimmery water glimmers calmly
Muddy banks squelch loudly
Sparkling river glitters silently
Sunny reflections shine blindingly
Sandy shores relax peacefully
My river world is stunning.

River by Liam and Alyssa

Murky water moves swiftly
Sparkling water moves slowly
Thick mud squelches noisily
Old leaves crunch loudly
Tall trees sway silently
My river world is immaculate.

River by Summer and Mahayla

Green fish swim quickly
Cold water rising slowly
Windy trees waving swiftly
Peaceful boats fishing closely
Wet banks drying calmly
My river world is peaceful.

Murray River by Billy and Riley

Stupid fish swim lonely
Smart people fish slowly
Big fish eat quickly
Little fish eat slowly
Smart fish fart silently
My river world is crazy.

The Murray River by Esther and Lucy

Rainbow fish swim courageously
Murky water moves swiftly
Ancient trees fade slowly
Fast boats zoom quickly
Excited people gather endlessly.
My Murray River world is historic.

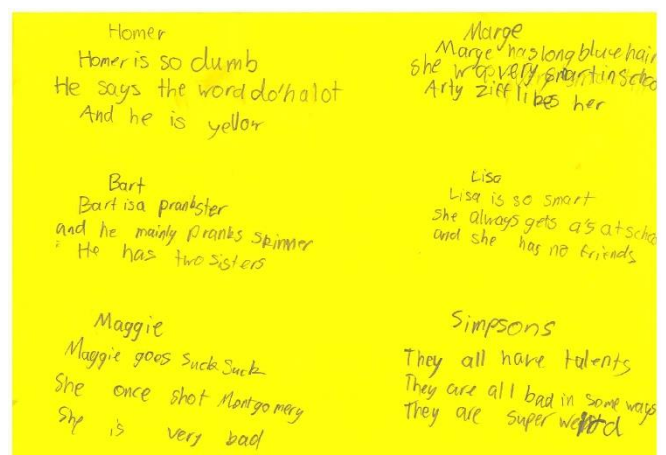

Murray River, Deadly River. By Jakson & Kenny
Strong current swerves dangerously
Fierce fish fight ferociously
Massive cod attack viciously
Big carp eat loudly
Small fish swim freely
My murray river world is dangerous.

Murray River by Campbell and Noah B

Glistening river sways rapidly
Slimy fish swim distinctively
Rocky bank crumbles slowly
Ancient bridge stands heroically
Colourful boat glides destructively
My murray river world is tropical.

My River by Jordan and Myah

Smelly carp eat loudly
Dangerous currants kill violently
Deep rivers drown savagely
Big fish swim fast
Small fish blob silently
My river worlds is everything.

By Billy

Cinquain Poem

Pop Corn by Isabel

Pop, pop
Pop corn popping
Put some butter on me
Eat, me when you're watching movies
Yum; yum!

Nature Haiku

Bushfires by Makenna

It slithers through bush,
The deadly wall of fire,
Turns lush grass to ash.

Haiku

Worms by Cambell

Worms are quite squirmish
Worms produce very fine worm juice
They break down food scraps.

Dylan Thomas Portrait

What is happiness by Jude

What is happiness?
A feeling
Of joy
Of fun
Of careing.

What are motorbikes? By Riley

What are motorbikes?
Bikes fast
Nice blast
Big jumps
No brakes

What are birds? By Myah

What are birds?
Birds are animals
Birds are colourful
Birds are smart
Birds fly.

How do you bond with animals? By Lucy

How do you bond with animals?
Loving them
Kindness
Feeding them
Giving lots of company!

What is life? By Summer

What is life?
Happy smiles,
Loving families,
Funny moments,
Every memories!

What is Pikachu? By Noah B

What is Pikachu?
Electric mouse
Lightning attacks
Hates Ash
That's Pikachu.

Quantrain

Rain by Alyssa

Softly silently hitting the ground
Puddles appear splashing up and down
Suddenly fastly pounding down
Inside wrapped up with a frown.

Codww2 by Liam

Zombies are killing
Call of duty is thrilling
Rifles are blasting
Cod is lasting.

