## Melanie's Thoughts

### Check In Assessments

The Check-in assessment is a NSW Department of Education online reading and numeracy assessment available to support schools to assess and monitor Year 3, 5 and 9 student learning following the period of learning from home. Students in Year 5 and 9 will be taking part in these assessment next week and Year 3, later on in the term. We are looking forward to the information these

reports will provide to support student learning.

### Border Permits

I am sure that you are all very aware that Border Permits have been a significant issue for our school community so far this term. Last Friday, announcements were made regarding the removal of the 'Day School Visitor' permit. All students who had a valid Day School permit on the 7th of August will be able to attend school until the 21<sup>st</sup> of August. We are currently planning and exploring a range of options to support student learning for these students after this date. Victorian students who reside within the 'Blue Zone' are still able to attend school with a current permit.

*Kookaburras visiting the school while students were in class.*

Principal: Melanie Wait

## Parent Teacher Interviews

This week we held Parent Teacher Interviews via phone due to COVID-19 restrictions. This was a wonderful opportunity to discuss our students' progress. All families were sent a SMS with a link to a survey to provide some feedback to us on the interviews. We would appreciate your feedback.

## Trial Exams

In Week Seven our Stage 6 students will participate in their Trial Exams. We hope that they are currently spending time studying to prepare for these.

## Covid-19

Just a reminder that if your child has any cold or flu like symptoms, please keep them home. This is important for the safety of all members of our community.

## 2021 Planning

Last week we held Subject Selection Meetings for Years 8 and 9 and Year 10 and 11 so students can start the process by choosing their electives for next year.

Students should be talking to the teachers about their potential subjects. If you have any questions please make sure you contact the school.

## Chaplin

### 'Narrow your Focus'

Practicing narrowing our focus in simple ways can help us narrow our focus on what matters when life gets overwhelming.

As humans, we have a tendency to spend lots of time replaying the past or worrying about the future (who can relate?), and narrowing our focus can help bring us back to the here and now... which is where our control and ability to take action really lies!

What do I mean by narrowing your focus? I mean reducing the amount of things you are giving your attention to, and a great way to do this is to be extra curious about the things we are already doing. For example, I could narrow my focus when drinking a cup of tea by noticing the warmth of the cup in my hand, the feel and texture of the liquid in my mouth, and the muscles in my throat as I swallow.

Have a play with narrowing your focus this week... it's fun! If you have young children, hijack their curiosity and see or experience something like a child seeing or experiencing something for the first time. All that is required is a willingness to try, and a sense of curiosity. It doesn't need to take long either – narrow your focus for 10 seconds or 10 minutes, you choose!

You could try...

- Getting on your belly and seeing what you can find in the grass
- Notice what you're feeling in one part of your body, and name the feeling
- Describe a colour you can see as if you were describing it to someone who is blind
- How many water drops can you count on a single blade of grass?

## UPDATE: Cross Border School Information @ Friday 7<sup>th</sup> Aug, 8.41 pm

Dear Parents and Caregivers

The temporary closure of the NSW-Victoria border, which was implemented to contain the spread of COVID-19 from Victoria and to protect the health and wellbeing of NSW residents, remains in force.

The border zone is defined as townships along the Murray River including Mildura, Wodonga and Echuca on the Victorian side.

Under the amended Public Health Order, any person who already has a valid day school visitor permit will continue to be able to use this permit for 14 days, until midnight on Friday 21 August. This permit will expire after Friday 21 August.

It will be replaced with a special schools permit for children who attend special purpose schools. Any child or staff member in the Border Zone will be able to continue crossing the border to attend school or work as long as they stay within the Border Zone.

The changes include:

- Staff and students who reside within the border zone, on either side of the NSW-Victoria border, are permitted to cross the border to attend a school located in the border zone by obtaining a Border Zone Resident Permit.
- Victorian residents who reside outside of the border zone will not be able to enter NSW to attend school unless they obtain an exemption.
- Victorian residents who reside within the border zone but attend a school outside the border zone will not be permitted to cross the border without an exemption.
- HSC students and HSC teachers who reside beyond the Victorian border zone can travel to NSW schools provided they have been granted an exemption.
- All other Victorian staff and students who reside beyond the border zone will be supported to learn and work from home.
- Students attending a School for Specific Purposes will be eligible for a special permit through the NSW Government website.

Visit the NSW Government website to apply for a border permit.

Thanks for your understanding and stay safe,

Melanie Wait  
Principal

87 Murray St Tooleybuc NSW 2736 | T: 03 5030 5422 | F: (03) 5030 5408 | E: Tooleybuc-c.school@det.nsw.edu.au

Principal: Melanie Wait

## A guide to NSW school students for Term 3

All students should be learning on campus unless they are unwell or have a medical certificate to support their absence.

All students and staff who reside or have visited Victoria must have a permit to enter NSW and are required to comply with health restrictions relevant to their permit which may include the need complete the 14 day self-isolation period commencing the last day they were in Victoria.

NSW Health has requested anyone, particularly those who have been in Victoria who is unwell or has flu-like symptoms arrange to be tested through their local medical practitioner or one of the COVID-19 clinics.

Schools continue to be safe, and operations are in line with Australian Health Protection Principal Committee (AHPCC) and NSW Health advice. Under this advice, schools are not required to conduct widespread temperature screening or for anyone to wear masks.

All schools will be vigilant when implementing infection control, physical distancing and personal hygiene protocols to protect the health and safety of students and staff. Schools will promote the need to follow good hygiene practices like:

- regularly washing hands
- avoiding sharing drinks or food
- coughing or sneezing into your elbow, or a tissue which should be discarded immediately
- filling water bottles from bubblers rather than using the bubbler directly.

The activities that are permitted at school will be conducted in a way that is safe and appropriate in the current environment. Those that remain on hold will be reviewed during the term and will recommence when appropriate based on health and other relevant advice.

### School attendance

Remember not to send students to school if they are unwell, even if they have mild symptoms. Schools will make appropriate arrangements to return students home if they become unwell at school.

Students should be at school unless:

- they have a medical certificate which states that they are unable to return to school due to an ongoing medical condition and the expected timeframe
- they are currently unwell.

