Melanie's Thoughts

We made it!

I would just like to thank our students, staff and school community for their efforts and ongoing support over the last term. COVID times have once again placed stress on families and teachers and we appreciate all the families who have worked hard to

keep our community safe. A special mention must go to the families who had to undertake two weeks of 'Learning from Home' due to COVID Border restrictions. A very big effort.

I am looking forward to a more normal Term 4 however there still will be COVID restrictions in place which will affect our normal operation. I hope that you all have a safe and happy holiday and I look forward to seeing you all refreshed and ready to learn in two weeks time.

Foundation made monsters with brown paper bags.

Principal: Melanie Wait

Check In Assessments

Earlier this term, Year 5 and 9 students participated in their 'Check In' Assessments. These assessments were compiled by the NSW DoE to 'check in' on students' progress as NAPLAN assessments didn't occur this year. These assessments have provided valuable information to teachers on each student's progress and the cohort as a whole. Our results overall are extremely pleasing achieving above state average in all but the Year 9 Numeracy tests and achieving at or above Similar School Group in all tests. This is a fantastic achievement and demonstrates the high quality education that students receive at Tooleybuc Central School.

School Improvement Plan

Currently we are completing the Situational Analysis for our 2021-2024 School Improvement Plan. As part of this we are trying to gather feedback on our school from all stakeholders. On Tuesday a survey was sent as a text message to all families. Currently we have 10 responses to this survey. We would really appreciate it if all families could participate as this will give us more accurate information when planning future directions. Here is the link again <https://forms.office.com/Pages/ResponsePage.aspx?id=muagBYpBwUecJZOHJhv5kfynatriOcpFnOtp3e9VoEtUMkIDQzYxUTIYUTJJQkVHskJLM0wyNzNKTC4u>

Comparison to State and Similar School Group (SSG)

Year Group	Assessment	School Average	State Average	Similar School Group Average
Year 5	Literacy	66.7%	60.7%	55.7%
	Numeracy	61.9%	60.0%	53.0%
Year 9	Literacy	65.1%	57.9%	54.7%
	Numeracy	48.6%	53.1%	48.6%

Our Year 3 students have undertaken these assessments this weeks and their results will be published early next term.

Attendance

Attending school every day is a huge indicator for student success. Currently we are aiming for **ALL** students to attend **AT LEAST** 95% of the time. Our current data shows that only 57.9% of our school are attending 90% of the time. This is something that we will be working very hard to improve.

Even if your attendance is 90% this means still that :

- Your child will miss approximately 20 days in a school year
- Over their primary schooling this adds up to nearly 3 terms of their schooling.
- Over their entire schooling this adds up to 5 terms, which is an entire school year and one term.

If your child is under 85% without a justified reason the school Home School Liaison Officer (HSLO) will expect an explanation. Please don't

forget that it is a requirement that every school absence is explained.

We do however understand that during COVID times we do need to be much more vigilant in staying away if we are unwell. It is also a timely reminder that if you child is absent due to flu-like symptoms the NSW Department of Education requires that they have a COVID test before they return to school.

Good Luck Year 12

Year 12 have one more week of school. I am sure they will spend this holiday period studying hard and preparing for their exams. They have one more week of classes.

Our next edition of The Bridge will include a feature farewelling them and thanking them for contributing to our school.

No Hat No Play

Just a reminder that Term 4 is a No Hat, No Play term. The ONLY hat that is part of our school uniform is the SCHOOL BUCKET HAT. It may be a good idea to spend time finding this hat over the holidays. These hats are available from the school Front Office for \$11.00.

Uniform

Just a reminder that it is an expectation that all students wear full school uniform each day.

Please make sure that girls are wearing their green shorts and boys are wearing grey shorts. Riverina apparel is NOT part of our school or sports uniform.

Black leather shoes are part of our school uniform for both primary and secondary. There are some rooms in secondary that students can't enter without the correct shoes.

Don't forget that second hand uniforms are available from the Front Office for \$5.00 per piece. If you need any other assistance please contact the school.

Whole School Assembly

On Monday we held our Whole School Assembly for Term 3. Congratulations to all of our award winners.

Sustain your focus.

Last Saturday, I did one thing for the entire day. It was odd for me.

Normally the weekend has a

catch up vibe to it, where all the things I didn't get around to doing in the week (which is normally quite a few) I try to squish in so that I'm not starting the next week behind.

I spent the whole day cutting fabric for a project. Although my back was a bit sore by the end of it from bending over for so long, I was surprised at just how refreshed my mind was! I felt so energised. Deciding to do one thing meant that I didn't have to be constantly multitasking, and multitasking is exhausting!