Science

Leeta Rutherford (Science Teacher)

Foundation Science

The students in Foundation had a fun lesson with Miss Thompson exploring why certain materials are used to package our food. As a part of exploring different packages the students undertook an experiment to see what different types of packaging has on an ice cube. They wrapped an ice cube in selected packaging then let it sit on the table for five minutes and then the students unwrapped and looked at if the ice cube melted, if any water was absorbed by packaging or it soaked through.

Foundation experimenting on different packaging.

Year 3/4 Science

The students in Year 3/4 have become exploring the focus question 'How do you decide upon which material to use for a particular purpose?' They have undertaken a first-hand investigation looking at whether materials leak, soak or repel liquid. Students

will use this knowledge to help them with deciding the type of materials to use or not use in their design task.

Year 3-4 discussing the pros and cons of various packaging.

Primary Sports Uniform Day

There have been a few changes to timetables which has meant PE and Sport days have changed. Below are the new days for Sports Uniform.

Class	Mon	Tue	Wed	Thu	Fri
Found	PE				Sport
Year 1-2		PE			Sport
Year 3-4	PE			Sport	
Year 5-6		PE Every 2 nd Tue			Sport

Secondary News

Jean Duma (Head Teacher)

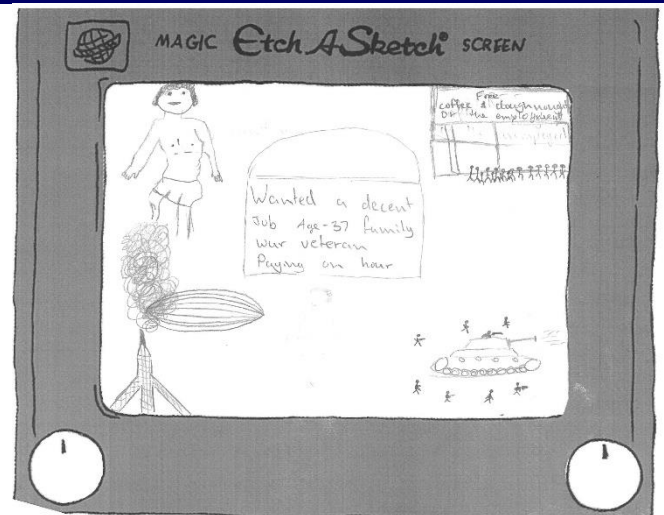

History

Leeta Rutherford (History Teacher)

Year 9/10 History

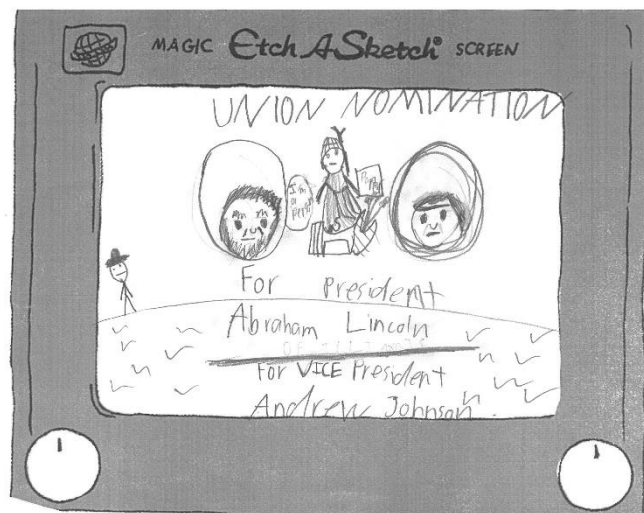

The Year 9 and 10 students have been undertaking a decade study for a decade of their choice. As a summing up task, the students undertook an etch-a-sketch drawing that had to represent their chosen decade. Can you figure out which decade each drawing is representing?