## Activities under consideration from Term 3

The following events will be reconsidered in Term 3. For now, these events must remain on hold.

- Kindergarten orientation
- School camps
- Excursions (other than field trips explained above)
- Parent attendance at assemblies and other school events (e.g. graduation ceremonies or student speech events)
- Parent volunteers – e.g. parent reading helpers (note: canteen and uniform shop volunteers are permitted)
- Interstate excursions.
- School-based activities that involve large gathering of adults are not permitted at this time. These include parent/community gatherings such as parent functions, working bees, fundraisers, school BBQs, large parent information evenings, and large on-site cultural events. These large gatherings and the following activities will continue to be reviewed and assessed based on AHPPC and NSW Health advice and may be permitted at a later date.

# Remember your drink bottle

Education Week

NSW Department of Education

Learning to read the coloured word cards. I think reading is important. Learning is important.

I think education (going to school) is important because:

Max H.

NSW Department of Education

Having good teachers and having good friends.

What makes our school special?

Archie.

NSW Department of Education

Patience

I think education (going to school) is important because: we learn to be independent and not be a baby because if your 50 and your mum or dad to cook dinner. (it would be wild)

NSW Department of Education

Felicity

What makes our school special? what makes our school special is all the funny, kind and caring people in it

NSW Department of Education

I am allowed to play with the things that are important to me and make me feel happy.

What makes our school special?

Tyson

NSW Department of Education

Maya

What makes our school special is the kind and caring people in it

NSW Department of Education

Jade

I think education is important because you learn how to do things your self.

I think education (going to school) is important because:

NSW Department of Education

Beau

I think education is important because it helps you be a better person and helps you be independent.

I think education (going to school) is important because:

## Primary News

Louisa Frost (Assistant Principal)

### Foundation

**Andrea Hazlett (Foundation Teacher)**

Foundation have been reading the book 'Rainbow Fish.' They created their own Rainbow Fish during Visual Art.

Max L

Mayson

Donny

Archie and Ayden

Keria

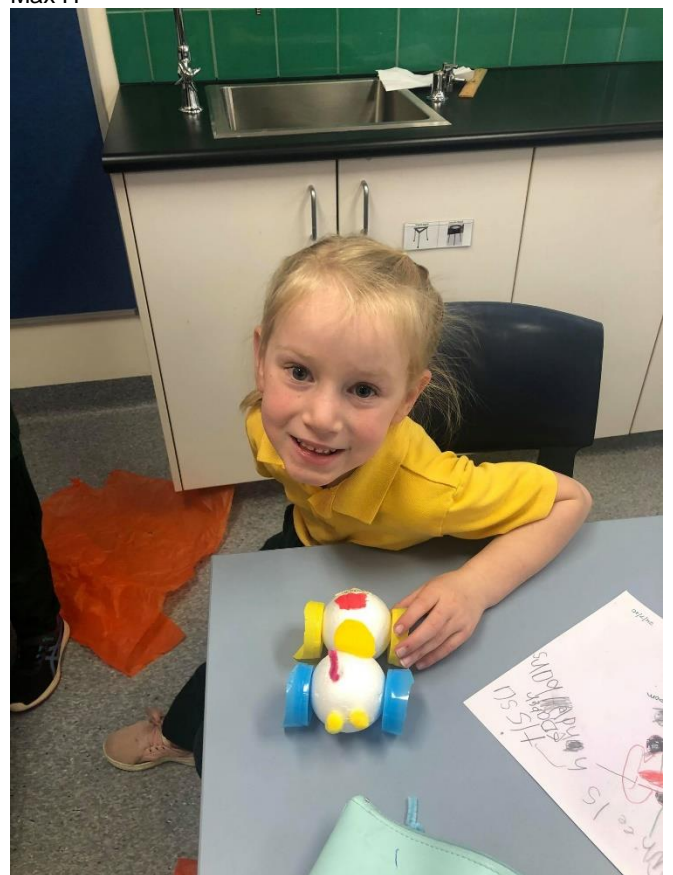

Max H

Alfie

As part of Science, our Foundation students made a toy. The toy had to be able to move. They designed their toy and then made it from reused and recycled items.

Charlotte

Aria

Liselotte

Tyson

Dylan

Year Three students come in as Buddy Readers and share books with the Foundation Students.

Max and Sophie

Liselotte and Brydie

## Year One/Two

Emma Gentle (Year One/Two Teacher)

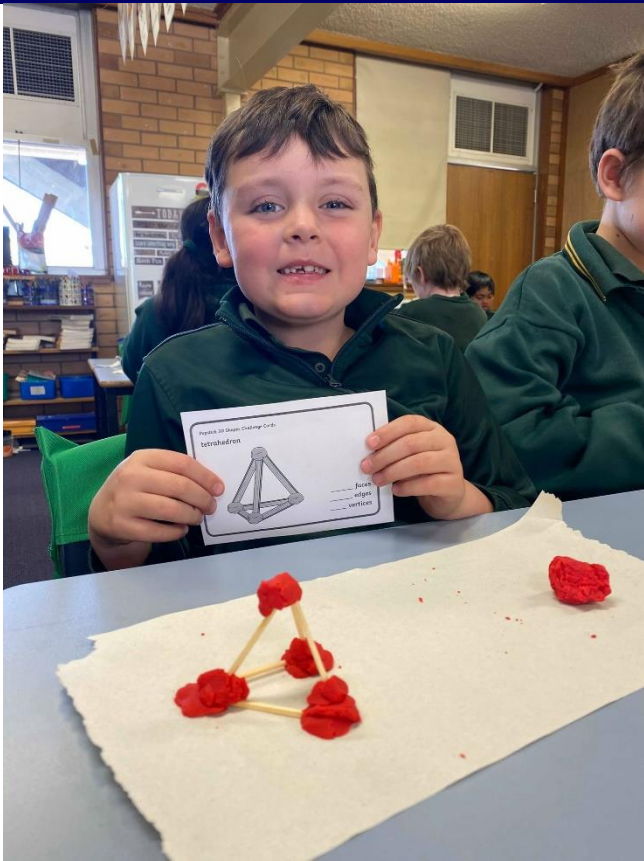

Year 1/2 have been making 3D shapes as part of Maths.