Setting aside distractions (technology, competing priorities, etc.) to be present in one thing can initially seem counter-productive when there's so many things to do or problems to solve. However it really does enhance our ability to think clearly and respond to whatever it is that is showing up in life for us... which means wonders for our wellbeing.

What is it for you that absorbs you? That thing you can focus on for an extended period of time? How about for your kids? Maybe its motorbike riding, art, chopping wood, exercise, cooking... It's probably something that leaves you feeling good, that you're drawn to, and the experience of can be hard to put in to words.

I challenge you these holidays to engage with and focus on that one activity you love, to practice being present in whatever you're doing, one thing at a time. Support your kids to do the same. Take note of how you're feeling before and afterwards... and enjoy the mental refreshment!

Louisa Frost (Assistant Principal)

Year One/Two

Emma Gentle (Year One/Two Teacher)

Year One/Two have published and illustrated stories as part of their writing unit and had them laminated into a book.

The Magic Rake

Hi my name is Gameboy. When I was a baby I wrestled a humungous crocodile. I like impossible games and farming and I live in a castle. My farm is running low on shiny money.

One morning, I looked out of my kitchen window to see what I thought might be a portal I ran down towards it and I touched it and my finger went through it. All of a sudden I was sucked in. What is this place?!" I thought to myself. I heard some hissing... I walked closer to the

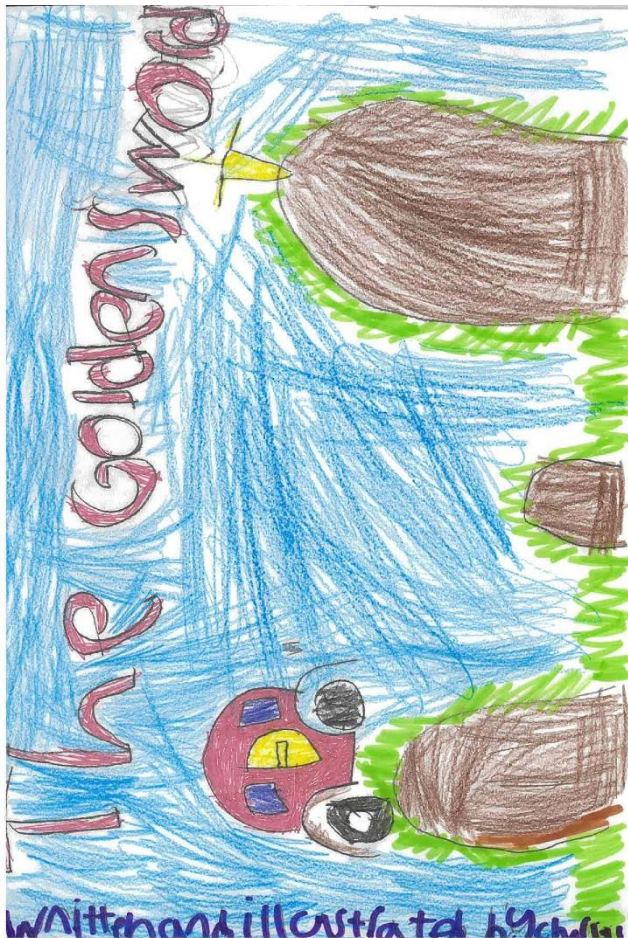

sound and and... A PIT OF SNAKES! I looked to my left and there was a gold umbrella. I used the umbrella to fly over the pit. I found a letter that said "If you keep going you will find a magic rake." Then I found some evil gards and they tried to attack but fell into the pit of snakes! I next saw a door but I couldn't get through it. I saw a key and a password at the top of the door. I threw the gold umbrella at them and the key fell. I looked at the password and typed it in and unlocked the door.

I felt excited. There it was, the magic rake. I grabbed it and saw another portle. All of a sudden I got sucked back home. Next minute the rake flew out of my hand and raked the whole crop. Now I'm loaded. I was all worth it!

The End

to be continued

By Austin

Hi, my name is Barry and I'm going on a journey to get a gold sword from New York City. I went to the top of the hill but it will be hard to find. I walked to the city first. I went to Africa on a plane. I got to Africa. Oh no! There is a lava pit. Oh yes, my backpack is full of water. I can put the sword with my water. I can throw it on

the pit. I hired a car. It took a long time. It took 4 hours. Then I got to the next plane and flew to New York City. At last I drove to the hill and found the magic sword. When I got home I felt amazing.