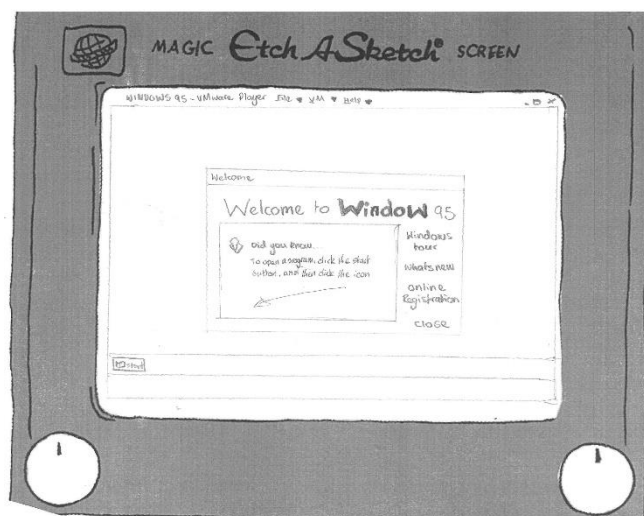

Emily

Emma

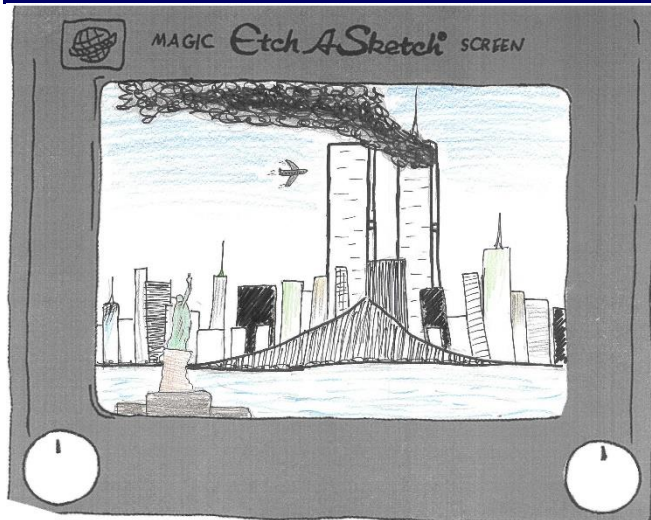

Dylan

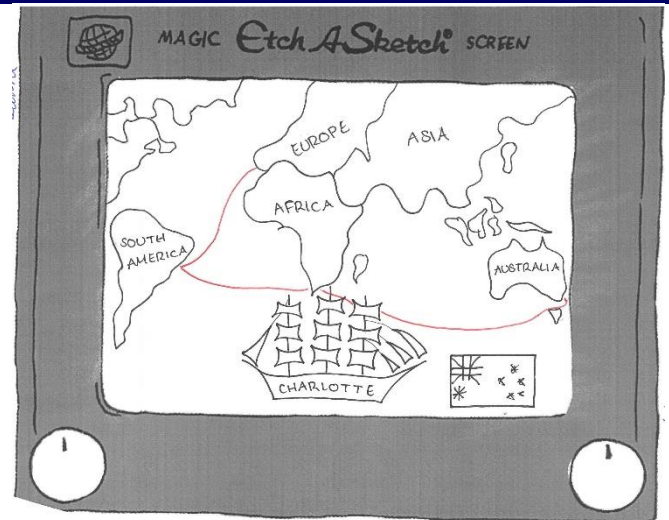

Ella

Mia

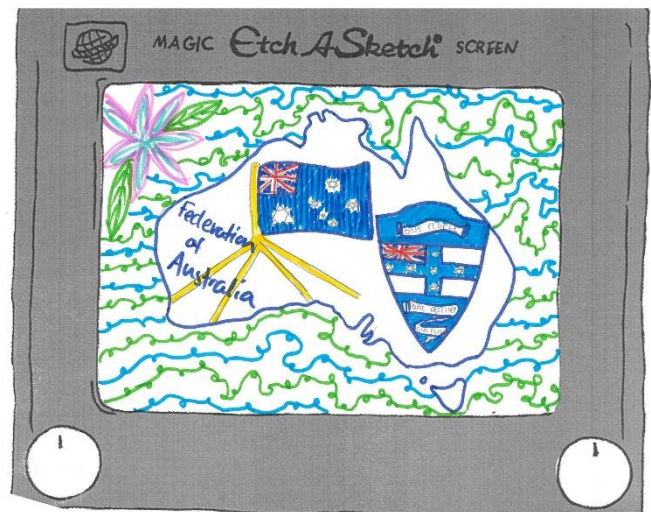

Summer

Zahra

Tara

Taylen

Decade Answers.