Cooper

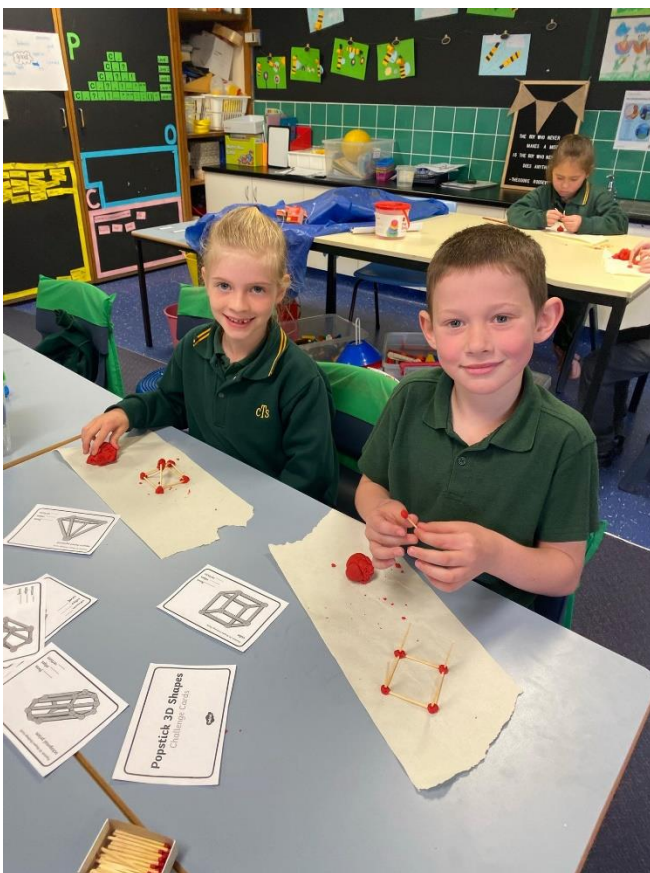

Maya

Joshua

Rouel and Jo-Ann

Matilda and Jakeb

Charli and Austin

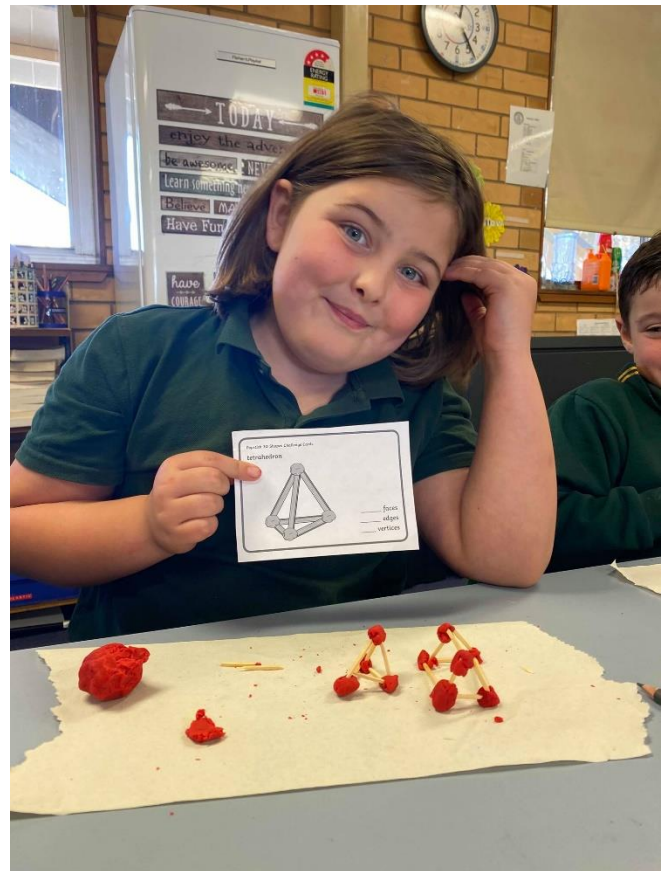

Matthew

Chevy

Jack

Paige

Year One/Two used forks to painted roosters as part of their 'Farm Unit'.

As a part of Year One/Two's Science unit, students were exploring how we get shadows during the day and how the shadows move. To reinforce these concepts and the students understanding they were given a thinking challenge which required them to create a model that demonstrated how we get shadows and how shadows can move.

The students were allowed to use any of the following items - balls, dominoes, egg cartons, light source.

Charli-Ava, Matthew & Wyatt creating shadows.

Milla, Rubie and Paige studying how shadows form.

### Year Three/Four

**Sarah Everall (Year 3/4 Teacher)**

Year 3/4 enjoyed creating stories during the Mini Writing Festival.

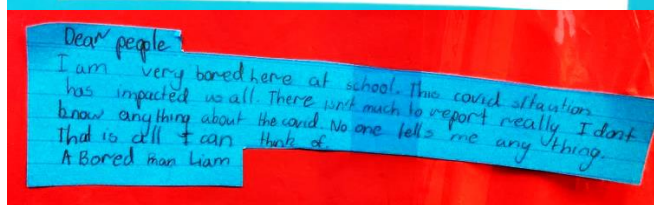

**Year Five/Six**

*Louisa Frost (Year 5/6 Teacher)*

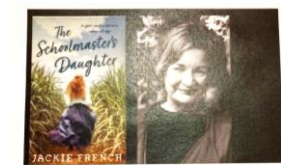

**Mini Writers Festival**

Year 5/6 wrote some interesting pieces during the Mini Writing Festival.