The End

By Charles

The Journey to Africa

Hi my name is Farmer Red and I am on the lookout for a new chook but I have to go to Africa because I live in a country where there are no chooks. The next morning Farmer Red flew to

Africa. When she got there, there was a big door and a pit of snakes! It was a disaster because she couldn't get past. At last, the snakes went away so she went past. Then a path took her to a door. Oh no

guards! The guards did not let Farmer Red through. Finally the guards got tired and they let Farmer Red in. But then a gate got in the way so she climbed it and at last I was able to choose a new white and black chook for her farm.

By Charli-Ava

Hi name is Jilly and I'm a kitten. I'm 6 months old. I am lost on a big farm because my mum is finding food. I'm not with my mum right now. I decided to find her but there was a pit of worms. It was very, very scary. I took a

big leap that was the biggest leap I ever done. I quietly walked through a big fence and I saw some extremely big cows. I saw long grass too. I went through the long grass. I walked to find my mum and there she was. I found her!

By Dejin

Hi, my name is Nook and I live in a town called Jack. My house is made out of wood and I have a farm. Jack, Nook's friend, live two kms away. Jack has a farm too. Nook decided to go to Jack's farm to help him with his farm work. Nook got on his red motor-bike and went off to Jack's. "Hmmm I think I'm lost?" "I should call Jack." Ring, Ring, Ring, Ring, Ring, Ring!!! oh no he didn't

answer "DANG IT" Yelled Nook "I need to find another way." "I'll do it myself then." looked around I saw nothing but trees! heard some croaking up ahead. What could it be? said Nook. Nook kept on walking towards the sound. "Oh it was just some red and black frogs" said Nook. Nook realised that... it... a... group of... poisonous... frogs. Nook didn't know what to do. Nook was confused. Let's see what I've got. "Shoe? No! Bop it? No! Mini gun not

big enough! ~~SL?~~ NO WAY! O ZAY! sniper? Yes! let's go. Perfect" said Nook. Nook got his sniper ready to go. Yes! Nook shot the poisonous frogs. Then Nook got on his red motor-bike and kept going. Nook found some guards. The guards have swords. I should use my mini gun though! Nook shot the guards! "The VAVLT" screamed Nook. "Jack, you ready to do some farm work?" said Nook. "Yes" said Jack.

Golden Tractor Quest

Written and Illustrated
by Jakob Tunny

Hi, my name is Les. I'm on a quest to find the legendary golden tractor and be the best farmer. @k, it's raining like crazy. It stopped raining so I went and loaded the quad bike onto the trailer and connected the trailer to the ute and drove off to the forest. Wow the forest is huge! Which fence is blocking the way, "Hup over the fence!" I thought to myself. "Wow so many trees and a lava river!" I'll take my

winch to some trees and reverse!
~~WAA WAA WAA~~
~~WAA WAA WAA~~ The tree
fell and made a bridge. I crossed
the bridge and a big storm
came! I twisted and turned
until I saw the golden tractor.
The end.

By Jakob

The Big Adventure

Hi my name is Bella and I am a deer.

It is very dry today.

Today I am going to a forest because my farm is in a drought.

I am looking for magical water.

I am very scared because it is a long way to go.

She heard that if you go into the forest you will never come back alive.

At last I started my journey.

I walked into the forest.

It is a bit scary said Bella.

She had nowhere to go.

Then she looked at the right side. There is a boat.

I can use it.

So she did. "I made it!"

"I can see the magical water!" It was beautiful.

By Jo Ann

Magic motorbike!

Hi my name is Jack. I live on a big farm. I really need a new motorbike. I looked at myself in the mirror and touched it. All of a sudden I started to go through it. It felt very, very weird!! I found myself in a rainbow underground bunker. "Wow!" I said. I walked quietly through the path. It was very weird and unusual. I saw a big black gate with two big guards standing in front of it.

I carefully looked at the gate and read 'magic motor bike dot six. saueak!' The gate opened. "This is my chance!" I said. I threw a big rock to distract the guards. It worked! I quickly ran threw it. Bang! Boom! "This room is very hot" I said. I saw a gargantuan volcano in the shape of a three. All of a sudden all of the ropes started to go up and down. I grabbed one of them and it took me to a two digit code I typed in

63 and a door opened. There it was The magic motorbike.

As soon as I hopped on it it took me back home and I felt amazing!