- Dylan – 1860s
- Ella – 1990s
- Emily – 1930s
- Emma – 1910s
- Mia – 1960s
- Summer – 2000s
- Tara – 1970s
- Taylen – 1900s
- Zahra – 1780s

Science

Leeta Rutherford (Science Teacher)
Year 9/10 Science

To aid the Year 9 and 10 students with their final design STEAM challenge for the dynamic earth unit they undertook a creative thinking challenge. Five items (soda water, chalk, food colouring, cornflour, oil) were placed in the front of the class. Students could only use these items and any equipment in the science room to run an experiment or demonstration. They had the added challenge of linking their experiment to the dynamic earth unit. The students came up with demonstrations of or linked to tsunami waves, liquefaction and volcanoes.

Zahra, Ella, Emily and Tatum – liquefaction

Owen and Dyson Tsunami model

Emma and Mia – demonstration of the ocean.

Dylan, Beau and Kurt – displaying the layers in the ocean.

Taylen and Tara, Oobleck

Will and Jordan – Volcano

Careers

Kim Morton (Careers Teacher)

Last week three of our Year 10 boys went out on Work Experience and all had a most positive week. Reports back from the employers were

excellent and we would like to thank them for hosting them this year.

Work Experience allows students to see what different occupations do and helps them gain an understanding of employer expectations and what the working world entails.

Year 10 students now will enter their final two years of schooling and along the way some will exit to apprenticeships and traineeships, some will stay on and then decide on their pathway; either to employment or further study at TAFE or University or a combination of both. It must be remembered that there is no set pathway for one person. As I say to all students you will be working for a long time, so enjoy the journey and keep developing your skill set and learning until you are happy with what you do. Learning continues for life.

Jack completed Work Experience at Kubota.

Riley completed Work Experience at Kyalite Pistachios.

UNIVERSITY NEWS

Australian University Ratings and Rankings 2020/2021

The section below provide a series of ratings and insights across a range of indicators. On the premise that no institution is superb at everything, these rankings are high-level indicators and should be used to gain comparative insights into the varying strengths and characteristics of each institution.

<https://www.gooduniversitiesguide.com.au/universities-ratings-rankings/2021/overall-quality>

CSU ATAR Advice Day

18 and 19 December

You can discuss all things ATAR, courses, scholarships, admission pathways and next steps. More details to come!

<https://study.csu.edu.au/life/events>

UOW Transforming Futures Scholarships

Value: \$5,000 - \$3,000 AUD per year

Open/Closing Dates: July 20, 2020 – December 11, 2020

These scholarships recognise the capacity in all students and seek to provide support to ensure students can participate in, and make the most of their higher education. Application Criteria:

- Applicants must be commencing study in 2021 as a first year undergraduate student at UOW (no previous enrolment at UOW);
- Applicants must remain enrolled full-time at the University of Wollongong for the duration of the scholarship;

TAFE NEWS

Do you like Business and want to get started?

Do a Diploma of Business from February 2021.

- Completed by June 2021.
- Runs 3 days per week.
- Includes Work Placement.
- Job placement mentoring provided.
- Employment skills given.
- High employment success rate.
- Includes Nationally recognised business and IT skills.
- Wollongong

ITeC RTO provider of Nationally recognised Diploma Course No 50215 Diploma of Business. As an extra option, successful completion of this Diploma of Business course will entitle students to one year credit on the 2 year Associate Degree Program. The Diploma will also be covered by NSW Government Smart & Skilled funding meaning that students (parents) will save both

time and money by completing the program this way. The 2 Year Associate Degree of Business & Commerce has a clear pathway to a Bachelors Degree as well, meaning that for one more year of study they will achieve their Bachelors Degree.