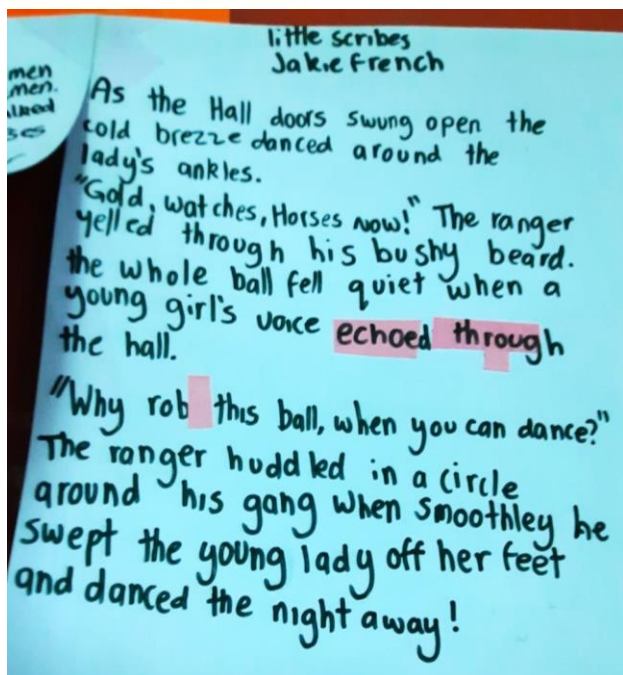

Dear People

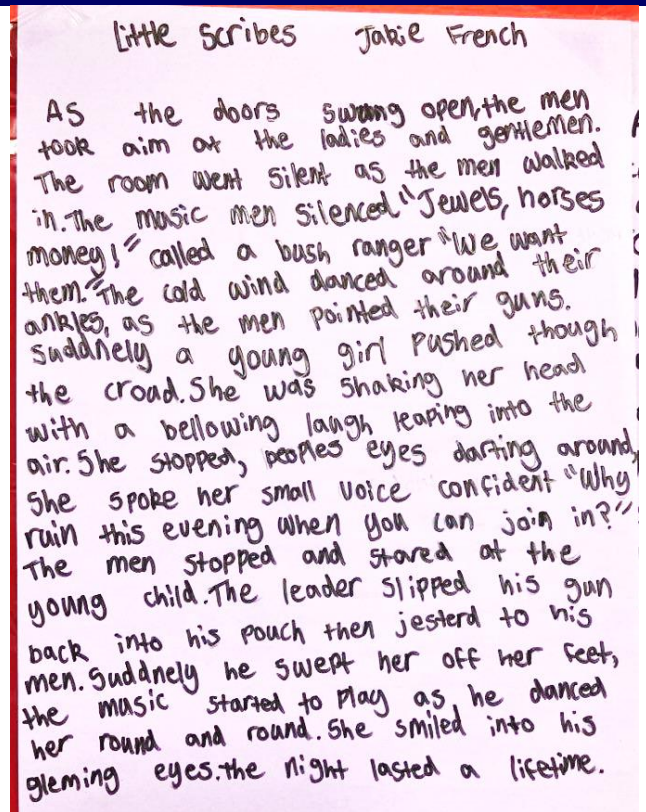

I am very bored here at school. This Covid situation has impacted us all. There isn't much to report really, I don't know anything about the Covid. No one tells me anything. A bored man.

**Mr R:** I chose History because that is the subject I know most of.

**C:** What type of topic do you like mostly in History and Geography?

**Mr R:** I mostly like WWI and the Gold Rushes the most.

**C:** What university did you go to and what did you learn?

**Mr R:** I went to Swinburne University and I learnt Sociology, Politics, History, Asian and Communication Studies.

**Interview Howard Rosewarne by Campbell**

**Campbell:** What inspired you to teach history to the students?

**Mr Rosewarne:** I enjoyed doing History at school.

**C:** What do you mostly like about History?

**Mr. R:** In History I

like to learn interesting things in the past also films...

**C:** When you were growing up what were your five favourite subjects:

**Mr R:** 1) History 2) English 3) Geography 4) French 5) Literature

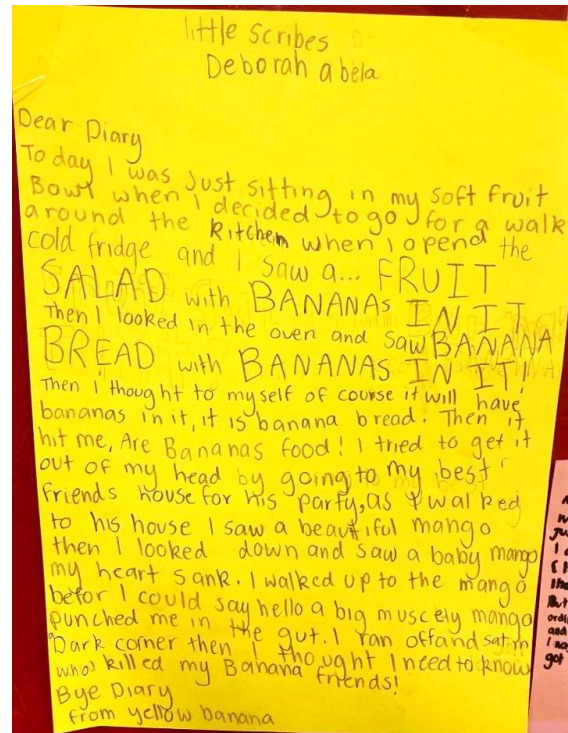

**C:** What is your favourite colour and why?

**Mr R:** I like navy blue because you can wear it with a lot of things and is a no fuss colour.

**C:** How do the other teachers respect you?

**Mr R:** They treat me like I feel welcome and opened armed.

**C:** Why did you want to teach this subject and not any other?

By Isabel

**Turbo Tilly! ♥**

Wow, I can't believe what has happened today at my State athletics competition. It was a stunning day, I did all my races but my strongest 100m Sprint was the one I was waiting for.

'Bang!' I went, I won! But one of the timers did not work. Ugh, we went back to the starting line 'Bang' we were gone for the second time. What? Why? How? I don't know how it happened diary but I came 2nd. Ellie, the girl who won was sad because I should've won but it was fair. Ellie ran perfectly. She should be proud I just know now I'll train harder and harder.