By Milla

Sara's Journey to Africa

Hi, my name is Sara and I feel really sad and scared today because my husband matt has been missing for twenty weeks. I need to find him! so I headed off to find my husband. I ran to japan! finally I got there. "What is that thing? It is a pit" I walked up to the pit. "Oh my god a pit of lava." I shouted. No I can't get across the lava pit (CRASH! KA BOOM!) What was that? The tree fell down so I moved really quickly" WOW, I thought

The tree made a bridge for me to be able to cross the lava pit. So I walked through the dark and creepy forest. Then I saw a gate so I ran through the golden gate. All of a sudden I was in a desert. Then I said, "How did I get here?" Then a weird voice said "this is your imagination". Who said that? Whoosh! A snow storm came so I pulled an umbrella out of my pocket. Then I got all the snow in my umbrella. Finally I flew to Africa. Aww that's a cute tiger! Wat...

it is getting bigger. Uhoh! I have to run quickly. I got past the gargantuan tiger. Now let's go! OMG I found you Matt. Now let's go home. the End

By Paige

Hi my name is Sonya. I live on a farm. Today I am going to look for the long lost Ice-cream Rake. I heard about it from my parents. They used to tell me stories about it when I was little. So I decided to go in the direction my mum told me. OK I think I remember it's "left, right, down, left, down." I thought "Yes. I found the hole!" "ooo! what's that shiny thing." I walked closer to it. "Wow! it was a pass code pad. I remembered my dad told me the pass code but my great granddad died when he tried to use it. I was really sad and super nervous. 2294 to pop! The lid of the hole popped open. I felt relieved. I climbed down the ladder in the hole. Suddenly the ladder stopped half way down "ohno! I think I have to jump! OK I am going to jump. Here it goes "weccc!" thump! "whaaaaa?" I thought There was an iron fence. I remembered I had a pocket knife so I cut the gate then it made a sizzling noise. I quickly ran through it. As I was walking down the path I came face to face with a gargantuan professor Rubber, so I drew a very hard love heart in front of the professor. While he was rubbing on the heart I snuck onto "Yes! I got raised!" oh my God! finally I found the long lost Ice-cream Rake!

Foundation – Creative Thinking & Augmented Reality with Miss Rutherford.

On Tuesday 15th September it was International Dot Day and the Foundation students participated in. Earlier in the year we had read the book 'The Dot' by Peter H Reynolds and undertaken creative thinking and STEM tasks linked to the story. The students really loved doing these tasks and reading the story, so on International Dot Day we read the story again, danced to the matching song and undertook various creative thinking tasks and an augmented reality (AR) task. The students enjoyed the different type of colouring tasks they undertook.

Task 1: The students created dot pictures by only drawing dots to create the picture

Foundation being creative with their dot drawings.

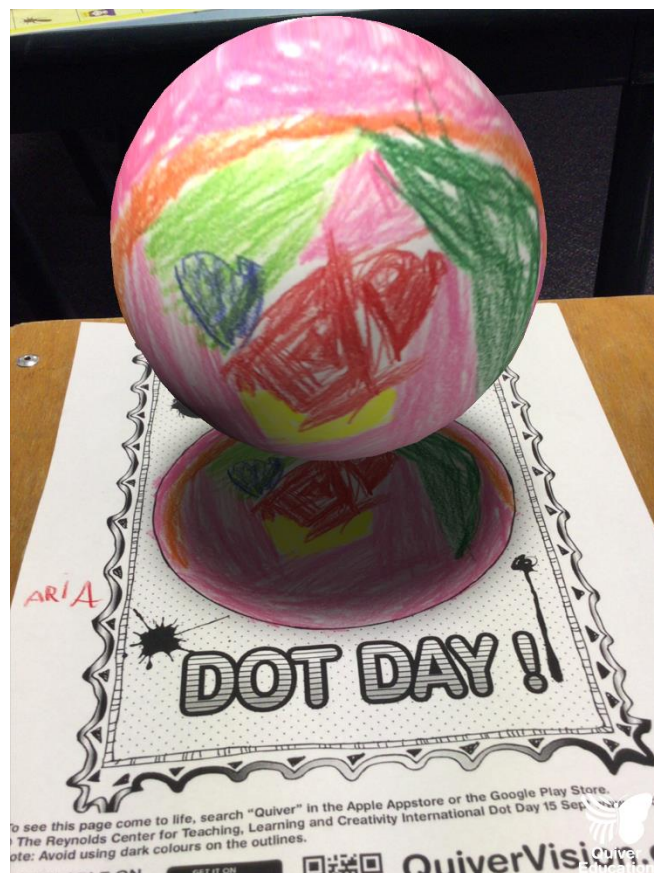

Task 2: The students created dot pictures where they had to colour in the dots on the page to create an image.

Olivia and Archie colouring dots to create an image.

Task 3: Augmented reality dot pictures – after the students drew on the 2D dot we used Quiver to view their dots in AR, it also allowed us to play

with the AR dots and make the dots do various things like bouncing and turning and play games using it

Aria's decorated dot turned into a 3D image.