Wesley Hope Program for At-Risk Young People

The [Wesley Operation Hope](https://www.wesleymission.org.au/about-us/what-we-do/helping-people-most-in-need/teenagers-and-young-adults/wesley-operation-hope/) program works with young people aged 12-17 over a 12 week period, with sessions held once a fortnight during school terms. During the school holiday periods, participants are engaged in a week long expedition activity, focusing on the skills they have been learning throughout the program.

<https://www.wesleymission.org.au/about-us/what-we-do/helping-people-most-in-need/teenagers-and-young-adults/wesley-operation-hope/>

Why it's okay to change your career path

As the closing date for university applications draws closer, many students start to [panic about choosing their preferences](#) — but it's not a once-and-for-all decision. It's not unusual to have a change of heart, even as you move into the workforce. After all, it's [hard to know where your specific interests and strengths lie](#) until you get started.

<https://www.gooduniversitiesguide.com.au/education-blogs/student-life/why-it-s-okay-to-change-your-study-path>

Being bi-lingual: The career advantages of knowing two languages

Australia is renowned for its cultural diversity, particularly in the major cities, yet only 21 per cent of the population speak more than one language. With this in mind, it shouldn't come as a surprise that employers view this fifth of the country as attractive prospects in the workforce.

Employability

The job market is as competitive as ever and employees sift through countless CVs when trying to fill positions. A second language is a sure-fire way to standing out from other applicants, regardless of the role. Even if the company deals exclusively with English-speaking clients and customers, a second language demonstrates a willingness to commit time and effort to learning.

<https://www.gooduniversitiesguide.com.au/education-blogs/career-guidance/being-bi-lingual-the-career-advantages-of-knowing-two-languages>

Foreign Language Skills Can Be Useful in Finding a Job

A quick search on "Indeed" job seeking site found a whole range of jobs stating preference for people with foreign language skills. Mostly in finance, medical and cyber security industries and a few in media. Check them out here:

<https://au.indeed.com/jobs?q=foreign+language+&l=2000>

Five questions to expect in your next job interview

Job interviews are one of the more nerve-wracking experiences going around, particularly for university graduates. Polishing your resume, drafting cover letters and building a portfolio can be taxing, and that's before you even get to the interview stage.

<https://australiancareersservice.com.au/2017/09/05/five-questions-expect-next-job-interview/>

MyRoad: Free Online Mentoring Program for Year 10-12 Women

MyRoad is a free online mentoring program for years 10-12 girls offered through The Beacon Foundation. MyRoad connects young women across the country to skilled industry volunteers via Zoom Call to offer advice regarding transferable skills such as resilience, teamwork and collaboration. Contact on myroad@beaconfoundation.net and more info at: https://ebeacon.net.au/myroad_register/

Nutritionist vs Dietitian vs Sports Dietitian – Australia – by dietitian Aidan Muir

Outside of people within the profession, it is confusing what the differences are between nutritionists, dietitians, and sports dietitians. I recall that even halfway through my university degree that was focused on providing the qualification of becoming an accredited practising dietitian, we got asked what the difference was from one of our lecturers and nobody in the room had a good answer.

And regarding becoming a sports dietitian, I did not know the full requirements until near graduation, or maybe even slightly after.

<https://www.myhealthcareer.com.au/dietetics/difference-between-a-nutritionist-dietitian-sports-dietitian-by-aidan-muir/>

Girls Tech Day

14 to 28 November

[Amazon Web Services](#) Girls' Tech Day is going virtual this year! Join us on a magical and adventurous journey to explore Machine Learning, Artificial Intelligence, Coding, Virtual Reality, Robotics, and more! This complimentary event will inspire and motivate girls and young women, ages 8-24, to develop and pursue their interests in technology.

Speaker Sessions – Learn about the experiences of students and women in technology.

Interactive Coding Sessions – Compose a melody, code virtual models to walk a runway, program an online robot, or build avatars using artificial intelligence.