**Turbo Tilly! 😊**

## Secondary News

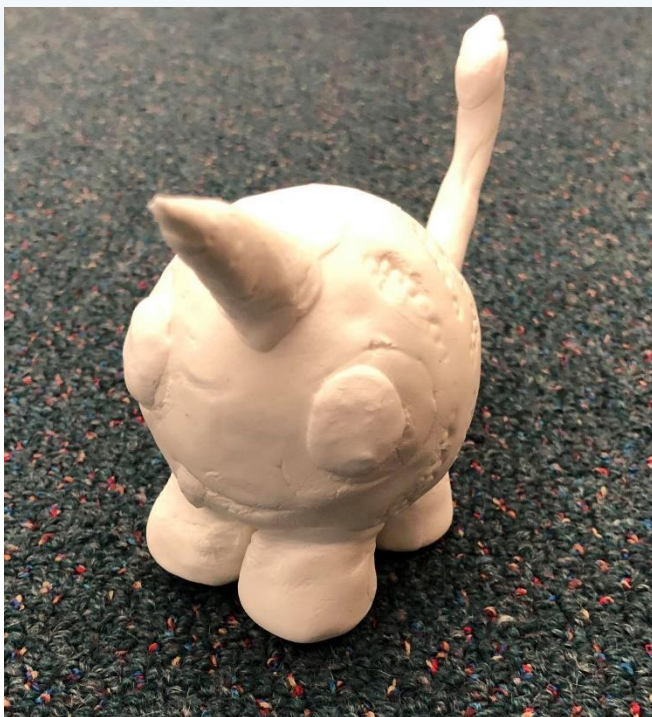

Jean Duma (Head Teacher)

### Visual Art

**Megan Purtill (Visual Art Teacher)**

Visual Art 7-10 are creating creatures! Using an armature of wire & styrofoam balls they then sculpt their creature from modelling foam. We can't wait to see these creatures when they are painted & completed.

Hannah

## Science

**Leeta Rutherford (Science Teacher)**

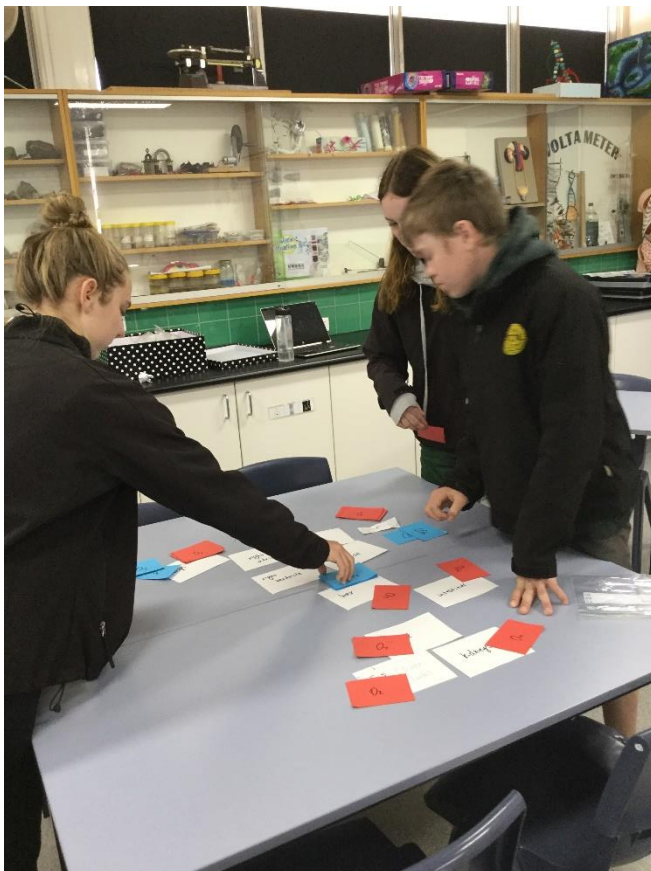

The students have begun undertaking a module about adaptation. Currently they are exploring various items to do with the human body. The students undertook an investigation which required them to make a model of how blood circulates around the body taking oxygen from the lungs around the body transferring it to the organs and muscles while also picking up the waste product of carbon dioxide and taking it to the lungs to be expelled from our bodies.

Kurt and Emily investigating how blood circulates.

Taylen, Dyson, Owen and Will putting together their model of blood circulation.

Emma, Joshua and Jordan making a model of how blood circulates.

## Sport

**Megan Purtill (Sport Teacher)**

Secondary sport has been offering students the chance to practice skills such as ball handling and passing, sprints, skipping and participating in healthy teamwork. Students enjoyed the challenges especially the skipping with hoops race!

### Garden Plots

Year 8 students have been beautifying the grounds planting up garden beds near the water tanks.

*Anthony and Joshua planting seedlings.*

*Keisha and Ella ready to plant seedlings.*

### Jeans for Genes

*Ella and Brees wore their Jeans for Genes day*

*Always time to have some fun when you can dress in casual clothes as seen on 'Jeans for Genes' Day.*

## Careers

**Kim Morton (Careers Teacher)**

Unfortunately for **Year 10 students Work Experience** is currently on hold due to the restrictions in Victoria. We are still hoping to hold the Mock

Interview Day using staff from school in Week 7 this term. Once restrictions ease students will be able to engage in Work Experience. In the mean time students are working hard to complete their resumes and job application letters.

This week Tegan, one of our Automotive students studying at Suni Tafe was able to undertake her **Work Placement** at the Swan Hill Automotive Group. Tegan has represented the school excellently while gaining valuable work ready skills.

Students in **Year 9** have been considering transferable skills, very relevant in today's rapidly changing workforce

*Tegan on Work Placement at Swan Hill Automotive.*

## UNI INFORMATION

**University of Wollongong - South Western Sydney Early Admission Consultations**

12 and 13 August

[Early Admission applications for UOW are open now](#), and we're here to help.

If you have any questions about the application, need access to a computer to complete it online, or you're not sure about what courses you should be applying for - register for this session so we can help you.

For your convenience, we have divided the session into 30-minute blocks for you to choose from, but you're welcome to stay as long as you need to.