Primary Sports Uniform Day

There have been a few changes to timetables which has meant PE and Sport days have changed. Below are the new days for Sports Uniform.

Miss Rutherford (History and Science Teacher)

Year 9/10 History

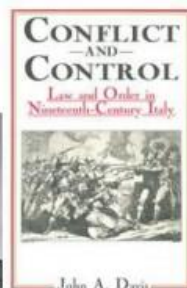

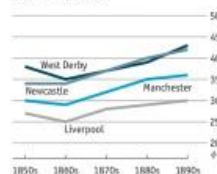

The Year 9/10 class are currently undertaking a decade study. Students were able to select the decade they wanted to study. As a part of this there are tasks in class to complete and tasks that need to be completed at home. One in class task was called 'A picture paint a 1000 words'. The students had to locate images that best represented their decade in nine different aspects and turn these images into one poster. They also had to write a summary paragraph the discussed the consequences of their decade.

1900s By Taylen

(Cities in England, years)

Abraham Lincoln is Nominated President, Lincoln's election for President was followed by South Carolina's secession from the Union. South Carolina secedes from the Union, South Carolina was the first state to vote to secede from the Union and was the founding state of the Confederate States of America.

Class Structures in the Society of the 1930s

1930s By Emily

Consequences
Due to events that occurred in the 1910's there was great loss, including WW1 and the Spanish flu which left a great impact on people.

1910s By Emma

The consequences of the 1970s are:

The mobile phone was evolving and has become what we know as a smartphone. The living standards have outdated but little accessories in homes are retro 70s. Society has evolved where women and men are equal and have equal rights. Which weaves into law and order as well as government rulers. Women are allowed to work while pregnant and or have had children and have gone back to work. The first female prime minister of Britain Margaret Thatcher, has also let women in today's society be elected in parliament. 70s fashion and entertainment has came back but in a more modernised style of present day. Key people of the 70s, mainly singers have shaped and invented ideas that we still use today

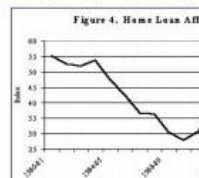

1970s By Tara

2000's

2000-2009

This was a very eventful decade there were many events that happened like the Sydney Olympics and the twin towers terrorist attack on New York.

2000 By Summer

Year 9/10 Science

For the last dissection as part of the Year 9/10 unit, students have been studying in Science they were able to either dissect a brain or participate in the 'Save the brain challenge'. As a part of the save the brain challenge we discussed the possible impact on your brain if you were to crash at high speed without any protection on your head. The students had to create protection for the brain to help it survive a simulated crash. The students had a lot of fun undertaking this task, however all of the brains came out with some sort of damage, some more severe than others.

Emma throwing her protected brain from the veranda.

Mitchell tossing his protected brain from the veranda.

Careers

Kim Morton (Careers Teacher)

Well done to Tegan Lambert for completing her Hospitality placement at the Tooleybuc Sporting Club gaining the Work Placement skills required for the completion of the **Certificate II in Hospitality**.

Tegan completing her Work Placement for Hospitality at the Tooleybuc Sporting Club.

Year 10's next term, Week 2 will complete a **Virtual Work Experience Week**. A large number of schools are participating in this program across Australia due to COVID restrictions and sounds like a most valuable week. Students will still be able to complete a week of Work Experience if the employer is willing and they have a Safe COVID plan in place. If you have any questions please call me at school.

Year 12's are almost completed with their formal schooling before exams. I encourage all of them to get their resume up to date. Job seekers should be looking for employment opportunities and potential University students should check they have their UAC and VTAC applications up to date including their SEAS and EAS forms and scholarship applications

UNIVERSITY INFORMATION

UAC - Be an undergraduate early bird

If you want to apply for undergraduate study in 2021, complete and pay for your application before midnight on **Wednesday 30 September**, when the processing charge increases. Once you've applied, you can change your preferences as many times as you like, for free!

If you're considering undergraduate study, find out more about:

- [Educational Access Schemes](#) for applicants who have experienced long-term educational disadvantage, including those effected by natural disasters such as drought or bushfire, or those whose parents or guardians are receiving Job Keeper or JobSeeker
- [Equity Scholarships](#) for financially disadvantaged applicants
- [Schools Recommendation Schemes](#) for Year 12 applicants (closing soon).

Applying is quick and easy.

- Take a look at our short video guides for [Year 12 students](#) and [post-school applicants](#).
- You can apply or log in between 7.30am and midnight (Sydney time) and we'll automatically log you out if you're inactive for 30 minutes.
- There is a non-refundable processing charge of \$70.00 AUD. You can pay using Mastercard, Visa or PayPal. Your application is **not complete** until you have paid.
- Offers are made on specific dates throughout the year. There are application deadlines for each [offer round](#).