Fun with STEAM – Create magic with STEAM (Science, Technology, Engineering, Art, & Mathematics), download the Girls' Tech Day playlist, and much more.

Make Your Move - International Freight & Logistics Career Opportunities

The international freight and logistics industry in Australia is seeking interest from students leaving in Yr 10-12, who may be interested in the global freight and logistics industry. There are 2 year traineeships available through the RTO called My Freight Career, who is aligned with the industry association. More information for students, parents and career advisers is available at:

<https://www.mymv.org/>

Protect yourself from viruses

Clean your hands with soap and water, or hand sanitiser.

Cover your nose and mouth when you cough or sneeze.

Avoid close contact with anyone with cold or flu-like symptoms.

Stay home if you are sick.

VOLUNTARY CONTRIBUTIONS 2019

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year. These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Current voluntary contributions including Technology Fee	Infants and Primary	\$55.00
	Years 7 + 8	\$100.00
	Years 9 + 10	\$60.00
	Years 11 + 12	\$60.00
Agriculture	Year 9 + 10 elective	\$40.00
Design and Technology Food:	Year 9 + 10 elective	\$75.00
Drama (Fairfax)	Year 9 + 10 elective	\$50.00
Industrial Technology	Year 9 + 10	\$55.00 plus materials
Hospitality	Stage 6	\$200.00

Aurora College

The virtual selective school for rural and remote students

Aurora College is NSW's first virtual selective school, offering a mix of online and residential school classes. The school provides innovative, flexible learning in a whole new context, by allowing students to connect locally and learn globally.

Aurora offers selective classes in English, mathematics and science to gifted and talented Year 7-10 students from rural and remote areas across NSW. Students connect with their teachers and classmates in timetabled lessons through a virtual learning environment.

The college also gives Year 11 and 12 students the opportunity to study subjects not available in their own school. For details please visit our website.

Aurora College offers students expanded career options through innovative partnerships with businesses and with scientific, cultural and tertiary education institutions.

Students in the selective stream are chosen in the same way as students in all other selective classes in NSW government schools.

**Applications for entry into Year 7 in 2022:
Opened 13th October 2020
Close 16th November 2020**

Visit Selective High Schools website

The **Community Services Home Support Program** offers a range of services designed to support frail older people to remain independent and living in their own home.

The **Community Transport Program** can provide transport for people living remotely, that do not have access to other transport means. This type of transport is not age specific

Our **Community Transport** team are working hard to keep you moving.

Moulamein—Swan Hill Community Bus—Thursday weekly Bus will now depart from the Moulamein Business Centre at 0945am. **Wakool Express Bus**— Friday Fortnightly—Bus will depart Wakool Post Office at 09:30am **Bookings essential**— Limited seating on all bus trips.

Other transport trips in car across all districts including shopping —we can now travel into the Border Region. **Bookings essential**— Limited seating for all trips.

Call the **Transport Coordinator—Leanne. 0427 991 842**

With all transport queries and for bookings prior to trip.

These measures are to ensure we adhere to our Covid19 Safe Plan as per government directions.

While the **Meals on Wheels** program is aimed at the older consumer, it is also available to younger people who have a need for support. We have a great selection of frozen meals that include mains, soup with a bread roll and desserts.

Our meals are home cooked in a small commercial kitchen in Deniliquin and then snap frozen to maintain freshness and quality, before being delivered right to your door. Speak to one of our team if you would like to know more.

Your **Social Support** team are considering ways we can support you with a one on one visit and have a chat while still maintaining social distancing and keeping everyone safe.

One way we are thinking of is a “Letterbox Chat”. If you are interested and would like to receive a visit please contact your local team member for more information.

For those who need a bit more support we are able to provide supported shopping or well being check phone calls.

Contact your local team member for information on any of these services.

Our **Home Maintenance** team have drawn up a short list of repairs that can be attended to through the program. If you are wanting to make use of this service you will need approval for **Home Maintenance from My Aged Care**—a simple process. Call your local team member if you'd like to know more.

