Melanie's Thoughts

2021 Leaders

Last Friday we held our 2021 Leadership speeches for both our Junior Leaders and for School Captain. I don't think I have even been so proud or so impressed by the quality of the speeches presented by all candidates. While I am always extremely proud of the our students, the depth of quality candidates for these positions proves once again what a

wonderful place Tooleybuc Central School is.

NAIDOC Day Celebrations

This Thursday we had our NAIDOC Celebrations. Debra Chaplin and members of her family came to our school and shared their knowledge and stories. Deb talked about her life experiences with our secondary students and our primary students did 'Women's Business' and 'Boys Business'.

Tooleybuc is on Muthi Muthi and Wadi Wadi country and the platypus is a totem of this area. Debra's granddaughter Joanne told the story of the Platypus to our students.

Year 12 2020 celebrate the completion of their final school year at Tooleybuc Central School.

Principal: Melanie Wait

Jacinta, Debra's daughter, also asked all of our students about their heritage and we would like to encourage families to spend some time talking with all students about their heritage, where their parents, grandparents and great grandparents were born because our heritage is our story.

Debra's son, Kane also showed students how to throw a boomerang. This was an activity students really enjoyed.

Debra Chaplin speaks to the students about Aboriginal Culture.

Mindfulness apps

We always have our phones with us, so let's use them for good! If you want to build some mindfulness into yours or your family's life, here are some good free apps to check out. A few different apps means you can listen to a few different voices and pick your favourite or find a lay out that works for you. Downloading an app, and trying it once is a great way to 'break the ice'... trying to build a whole new routine can seem a bit much, so often we don't even start. If you've broken the ice it will be a lot easier to come back to an app in that moment of 'maybe that mindfulness stuff could be helpful now...'

[My Life by Stop, Breathe & Think](#)

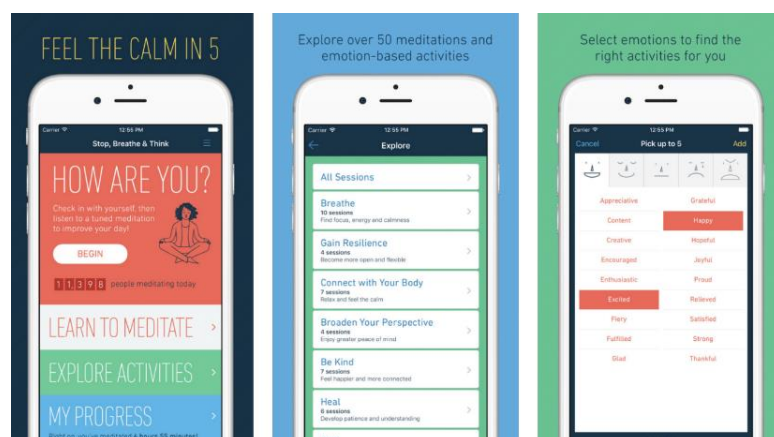

- This app gets you to check in with how you're feeling, then suggests activities for you based on your answers.

[Smiling Mind](#)

- Smiling mind has programs for adults, youth, kids, and families. There are programs specific to sleep, sport, age, stress, meal times or for when you're on go.

[Calm](#)

- "Sleep more. Stress less. Live better." Calm has modules to support self-esteem, gratitude, performance, sleep or stress.

Colour Run

Last week we held our first 'Colour Run'. It was so much fun and we were very impressed with how positively everyone participated in the day. Thank you to everyone who has been fundraising. Fundraising will close on the 27th November and then prizes can be ordered.

Before the Colour Run students were clean in white shirts.

Primary News

Louisa Frost (Assistant Principal)

This week was the best week of the year yet. We have the fun run and we had a Remembrance Day service. For library, we created dot paintings of Australian native animals. The Fun Run is today and I am really excited to get colourful. On Wednesday we had a short service and a minute of silence. This week was filled with lots of fun.

Next, Charlie saw some bright red strawberries.

She picked a few, added them to her basket and on she went.