ATAT Q&A. What Next?

January is just another month in the summer break for current tertiary students, but for recent school leavers it means one thing — [university offers](#). If you're one of the many students nervously waiting for offer day, check [Q&A](#) : <https://www.gooduniversitiesguide.com.au/education-blogs/tertiary-study/atar-q-a-what-next>

The ATAR is a rank, not a mark.

The Australian Tertiary Admission Rank (ATAR) is a number between 0.00 and 99.95 that indicates a student's position relative to all the students in their age group (i.e. all 16 to 20 year olds in NSW). So, an ATAR of 80.00 means that you are 20 per cent from the top of your age group (not your Year 12 group).

Universities use the ATAR to help them select students for their courses and admission to most tertiary courses is based on your selection rank (your ATAR + any applicable adjustments). Most universities also use other criteria when selecting students (e.g. a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test).

<https://www.uac.edu.au/future-applicants/atar>

Regional Benefits Program

La Trobe's Regional Benefits Program empowers high achieving students from regional communities to live, study and thrive in regional Victoria. Students from a regional school who scored an ATAR of 80 and above are guaranteed entry into their chosen course at any regional campus and a scholarship of up to \$5,000 annually. More details at:

<https://www.latrobe.edu.au/study/apply/pathways/regional>

Australian Institute of Quantity Surveyors Scholarship

Closes 31 October

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

Of the scholarships offered, at least one Equity Scholarship will be awarded to a student experiencing educational disadvantages. We offer a limited number of scholarships for year 12 students who qualify for entry into an [AIQS accredited course in Australia](https://www.aiqs.com.au/scholarships-students).

The value of the scholarship is AU\$5,000.

<https://www.aiqs.com.au/scholarships-students>

Bond Sport Packages

Bond University Exercise and Sport Science program has developed a suite of packages targeted at high school level physical education students. These packages are aligned with the new Physical Education syllabus and allow students with an interest in high performance sport, technology and testing to learn from a highly experienced staff in the award winning High Performance Training Centre.

Schools and teachers can choose one, or a suite of packages (see brochure below) relevant to their current learning schedule and timing preferences. Packages range from 1.5hrs to 5hrs in duration. Bond University will provide a detailed workbook on the day, which allows students to record and measure outcomes, and where relevant, answer specific questions on the task and around the new PE Syllabus Unit objectives 3 and 4.

To enquire now, contact Sally Perry

at SPEXevents@bond.edu.au

Special Loan fee exemption – (COVID 19) VET Student Loans for Your Training at TAFE

The Australian Government announced a six-month exemption of the 20 per cent loan fee for full fee-paying VET Student Loan and 25 per cent loan fee for FEE-HELP students. This exemption applies for VET Student Loan and FEE-HELP amounts incurred on census days between 1 April 2020 to 30 September 2020. Students will not need to do anything for the exemption to be applied. Student's VET Student Loan debt or HELP debt records with the Australian Taxation Office will also reflect the loan fee exemption. The loan fee may still appear on Fee Notices and Commonwealth Assistance Notices (CANs) issued by TAFE NSW; however, the loan fee will be exempted as per the details above (subject to legislative amendments).

<https://www.tafensw.edu.au/vet-student-loans>

VET Explained for Students

Fee-free apprenticeships and financial support from the NSW Government

Worried about the cost of training?

Apprenticeships are now [fee-free in NSW](#), and there's a heap of VET traineeships and courses subsidised under the our Smart and Skilled program. If you're eligible, you only pay part of your training costs – we pay the rest.

Graduating with little to no debt means more freedom and more opportunity. The qualifications covered aren't random, either. They've been chosen because there's currently a lack of skilled people in those industry areas – meaning better odds for getting a job after you graduate.

Health, horticulture, education, engineering... VET can provide a pathway to almost every

career. In fact, VET courses, apprenticeships and traineeships can lead to over 500 careers – and in most cases, you don't even need an ATAR to get in.

Vocational education and training gives you the skills you need to get the job you want, now and in the future.

Download our [Open the door to a world of opportunity and discover your future now](#) brochure.