- ⇒ House Signage, clear street no. on letters boxes/front gate/fence, for emergency services in called
- ⇒ Broken/unsecure locks on front or back entry/exit doors
- ⇒ Broken windows, as in frames/locks, NOT glass
- ⇒ Anything obstructing footpaths to/from residence, ie overgrown trees
- ⇒ Changing/replacing light globes
- ⇒ Minor floor issues, slips/trips/falls hazards
- ⇒ Flywire on screen doors and windows can be replaced if needed
- ⇒ Minor repairs from a handyman if it is a safety issue

Covid 19 Border Passes are available at www.service.nsw.gov.au

If you need help contacting Services NSW give your team member a call and we can point you in the right direction.

‘Will I be a good dad?’

is a common concern amongst
new dads and dads-to-be.

The Focus on New Fathers program provides a free text message based service called SMS4dads.

Free tips, tools and links – directly to dad’s phone

To help new dads and dads-to-be navigate the changes, before and after the birth of their baby, NSW Health and the University of Newcastle have partnered to deliver SMS4dads.

Once new dads and dads-to-be are registered, they’ll receive practical tips, tools and helpful links directly to their phone.

You’re eligible:

- if you are 18 years or older
- if your partner is at least 16 weeks (four months) pregnant; or
- from your baby’s birth until they are 6 months old.

For more information

visit www.health.nsw.gov.au/focus-on-new-fathers

“Just wanted to say thanks for this project. The text messages have been invaluable and I couldn’t have known just how much I needed to receive these short and helpful messages.”

Australian Childhood Anxiety TREATMENT STUDY

Free home-based assessment and treatment for 7 to 12 year old children with fear and anxiety disorders.

Does your child become very afraid of certain situations or objects, worry about a lot of things, get very distressed, or try to avoid things they fear?

About the study

Our team at Griffith University may be able to assist you. We are conducting a nationwide study that includes the following services at no cost to families:

- A thorough assessment of your child's anxiety with a trained psychologist via the telephone;
- Your child receiving one of two kinds of home-based treatments delivered on a PC, laptop or tablet; and
- Two follow-up telephone assessments with a trained psychologist 6- and 12-months after treatment to track your child's progress.

The study aims to find out if these two treatments are as effective as each other, and which children have the best response to each kind of treatment. This will mean that there are more evidence-based treatments available for helping anxious children.

About the treatments

Each treatment involves your child completing treatment sessions at home on a PC, laptop or tablet.

Each treatment involves your child learning practical strategies to better manage anxiety.

- One treatment helps children learn to control the focus of their attention on helpful things around them.
- The other treatment helps children learn to think differently and approach things they fear.

Each treatment includes information, telephone or email support for parents in assisting their child to better manage anxiety.

Prior studies have shown that children who complete each treatment experience significant reductions in anxiety.

Contact us

This study is being funded by the National Health and Medical Research Council and is led by Professor Allison Waters and a team of experts in childhood anxiety disorders.

For more information about our study and our team, or if you would like your child to participate, please contact us:

Interested in being a volunteer driving?

Murray River Council's Community Services Team has an expanding community transport service and are now on the look-out for more volunteer drivers.

All volunteers are provided with training, ongoing support and mentoring. The amount of time someone may volunteer is completely up to the individual; every little bit counts!

If this sounds like something you'd like to get involved in, contact your local Community Services Co-Ordinator via 1300 087 004.

We value your contribution to our community

Artist: "Shane of Land to Sky" by Shane Dwyer

The Nardoo Spirit came out of the Dreamtime to create the land. It is responsible for the rain and the sun, the birds and the animals, and the people. The Nardoo Spirit is the spirit of the land, the spirit of the people, the spirit of the sun, the spirit of the rain, the spirit of the birds, the spirit of the animals, the spirit of the people. The Nardoo Spirit is the spirit of the land, the spirit of the people, the spirit of the sun, the spirit of the rain, the spirit of the birds, the spirit of the animals, the spirit of the people. The Nardoo Spirit is the spirit of the land, the spirit of the people, the spirit of the sun, the spirit of the rain, the spirit of the birds, the spirit of the animals, the spirit of the people.