[http://mkto.uow.edu.au/20200812-13-SWS-EAInfoSession\\_Registration.html](http://mkto.uow.edu.au/20200812-13-SWS-EAInfoSession_Registration.html)

**University of Sydney – Become an Occupational Therapist**

**19 August. 4.30pm**

Occupational therapists are experts in the everyday. We help people overcome barriers that prevent them from doing the activities (occupations) that they want to do or need to do in their everyday lives. These barriers could be caused by disability, injury, health conditions, ageing or other life circumstances or they could be caused by the environments in which people live or work. Occupational therapists come from the perspective of "What matters to you?" not "What's the matter with you?" We focus on what is most important for each individual, group or community we work with – so this makes a career in occupational therapy challenging, exciting and rewarding. Join us for this webinar and explore where a career in occupational therapy could take you

[https://uni-sydney.zoom.us/webinar/register/WN\\_0EDD-IDIQNmDAux0gNYqjQ](https://uni-sydney.zoom.us/webinar/register/WN_0EDD-IDIQNmDAux0gNYqjQ)

**University of Sydney – Why study Exercise Physiology or Exercise Science?**

**20 August. 4pm**

A degree in Exercise Physiology or Exercise Science might sound fun, but where can it take you? How is being an Exercise Physiologist different from being a Physiotherapist? In this masterclass Associate Professor Kate Edwards will clear up some common confusions about studying sport/exercise degrees, and tell you why educating exercise professionals is so important for Australia's future.

<https://www.sydney.edu.au/study/events-for-prospective-students/undergraduate.html>

### ACU Talk with Teachers

30 September. 6pm to 7pm

Join us online to hear from ACU alumni and learn about their experiences as early childhood, primary and secondary teachers. Take part in a Q&A session to get a real perspective on what it is like being a teacher in the 21st century.

<https://www.acu.edu.au/about-acu/events/2020/september/talk-with-teachers-online>

### Undergraduate Physics Scholarships at Australian National University

Scholarships and grants are provided to assist students with the cost of their studies.

Scholarships vary in value and may be offered to cover some or all of the costs associated with tuition, accommodation, materials, cost of living and other expenses. The Conditions of Award for each scholarship stipulates what the scholarship may be used for.

<https://physics.anu.edu.au/study/scholarships/>

### RMIT Virtual Open Day

8 and 9 August

Delve into the world of RMIT and see what we have to offer. Explore our buildings and campus and see all the amazing facilities.

<https://openday.rmit.edu.au/>

### CSIRO National Science Week Challenge

To Sunday 23 Aug

To celebrate National Science Week, we're challenging all Australians to find out what connects them to the ocean, wherever they live. From taking photos of local waterways to designing and building a water filter, you can explore your connection to the ocean as deeply as you'd like.

Head to our [National Science Week Challenge website](#) to learn more, be inspired and get involved. Get involved at and watch the [Challenge video](#).

<https://www.scienceweek.net.au/event/csiro-national-science-week-challenge/>

### Scholarships for Y12 Students Quantity Surveyors

Closes 31 October

#### Applications for 2020 are now open!

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a

Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

Of the scholarships offered, at least one Equity Scholarship will be awarded to a student experiencing educational disadvantages.

We offer a limited number of scholarships for year 12 students who qualify for entry into an [AIQS accredited course in Australia](#).

The value of the scholarship is AU\$5,000

<https://www.aiqs.com.au/scholarships-students>

### Uni of Newcastle Yr. 12 Subject Spotlight - Early Offer Program

We believe that your ATAR doesn't define who you are – it is your unique passions, abilities and ambitions that matter. Our Year 12 Subject Spotlight program rewards you with an early offer for your hard work and strong results in one or more subjects related to your degree. So, you can take some of the stress out of your final school exams, knowing your ATAR isn't all that matters. There is no separate application for the program – simply apply through UAC and have UON listed as your first preference at midnight on December 16 2018 to qualify. Choose your preferred degree from the drop-down menu below to see what subject marks you'll need to receive an early offer.

<https://www.newcastle.edu.au/study/undergraduate/getting-in/entry-schemes/subject-performance-scheme>

### Teacher Education Degrees Deakin University CASPer Webinar

Deakin CASPer test webinar

Wednesday 16 September. 5–6pm Online

#### Are you interested in becoming a teacher and looking to start your studies at Deakin in 2021?

Students applying for teaching degrees at Deakin must successfully complete the CASPer test – an online situational judgement test that measures non-academic suitability for teaching.

Join Professor Damian Blake, Head of School and School Manager Jo Collins to learn more about preparing for CASPer. The webinar will cover:

- how CASPer works and what to expect on test day
- which teaching courses require you sit to CASPer
- helpful tips on how to prepare for the CASPer test

- upcoming CASPer dates, how to sign up and reserve a test
- why students are required to sit the test
- how is CASPer assessed? What does this mean for you?

<https://www.deakin.edu.au/about-deakin/events/deakin-casper-test-webinar>

### University of Tasmania Virtual Open Day

28 to 30 August

An immersive and interactive online experience Open Day is your chance to learn everything about studying with us.

This year, we're offering an exciting virtual experience. It's a great way to explore our campuses, access key information on our units, pathways, scholarships, and more

<https://www.utas.edu.au/open-day>

### Uni Survival Guide

Nearly all your needs and all the answers to your questions in great blogs in one place.

<https://cef.org.au/university-survival-guide/>

## TAFE

### TAFE Online Resource

Take a look at the new online resources to make it easy to guide you about your study and career options. It's also a great resource for parents.

[Click here to see more.](#)

### MIGAS Pre-Apprenticeship Training Program

MIGAS specialises in skilled and traditional trade apprenticeships and traineeships. That means we are always looking for people interested in pursuing a career in trade related industries such as:

- Air-conditioning and refrigeration
- Automotive
- Building and construction
- Electrical
- Energy
- Engineering
- Manufacturing
- Mining
- Telecommunications
- Warehousing, transport and logistics

To enquire about this role or other currently advertised positions, please phone our recruitment on 1300 464 427.