<https://vet.nsw.gov.au/student>

COLLEGE INFORMATION

Applications are still open for September intake at William Angliss Institute Sydney

William Angliss Institute Sydney is now accepting applications for the Certificate IV of Commercial Cookery and Patisserie for September 2020 intake. The courses that last for 18 months provide students with the most extensive knowledge in the field, from fundamental to advanced skills that are required to become qualified Chefs. Visit <http://angliss.edu.au> or call Kristin on 0291255111 to enrol

Interior Decoration Workshop at Sydney Design School

7 & 8 October

Love interiors? Indulge your passion with the two day Interior Decoration Workshop at Sydney Design School. On this perfect taster course for beginners you will create a plan for your living space. Be inspired by practising Interior Designers over two fun-filled days at their creative studios. Book your spot today, limited spaces available.

GENERAL INFORMATION

Applications for the Explorer Cadetship in the Thoroughbred Industry

The Explorer Cadetship Program is a 12-month stable and stud horsemanship program in the thoroughbred industry. It kicks off with a 12-week residential learning component of practical and theoretical training, followed by two paid work-experience placements at a leading racing stable and stud farm.

You will be accommodated while you learn on the job, and for 9 months of the year you will be earning an income while you learn. Note: The cost of your accommodation will be deducted from your remuneration package.

Note: Students will complete an application form to express why they are interested in the course. Applications are currently closed so stay tuned for our next updates through our [Facebook](#), [Instagram](#) or [Twitter](#) feeds. Learn more about this extraordinary program here:

<https://tbindustrycareers.com.au/explorer-cadetship2/>

There's a 'A career for life' in Exhibitions and Events

Imagine being part of a team that organises events for 300, 3,000 or even 30,000 people... or creating something that doesn't

yet exist... or turning your hobby into a successful career.

There are many pathways to help make that first step easy.

Formal qualifications through **university** in any discipline will open the doors to a world of opportunity in the sector. Some of the professions in demand include:

- Marketing and communications
- Accounting and finance
- Business
- IT and Engineering

There are specialised **TAFE courses** in event management that will give you a broad introduction to career opportunities and entry level qualifications into the sector. Other courses also provide relevant skills for the sector. Some of the careers available through TAFE education include:

- Event operations and planning
- Graphic design and creative production
- IT – event technology, programming, business and information systems, data analyst
- Administration

Deadline extended - Harding Miller Scholarship for Girls

Closes 16 October

The Harding Miller Education Foundation Scholarship Program provides practical support to lift the educational and career aspirations of high potential Australian girls who are facing socio-economic hardship. New scholarships are valued at approximately \$20,000 over the course of 4 years. Scholarships are provided as a 'toolkit' that students can use to support their pursuit of academic excellence. Successful applicants for 2020 will receive the following 2 years' support. High quality lap-top and help desk support 4G mobile broadband including 6GB internet per month \$2,500.00 of 'face to face' tutoring per year. Subscription to an online study help provider \$600.00 pre-paid card for school expenses per year. Mentoring from a personal coach.

Part time Study. The Pros and Cons

Being a full-time student is the pathway for thousands of school leavers every year but the reality is, this isn't feasible for everybody.

Whether it's due to employment or looking after a new baby, there are circumstances where full-time study isn't possible, so we've compiled a list with the pros and cons of studying part-time.

<https://www.gooduniversitiesguide.com.au/education-blogs/student-life/part-time-study-pros-and-cons>

Top 5 Study Tips in Preparing for Exams

You might be in Year 12 or finishing your first year of study. In any case, you could probably do with a few tips to get through the upcoming exam period. Read on as we share our top five [exam study tips](#).

<https://www.gooduniversitiesguide.com.au/education-blogs/student-life/top-five-exam-survival-tips>

Protect yourself from viruses

Clean your hands with soap and water, or hand sanitiser.

Cover your nose and mouth when you cough or sneeze.

Avoid close contact with anyone with cold or flu-like symptoms.

Stay home if you are sick.

VOLUNTARY CONTRIBUTIONS 2019

The New South Wales Government provides much of the necessary equipment and materials for the efficient running of the school. However, to keep up to date with the latest textbooks and to supply materials for such subjects as technics, craft and food technology, parents are asked to make a voluntary contribution. These are reviewed each year and kept to an absolute minimum, and are payable at the beginning of each school year. These contributions are important in ensuring that we can optimize learning opportunities for students. Your cooperation in this regard is greatly appreciated.

Current voluntary contributions including Technology Fee	Infants and Primary	\$55.00
	Years 7 + 8	\$100.00
	Years 9 + 10	\$60.00
	Years 11 + 12	\$60.00
Agriculture	Year 9 + 10 elective	\$40.00
Design and Technology Food:	Year 9 + 10 elective	\$75.00
Drama (Fairfax)	Year 9 + 10 elective	\$50.00
Industrial Technology	Year 9 + 10	\$55.00 plus materials
Hospitality	Stage 6	\$200.00

The **Community Services Home Support Program** offers a range of services designed to support frail older people to remain independent and living in their own home.