She then passed a big orange tree, orange is her grandmas favorite colour so she picked extra oranges for the fruit salad

Last fruit Charlie picked out from the garden was a big juicy watermelon

Charlie went inside to make the fruit salad, she then realized she made a rainbow fruit salad with most of the colours from a rainbow

This book is suitable for audiences of 5-7 year olds

Year 9/10 Science

Leeta Rutherford (Science Teacher)

The students have now completed the final two STEAM challenges for the dynamic earth unit – designing and creating a scaled model of a dome and designing and creating a two-storey house that could survive a tsunami and allow the family to live for two weeks in it. This meant the students not only had to design the house but also consider the supplies needed and how and where they would be stored in the house. The students got to test to see if their house could survive a possible tsunami.

Careers

Kim Morton (Careers Teacher)

This week we see our final **Year 10** student out on work experience in the Automotive field and we look forward to hearing about Dyson's

experiences next week. Year 10 students have moved on to their Stage 6 learning and a reminder to all of them that I am available to assist at any time with anything career related and I will be making regular contact with them to assist them with their transition into whatever pathway they choose on leaving school. In addition all parents are able to ring me at any time with any questions.

Careers shall continue to be delivered to all secondary students next year with hopefully a few more hands on activities.

University of Sydney - Grand Challenges: Diegetic Prototyping

1 December

Year 9 & 10

Hoverboards, jet packs and sonic screwdrivers. Aligned to cross-curricular priorities and general capabilities. Students will spend a day learning about the real-life global challenges and how we can use fictional technology in movies and texts to inspire real-life solutions. Students can sign up as a class or as individuals.

Year 9-10 students will spend a day learning about a real-life global problem i.e. the Grand Challenge, and brainstorm, create a prototype and pitch their own solutions in a professional entrepreneurial way to their peers and STEM experts for a chance to win cash prizes.

Each participating school or individually participating student will be provided with a **Grand Challenge Kit** containing all relevant support materials and

curriculum links and rubrics prior to the Challenge commencing.

The Grand Challenge is aligned to the Australian Curriculum, including the General Capabilities and Cross-Curricular Priorities. Students will need to be supervised online by a teacher or guardian.

7 Things I Wish I Knew Before Starting University

Jess loved her days at university, but there are a few things she'd change if she had her time again. Get ready to coast into uni life thanks to Jess' helpful reflections on her own experiences. When I look back on my own years at uni, I can safely say it was the best time of my life.

However, while I made some great decisions and had a lot of fun, I also made a few mistakes and learned a lot along the way. Let's just say that if I could go back in time, I would have a few words of advice for my younger self. Here they are.

Camp Counsellors USA - CCUSA and LOVE Volunteers

Wednesday 25 November, 11am

Join the Zoom Meeting:

We can all agree that 2020 has not been what we were expecting and many of us have had to forego travel plans. CCUSA are a proud, supportive and driven family company that wants to help you get back out there and experience cultural programs. As we are readying ourselves to get back out there and take on the world, we believe it is important to do so in a safe, supportive and reassured way.

Although international travel may not be something you are immediately thinking about until 2021 or beyond, you might be thinking, what other opportunities are there? As this year has directed us to see our own beautiful country and all it has to offer, CCUSA, alongside LOVE Volunteers, are bringing you domestic program opportunities. This is a wonderful way to finish this year on a high note by helping your local community, the Aussie way!

Rather than hear all about it from us, the very talented LOVE Volunteer Coordinator, Nicole, will be co-hosting a live (free) information meeting with CCUSA, via Zoom!

Meeting ID: 838 7741 2073

Passcode: 146349

This is a great opportunity to hear first-hand all about the LOVE Volunteers opportunities, what is involved and how you can be a part of something more! You will also hear from CCUSA's Kayla &

Dylan and what their involvement is as well as how CCUSA is preparing for international opportunities coming your way and how CCUSA are creating a safe environment surrounding COVID-19.

MEDIA RELEASE

MENTAL HEALTH HUB FOR STUDENTS, PARENTS AND TEACHERS

Students, parents and teachers will now have easily accessible mental health advice and support at their fingertips, with the NSW Government today launching their new online *Mental Health Hub*.