<https://www.migas.com.au/apprenticeships/>

## COLLEGES

### Bachelor of Data Science at S P Jain

Global demand for data science and computing expertise exceeds supply, with predictions of a major shortage of analysts for at least the next 10 years. For graduates in Data Science, this presents a high potential employment opportunity. SP Jain's Bachelor of Data Science (BDS) is a 3-year undergraduate program designed to prepare graduates who can conduct data-driven investigations and visual and advanced analytics by acquiring and managing data of all types. Through this program, students will develop an in-depth understanding of data science and the techniques for analysis of quantitative and qualitative data to arrive at solutions. They will be able to identify patterns in order to predict trends from analysing data of various sectors such as manufacturing, banking and finance, retail and healthcare.

<https://www.spjain.edu.au/programs/undergraduate/bachelor-of-data-science>

### The Hotel School Scholarships

Now open

Are you passionate about a career in Hospitality and Tourism? Then we want to hear from you.

2020, your pathway could be through The Hotel School's scholarship program.

Our degrees are fully online and when campuses open again study can be completed on any of The Hotel School campuses. Sydney, Melbourne or Brisbane.

Enquire now and talk to our course advisors about applications.

<https://hotelschool.scu.edu.au/apply/scholarships/>

### Academy of Interactive Entertainment (AIE) – Online Experience Day

28 November

If you have ever wanted to study 3D animation, game design or VFX for film online with AIE then our Online Experience Day is an ideal opportunity to find out more!

Course overview sessions will be running on the range of online courses in 3D animation, game art, game programming and game design offered by AIE. You will get to participate in workshops, guest speaker talks and much more. Have a question? Don't worry, pop by and one of our friendly staff from AIE online will be more than happy to assist.

With classes starting all the time, starting your career as a game developer or 3D animator has never been easier. Register now for this **FREE** online event.

[https://aie.edu.au/aie\\_event/online-experience-day/](https://aie.edu.au/aie_event/online-experience-day/)

## GENERAL

### Entrepreneurship Education

Our team firmly believe that each one of us can unlock our entrepreneurial potential and gain the skills necessary to succeed. We've seen thousands of students reach their goals and potential and this is now your opportunity to do the same.

Study on the stunning East Coast of Australia. Enjoy beautiful sun and surf filled days and progress your career with Entrepreneur Education. We look forward to nurturing your ambition and helping you reach your goals and potential.

<https://www.entrepreneur.edu.au/>

### Focused HSC Workshops from Senior Teachers and Exam Markers

September/October

Sit with expert HSC teachers and exam markers in the lead-up to the final exams

For the last 14 years, our focused workshops have helped tens of thousands of students just like you improve their results in the final exams. These workshops are held across 22 of the largest HSC subjects.

As each exam is worth 50% of your final mark, we can provide you with the knowledge, [skills](#) and confidence to achieve your potential in these vital exams.

<https://inspired.edu.au/focused-hsc-workshops/>

### Teaching 101 – For High School Students

6, 11, 13, 17, 18, 20 August

Are you a senior high school student interested in a future career in teaching? Find out more about entry requirements, what it's like to teach in NSW public schools and the incredible scholarships on offer this year. School principals, careers advisers, teachers and parents are also encouraged to register for this session.

Sessions run to Thursday 20 August. Register to find your preferred date and time.

<https://www.eventbrite.com.au/e/high-school-students-tickets-110573807234>

### Teach Incentive Scholarships - Get paid to study

The NSW Department of Education aims to be the best educational system in Australia and one of the finest in the world. To ensure our students

have access to world-class educators we offer a number of scholarship programs for future teachers. These programs will be opening later this year.

[Sign up](#) to be alerted when scholarships open. <https://teach.nsw.edu.au/getpaidtostudy>

### Student Life in the Tertiary World

Choosing what to study and where to study is really just the tip of the iceberg. Once you've finally made the big decision and turned up for your first day, student life is everything that follows. Your time as a student is a whole lot more than just showing up to class and displaying a diploma on your wall. Rather, it's about the complete picture and what you get out of your experience, including minor ups and downs and the general challenges that come with taking time out to complete post-compulsory education.

<https://www.gooduniversitiesguide.com.au/study-information/student-life>

### How to get Industry Experience While You are Still Studying

It's never too early to start thinking about getting your foot in the door. University can be a tad overwhelming for new students but once you've become settled, it's a good idea to keep an eye out for any workplace opportunities.

Whether it's through an internship, volunteering, work experience or a combination of all three, getting ahead is entirely possible while you're still studying.

<https://www.gooduniversitiesguide.com.au/education-blogs/career-guidance/how-to-get-industry-experience-while-youre-still-studying>

### Country Education Foundation Scholarships Guide 2020

A scholarship can help you get on your way to achieving your further study dreams by covering the costs of textbooks, course fees, equipment, accommodation and living costs.

Scholarships are not just about money either – the application process will give you vital skills that will transfer when it comes to applying for jobs and will make you a great candidate. Another thing you will gain from a successful scholarship application is confidence. The knowledge that a panel of people believe in your skills and ability will drive you for years.

Search and apply for scholarships right here with CEF's Scholarship Guide. And remember, you'll never know if you don't give it a go!

Country to Canberra Leadership Competition

The competition closes 4 September

**LIFTING US UP – How can women and girls empower each other and their communities in times of uncertainty and change?**

**WRITTEN ENTRIES:** Your answer should address the following question: “LIFTING US UP – How can women and girls empower each other and their communities in times of uncertainty and change?”

(Note, there is a 400-600 word limit, excluding any references).

**VIDEO ENTRIES:** Paste a YouTube link to your video in your application Your video should address the following question: “LIFTING US UP – How can women and girls empower each other and their communities in times of uncertainty and change?”

(Note, videos must be kept between 3-4 minutes in length. If you wish to keep your video private, you can make it ‘unlisted’ so it can only be viewed by those with the link.)

### Meat and Livestock Careers

The meat and livestock industry plays a huge role in Australia's wealth creation. Be part of it. Use this site to find more information on different jobs and opportunities. To apply for a role at MLA, select the role from our list of current opportunities and ‘apply’ to create a profile and submit your application. You can register your details and set up a job alert for future opportunities.