The **Community Transport Program** can provide transport for people living remotely, that do not have access to other transport means. This type of transport is not age specific

Our **Community Transport** team are working hard to keep you moving.

Moulamein—Swan Hill Community Bus—Thursday weekly Bus will now depart from the Moulamein Business Centre at 0945am. **Wakool Express Bus**— Friday Fortnightly—Bus will depart Wakool Post Office at 09:30am **Bookings essential**— Limited seating on all bus trips.

Other transport trips in car across all districts including shopping —we can now travel into the Border Region. **Bookings essential**— Limited seating for all trips.

Call the **Transport Coordinator—Leanne. 0427 991 842**

With all transport queries and for bookings prior to trip.

These measures are to ensure we adhere to our Covid19 Safe Plan as per government directions.

While the **Meals on Wheels** program is aimed at the older consumer, it is also available to younger people who have a need for support. We have a great selection of frozen meals that include mains, soup with a bread roll and desserts.

Our meals are home cooked in a small commercial kitchen in Deniliquin and then snap frozen to maintain freshness and quality, before being delivered right to your door. Speak to one of our team if you would like to know more.

Your **Social Support** team are considering ways we can support you with a one on one visit and have a chat while still maintaining social distancing and keeping everyone safe.

One way we are thinking of is a “Letterbox Chat”. If you are interested and would like to receive a visit please contact your local team member for more information.

For those who need a bit more support we are able to provide supported shopping or well being check phone calls.

Contact your local team member for information on any of these services.

Our **Home Maintenance** team have drawn up a short list of repairs that can be attended to through the program. If you are wanting to make use of this service you will need approval for **Home Maintenance from My Aged Care**—a simple process. Call your local team member if you’d like to know more.

- ⇒ House Signage, clear street no. on letters boxes/front gate/fence, for emergency services in called
- ⇒ Broken/unsecure locks on front or back entry/exit doors
- ⇒ Broken windows, as in frames/locks, NOT glass
- ⇒ Anything obstructing footpaths to/from residence, ie overgrown trees
- ⇒ Changing/replacing light globes
- ⇒ Minor floor issues, slips/trips/falls hazards
- ⇒ Flywire on screen doors and windows can be replaced if needed
- ⇒ Minor repairs from a handyman if it is a safely issue

Covid 19 Border Passes are available at www.service.nsw.gov.au

If you need help contacting Services NSW give your team member a call and we can point you in the right direction.

5 in 5 Challenge

Local teachers supporting local youth through completing five marathons in five days.

Deniliquin Mental Health Awareness Group is encouraging everyone to take on their own Five in Five challenge during October. Take on the challenge of 1 hour of exercise a day for five days or make up your own challenge and post it with #deni5in5.

Donate to help us support a local Deniliquin initiative to raise awareness and funds for supporting rural mental health at channel4change.com.au

Swan Hill Library Holiday Program.

The library has a range of online activities on offer during the school holidays and we would be very grateful if you could pass the attached information along to your school families by attaching it to your newsletter or your email mail-out.

There will also be craft kits to pick up (we have a Click & Collect service), Lego challenges and more! Keep an eye out for more information on our website <https://library.swanhill.vic.gov.au/> or our Facebook page www.facebook.com/swanhilllibrary/

Swan Hill Remembers

In further news, the library recently launched *Swan Hill Remembers* a project commemorating the 75th anniversary of the end of World War Two. This is a fantastic opportunity

for students to learn the stories of local servicemen and women from their communities who served their country during the war. There is also an exhibition of World War Two memorabilia and a talk with author Mike Rosel about his book, *A Rat of Tobruk: A Digger's Lost Images of the Siege*. Here is the link to the site which will be available until

31 October: <https://myswanhill.net.au/> If you wish to access the film after that date, it is also on our YouTube channel

here: https://www.youtube.com/channel/UC4qUatg5kCyPi_pAqQPqPzQ

Thank you for your continued support of library activities.

Regards, Kellie.

Remember your water bottle

Water is very important for our health, at the moment because of Covid-19 the drink bubblers are turned off. It is important that students can access water so they are asked to bring their water bottles. Some students are forgetting.

During the holidays buy an extra water bottle that students can leave at school.

Interested in being a volunteer driving?

Murray River Council's Community Services Team has an expanding community transport service and are now on the look-out for more volunteer drivers.

All volunteers are provided with training, ongoing support and mentoring. The amount of time someone may volunteer is completely up to the individual; every little bit counts!

If this sounds like something you'd like to get involved in, contact your local Community Services Co-Ordinator via 1300 087 004.

We value your contribution to our community