Minister for Education Sarah Mitchell said the website has been developed to ensure advice is available to anyone who needs it, at any time.

“Mental health support for our students has to be varied and accessible for everyone,” Ms Mitchell said.

“We know that overwhelmingly students do their own research before they reach out for help, so we need to make sure that information is accessible and designed for our school communities.

Minister for Mental Health Bronnie Taylor said the *Mental Health Hub* will be a useful toolkit for students, parents and teachers.

“The hub has some really practical resources, from tips on how to start a conversation with someone doing it tough to finding ways to improve their own mental fitness,” Mrs Taylor said.

The website is broken down into three categories; information for parents, information for teachers and information for students.

“The hub has been designed for everyone in the school community, I encourage anyone who has questions, stressed or wants to know how to support people in their lives,” Ms Mitchell said.

The site can be accessed by teachers, parents and students across every school sector, including independent and catholic schools, and has had input from leading mental health advocacy groups, including ReachOut, headspace, Kids Helpline and Beyond Blue.

The **Community Services Home Support Program** offers a range of services designed to support frail older people to remain independent and living in their own home.

The **Community Transport Program** can provide transport for people living remotely, that do not have access to other transport means. This type of transport is not age specific

Our **Community Transport** team are working hard to keep you moving.

Moulamein—Swan Hill Community Bus—Thursday weekly Bus will now depart from the Moulamein Business Centre at 0945am. **Wakool Express Bus**— Friday Fortnightly—Bus will depart Wakool Post Office at 09:30am **Bookings essential**— Limited seating on all bus trips.

Other transport trips in car across all districts including shopping —we can now travel into the Border Region. **Bookings essential**— Limited seating for all trips.

Call the **Transport Coordinator—Leanne. 0427 991 842**

With all transport queries and for bookings prior to trip.

These measures are to ensure we adhere to our Covid19 Safe Plan as per government directions.

While the **Meals on Wheels** program is aimed at the older consumer, it is also available to younger people who have a need for support. We have a great selection of frozen meals that include mains, soup with a bread roll and desserts.

Our meals are home cooked in a small commercial kitchen in Deniliquin and then snap frozen to maintain freshness and quality, before being delivered right to your door. Speak to one of our team if you would like to know more.

Your **Social Support** team are considering ways we can support you with a one on one visit and have a chat while still maintaining social distancing and keeping everyone safe.

One way we are thinking of is a “Letterbox Chat”. If you are interested and would like to receive a visit please contact your local team member for more information.

For those who need a bit more support we are able to provide supported shopping or well being check phone calls.

Contact your local team member for information on any of these services.

Our **Home Maintenance** team have drawn up a short list of repairs that can be attended to through the program. If you are wanting to make use of this service you will need approval for **Home Maintenance from My Aged Care**—a simple process. Call your local team member if you’d like to know more.

- ⇒ House Signage, clear street no. on letters boxes/front gate/fence, for emergency services in called

ABOUT THE TEACHER

Hi there! My name is Bethany McKay, I am a local artist and teacher who has recently returned to Swan Hill after working as a freelance artist and art teacher in Melbourne for the past 3 years. I was lucky enough to grow up attending art classes in Echuca for over 9 years and fell in love with all things creative. I have structured the first term's curriculum to encourage the development of fundamental art skills and practices. These will serve as the perfect building blocks to set them up in whatever artistic endeavours they hope for!

TUITION

Both High School and Primary School classes: \$320 per 8 week term (to be paid at time of enrolment.)

WHAT IS INCLUDED?

- 1.5 Hour class each week
- All materials needed, including personal sketch book for each student
- Invitations to the end of term exhibition in studio space.

PLEASE NOTE:

Each class will only offer 8 spots so be sure to lock yours in!

Interested in being a volunteer driving?

Murray River Council's Community Services Team has an expanding community transport service and are now on the look-out for more volunteer drivers.

All volunteers are provided with training, ongoing support and mentoring. The amount of time someone may volunteer is completely up to the individual; every little bit counts!

If this sounds like something you'd like to get involved in, contact your local Community Services Co-Ordinator via 1300 087 004.

We value your contribution to our community