<https://www.mla.com.au/about-mla/careers-at-mla/#>

Sports People - Employment in Sport

Established in 1996, Sportspeople was the first agency in Australia to offer a specialised sport recruitment service. Today Sportspeople remains a highly specialised agency offering a range of recruitment services to the broader sport, fitness and aquatics sector throughout Australia and New Zealand.

<http://www.sportspeople.com.au>

### Careers in Shipping

The shipping industry plays a vital role in international trade and in the economic progress of most countries. Because of its international involvement and operations it is different in many respects from other industries. Because of this it offers interesting and diverse career opportunities. Shipping operates in a keenly competitive international market and as the growth in international trade increases and ships to carry the trade are in greater demand, career prospects also improve.

Employment opportunities arise for bright young people with or without their higher school certificate or university degrees. On-the-job training is available for everyone to learn about the shipping industry. Positions also become available for graduates or those who already have professional qualifications. The shipping industry attracts a wide range of disciplines including accounting, IT, customer service, marketing, logistics and international business. In more specialised sectors of the industry, ship chartering and broking skills are often in demand.

### 5 Big Archaeology Discoveries to Watch for in 2020

New discoveries in the Valley of the Kings, looted art from Venezuela and evidence that humans were in Central America more than 20,000 years ago are just some of the stories Live Science will be watching out for in 2020.

<https://www.livescience.com/archaeological-discoveries-to-watch-for-2020.html>

### Choosi Futures Grant Program

Closes 31 October 2020

Choosi is passionate about helping to make a healthier Australia and as part of this commitment, we developed the annual **Choosi Futures Grant Program** – a financial assistance of \$5,000 that’s offered to one lucky student enrolled in a full-time, accredited Australian education institution studying a certificate, diploma, degree, or traineeship in any of the following areas: Medicine, Health Sciences & Healthcare, and/or Specialist Healthcare.

<https://www.choosi.com.au/grants>

**Eating for the Planet**

18 August. 6.30pm

Is it possible to feed a future population of 10 billion people a healthy diet within planetary boundaries?

Four years ago, this question was posed to a group of doctors and dieticians from all over the world, and their response became the Planetary Health Diet – a way of eating created by scientists to bring together the health needs of humans with what our planet can afford.

By exploring simple food principles, the Planetary Health Diet charts a way to solve major health issues, and balance human needs with our impact on the environment in the age of climate change. Join public health advocate and CEO of VicHealth Sandro DeMaio for a keynote talk, followed by a panel discussion with Alexandra Jones from The George Institute for Global Health, clinical dietician Jennifer Cohen and director of *That Sugar Film*, Damon Gameau as they discuss how we can all eat better and contribute to a healthier world.

## Tooleybuc Central School Year 12 Trial Exam Timetable 2020

### Term 3 Week 7

#### Monday 31/8/20 – Friday 4/9/20

##### Information on Student Timetable

- Students must meet at the MPC no later than 9:00am for a morning exam, or by 5 minutes before scheduled time for a later exam.
- Students must follow all school exam rules (please see below) and wear full school uniform.
- Students are allowed to leave examinations early. They are not allowed to leave within the first hour, or the last 15 minutes of an exam. If you leave early, the time you leave will be written down on your exam paper.
- Students are only in the MPC for their exams during the exam period. → If you don't have an exam for your course during a set exam time, you will be in the Stage 6 Homeroom, it is expected you will be preparing for your other exams.
- Locations: MPC.
- When there are no exams set, you are expected to be in class as normal.

##### Please note:

- The following courses have no Trial exam: Computer Applications / Mathematics Standard 1.

##### School Examination Rules

- Please provide all your own equipment
- Do not bring electronic equipment into the exams, including mobile phones
- Do not talk or communicate with any other student during the examination
- Make sure you are on time to each examination
- ALWAYS DO YOUR BEST!

**VOLUNTARY CONTRIBUTIONS 2019**

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year. These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Current voluntary contributions including Technology Fee	Infants and Primary	\$55.00
	Years 7 + 8	\$100.00
	Years 9 + 10	\$60.00
	Years 11 + 12	\$60.00
Agriculture	Year 9 + 10 elective	\$40.00
Design and Technology Food:	Year 9 + 10 elective	\$75.00
Drama (Fairfax)	Year 9 + 10 elective	\$50.00
Industrial Technology	Year 9 + 10	\$55.00 plus materials
Hospitality	Stage 6	\$200.00

Bootleg Pants – Polyester 465 Bottle can be purchased online at <http://www.psw.com.au/>

2020  
YOUTH ENGAGEMENT  
FOR GLOBAL ACTION

12 August 2020

## WRITING COMPETITION

To celebrate **International Youth Day**, Service Delivery Division is seeking written entries from 15 – 24 years olds from far and wide across Australia to answer the following question:

**What do you think Defence can do to make your world a better place?**

The winning entry will be awarded a Certificate of Achievement from the First Assistant Secretary, Service Delivery Division, Estate and Infrastructure Group, Department of Defence.

**Word Limit:** 500 words

**Due Date:** COB Monday 24 August 2020

**Email Entries to:** [base.accountabilities@defence.gov.au](mailto:base.accountabilities@defence.gov.au)

(You must include your name, contact details and age with your submission)

“The theme of International Youth Day 2020, “Youth Engagement for Global Action” seeks to highlight the ways in which the engagement of young people at the local, national and global levels is enriching national and multilateral institutions and processes, as well as draw lessons on how their representation and engagement in formal institutional politics can be significantly enhanced” (refer to the United Nations website at [www.un.org/en/observances/youth-day](http://www.un.org/en/observances/youth-day)).

For more information about Youth in Defence, visit [www.defenceyouth.gov.au](http://www.defenceyouth.gov.au)

**Interested in being a volunteer driving?**

Murray River Council's Community Services Team has an expanding community transport service and are now on the look-out for more volunteer drivers.

All volunteers are provided with training, ongoing support and mentoring. The amount of time someone may volunteer is completely up to the individual; every little bit counts!

If this sounds like something you'd like to get involved in, contact your local Community Services Co-Ordinator via 1300 087 004.

We value your contribution to our community
